Price: \$0.10 per Offered Share

Crimson Falcon Capital Corp. (the "**Corporation**") hereby offers on a commercially reasonable efforts basis through its agent, PI Financial Corp. (the "**Agent**"), 3,000,000 common shares in the capital of the Corporation (the "**Offered Shares**") for aggregate gross proceeds of \$300,000 (the "**Offering**"). This Offering is offered only in the provinces of British Columbia and Alberta and in such other jurisdictions where the Offered Shares may be sold without requirement for registration or filing of a prospectus (the "**Offering Jurisdictions**"). The purpose of the Offering is to provide the Corporation with a minimum of funds with which to identify and evaluate businesses or assets with a view to completing a Qualifying Transaction, as hereinafter defined. Any proposed Qualifying Transaction must be approved by the Exchange and, in the case of a Non Arm's Length Qualifying Transaction, as hereinafter defined, must also receive Majority of the Minority Approval, as hereinafter defined, in accordance with Policy 2.4 of the Exchange (the "**CPC Policy**"). The Corporation is a Capital Pool Company ("**CPC**"). It has not commenced commercial operations and has no assets other than a minimum amount of cash. Except as specifically contemplated in the CPC Policy, until the Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a proposed Qualifying Transaction. See "*Business of the Corporation*" and "*Use of Proceeds*".

	Offered Shares	Price to Public	Agent's Commission⁽²⁾	Net Proceeds to the Corporation⁽³⁾
Per Offered Share	1	\$0.10	\$0.01	\$0.09
Total Offering ⁽¹⁾	3,000,000	\$300,000	\$30,000	\$270,000

(1) Pursuant to the Agency Agreement (as hereinafter defined), a total of 3,000,000 Offered Shares are offered hereunder, not including the common shares issuable on the exercise of the Agent's Option (as hereinafter defined) or the Stock Options (as hereinafter defined) to be granted to the directors and officers of the Corporation to purchase an aggregate of 600,000 common shares at a price of \$0.10 per common share, which Stock Options are also qualified for distribution under this prospectus. See "*Option to Purchase Securities - Stock Options*".

(2) A cash commission of 10% of the gross proceeds of the Offering will be paid to the Agent. The Agent has agreed to act for the Corporation on a commercially reasonable efforts basis in connection with the Offering, and will receive a commission of \$30,000. In addition, the Agent has been paid a corporate finance fee of \$10,000 (plus G.S.T.) (the "Corporate Finance Fee"), will be reimbursed by the Corporation for its reasonable expenses and legal fees plus disbursements and will be granted the Agent's Option referred to below. See "*Plan of Distribution - Agency Agreement and Agent's Compensation*".

- (3) Before deducting the costs of this issue estimated at \$80,000, which includes, audit fees and other expenses of the Corporation, including amounts spent to the date of this Offering, the Corporate Finance Fee, legal fees, disbursements and the listing fee payable to the Exchange, of which \$10,000 in respect of the Agent's expenses, including the Agent's legal fees and disbursements and \$10,000 (plus G.S.T.) in respect of the Corporate Finance Fee, have been paid for at the date hereof. See "*Use of Proceeds*".

This Offering is made on a "commercially reasonable efforts" basis by the Agent and is subject to an aggregate minimum subscription of 3,000,000 Offered Shares for gross proceeds to the Corporation of \$300,000. The offering price of the Offered Shares was determined by negotiation between the Corporation and the Agent. All funds received from subscriptions for Offered Shares will be held by the Agent pursuant to the terms of the Agency Agreement between the Corporation and the Agent. If the Offering is not completed within 90 days of the issuance of a Final Receipt (as hereinafter defined) or such other time as may be consented to by the Agent and persons or companies who subscribed within that period, all subscription monies will be returned to subscribers without interest or deduction, unless the subscribers have otherwise instructed the Agent.

Pursuant to the Agency Agreement, the Agent will receive options (the "**Agent's Option**") to purchase up to 300,000 common shares at a price of \$0.10 per common share, exercisable for a period of 24 months from the date of listing of the Corporation's common shares on the Exchange. The Agent's Option is qualified for distribution under this prospectus. See "*Plan of Distribution - Agency Agreement and Agent's Compensation*".

An investment advisor of the Agent, Gordon Lam, is the brother of Kenneth Lam, a director of the Corporation.

In addition, the Corporation has granted stock options to the directors and officers to purchase, in aggregate, 600,000 common shares at a price of \$0.10 per common share, exercisable for a period of ten (10) years from the date of grant (the "**Stock Options**"), which options are qualified under this prospectus. See "*Plan of Distribution*", "*Description of Share Capital*" and "*Options to Purchase Securities*".

