NEWS RELEASE
For Immediate Release

UPDDATE ON MEDICAL MARIJUANA APPLICATION

Vancouver, B.C., February 2, 2016 – UMBRAL ENERGY CORP. (CSE: UMB) (OTCQB: UMBBF) (the “Company” or “Umbral”) is pleased to announce, PhyeinMed Inc.’s application 10-MM0613 under Health Canada’s Marijuana for Medical Purposes Regulations is now at the personnel security checks stage.

The application provides for the possession, sale, delivery, destruction and production of dried marijuana. An option to purchase, upon an approval to complete our facility awaiting a pre-license inspection from Health Canada, has been completed. The proposed growing site for growing medicinal marijuana is an 11,000 sq ft building within 13 acres of land. The master security plan, architectural drawings, survey certificate and threat assessment report were completed for both the buildings, as well as, a complete site security plan for the property perimeter was submitted with the application. The average values associated with a threat assessment score can be quite high and would increase any possible criminal threats to the facility, PhyeinMed’s threat assessment score was very low.

Jag Bal, President of Umbral commented, ““We are excited to be notified by our partner, Phyeinmed, that the application is progressing through the stages as set out by Health Canada, Phyeinmed has continued to work with Health Canada to complete and fulfill all of the necessary requirements prior to the security clearance phase of the application. We have renewed confidence that the application process will continue through the required stages.”

About Umbral Energy Corp.

The Company is currently listed as a junior resource issuer having mineral exploration projects. The Company is considering other activities to increase shareholder value, including non-resource projects. The Company is conducting diligence in regards to the commercial cultivation of marijuana under the newly established Health Canada regulations pertaining to the cultivation of marijuana for medical purposes. MMPR license with Health Canada, through its subsidiary PhyeinMed and should it's application be granted an initial approval from Health Canada, it will proceed with closing the acquisition of a 10,500 sq. ft. facility on 13 acres, which it has an agreement to purchase. This approval will allow them to execute their security plan as well as developing the growing, storage and distribution area.

UMBRAL ENERGY CORP.
