Forward-Looking Statements

This news release includes certain forward-looking statements that are based upon current expectations, which involve risks and uncertainties associated with the Company's business and the environment in which the business operates. Any statements contained herein that are not statements of historical facts may be deemed to be forward-looking, including those identified by the expressions "anticipate", "believe", "plan", "estimate", "expect", "intend", and similar expressions to the extent they relate to the Company or its management. The forward-looking statements are not historical facts, but reflect the Company's current expectations regarding future results or events. These forward-looking statements are subject to a number of risks and uncertainties that could cause actual results or events to differ materially from current expectations, including the matters discussed under "Risks and Uncertainties" in the Company's most recent Management Discussion & Analysis, which can be found on the Company's profile at www.sedar.com. The Company assumes no obligation to update the forward-looking statements, or to update the reasons why actual results could differ from those reflected in the forward-looking statements.

About Strata Minerals Inc. Strata Minerals Inc. is an emerging, phosphate focused, agricultural nutrient company exploring for commercial-scale phosphate rock mineralization deposits. Armed with the objectives of becoming a supplier to the US and global fertilizer industry and generating wealth for its shareholders, Strata is currently advancing its phosphate exploration project in Utah, USA and pursuing other opportunities in the bulk commodities market. For further information, please refer to the Company's website at www.strataminerals.com. Additional disclosure of the Company's financial statements, technical reports, material change reports, news releases and other information can be obtained on SEDAR at www.sedar.com.
