About Alterra Power Corp.

Alterra Power Corp. is a leading global renewable energy company, operating five power plants totaling 553 MW of generation capacity, including British Columbia's largest run-of-river hydro facility and largest wind farm, and two geothermal facilities in Iceland. Alterra owns a 247 MW share of this capacity, generating over 1,250 GWh of clean power annually. Alterra has an extensive portfolio of exploration and development projects and a skilled international team of developers, explorers, builders and operators to support its growth plans.

The company trades on the Toronto Stock Exchange under the symbol AXY and OTC in the United States as MGMXF.
