About Destiny Media Technologies, Inc.

Destiny Media Technologies provides services that enable content owners to securely display and distribute their audio and video content digitally through the internet. The Company's two major services are Clipstream and Play MPE®. Clipstream (www.clipstream.com) is a video format that plays on any modern smart phone, tablet, internet, TV, or computer. With Clipstream, there is no player to configure or install, videos never go obsolete, and there are up to 90% cost savings by reducing the use of transcoding, infrastructure and bandwidth. Play MPE (www.plaympe.com) provides a standardized method to securely and cost effectively distributes pre-release music to radio stations and other music industry professionals, before it is ready for sale. More information can be found at www.dsnyc.com.