Other than the initial distribution of the Offered Shares pursuant to this prospectus, the grant of the Agent's Option and the grant of the Stock Options to the directors and officers of the Corporation, trading in all securities of the Corporation is prohibited during the period between the date a receipt for the preliminary prospectus is issued by the securities commission that is designated the principal regulator and the time the common shares are listed for trading on the Exchange except, subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable securities regulatory authority grants a discretionary order.

The Corporation has applied to list its common shares on the Exchange. Listing will be subject to the Corporation fulfilling all the listing requirements of the Exchange.

Investment in the Offered Shares offered by this prospectus is highly speculative due to the nature of the Corporation's business and its present stage of development. This Offering is suitable only to those investors who are prepared to risk the loss of their entire investment. See "*Risk Factors*".

There is no market through which the Offered Shares offered by this prospectus may be sold and purchasers may not be able to dispose of them on a timely basis. Upon completion of this Offering, purchasers will suffer an immediate dilution (based on the gross proceeds from this and prior issues without deduction of selling and related expenses) per common share of approximately \$0.025 or 25%. The Corporation was only recently incorporated and does not currently own any assets other than cash. The business objective of the Corporation is to identify and evaluate assets or businesses with a view to completing a Qualifying Transaction which receives Exchange approval and in the case of a Non Arm's Length Qualifying Transaction, Majority of the Minority Approval of the Corporation's shareholders. There can be no assurance that the Corporation will successfully complete a Qualifying Transaction. The Corporation has not commenced the process of identifying potential acquisitions. The Corporation may find that even if the terms of a potential acquisition are economic, the Corporation may not be able to finance such acquisition and additional funds may be

required. Since the Corporation has not placed any geographical restrictions on the location of a Qualifying Transaction, such Qualifying Transaction may involve the acquisition of a business located outside of Canada and, as such, investors should be aware that it may be difficult or may not be possible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and that it may not be possible to enforce against such Person or the Corporation, judgements obtained in Canadian courts predicated upon the civil liability provisions of applicable securities laws in Canada. Where the investment or acquisition is financed by the issuance of common shares from the Corporation's treasury, control of the Corporation may change and shareholders may suffer further dilution of their investment. The Corporation will be in competition with other corporations with greater resources. The Corporation has neither a history of earnings nor has it paid any dividends and it is unlikely to generate earnings or pay dividends in the immediate or foreseeable future. The Exchange may suspend from trading or delist the common shares where the Corporation has failed to complete a Qualifying Transaction within 24 months of the date of listing. The Executive Director of a securities commission may issue an interim cease trade order against the Corporation's securities if the common shares of the Corporation are suspended from trading on the Exchange and will issue an interim cease trade order if the Corporation is delisted from the Exchange. In addition, delisting of the common shares will result in the cancellation of all or a portion of the common shares of the Corporation owned by Insiders, as hereinafter defined, issued prior to this Offering. Investors must rely solely on the expertise of the Corporation's Promoters, as hereinafter defined, directors and officers for any possible return on their investment. The Corporation's Promoters, directors, officers and Control Persons, as hereinafter defined, and their Associates, as hereafter defined, and Affiliates, as hereafter defined, as a group, beneficially own or control, directly or indirectly, 3,000,000 common shares, which represent 100% of the issued and outstanding common shares before giving effect to this Offering and will own approximately 50% of the issued and outstanding common shares after giving effect to this Offering. The directors and officers of the Corporation will only devote part of their time to the affairs of the Corporation and there are potential conflicts of interest to which some of the directors and officers of the Corporation will be subject in connection with the operations of the Corporation. See "*Capitalization*", "*Business of the Corporation*", "*Directors, Officers and Promoter*", "*Use of Proceeds*", "*Directors, Officers and Promoters - Conflicts of Interest*" and "*Risk Factors*".

This Offering is subject to the CPC Policy and the securities laws of the Offering Jurisdictions.

PI Financial Corp., as agent, conditionally offers these Offered Shares, on a "commercially reasonable efforts" basis, if, as and when subscriptions are accepted by the Corporation, subject to prior sale, in accordance with the terms and conditions of the Agency Agreement referred to under "*Plan of Distribution*" and subject to the approval of certain legal matters by Stikeman Elliott LLP, Barristers & Solicitors, Vancouver, British Columbia, on behalf of the Corporation and by Miller Thomson LLP, Vancouver, British Columbia, on behalf of the Agent. Pursuant to the CPC Policy, no purchaser of Offered Shares is permitted to directly or indirectly purchase more than 2% of the total Offered Shares offered under this prospectus, or 60,000 Offered Shares (\$6,000). In addition, the maximum number of Offered Shares that may directly or indirectly be purchased by that purchaser, together with any Associates or Affiliates of that purchaser, is 4% of the total number of Offered Shares offered under this prospectus, or 120,000 Offered Shares (\$12,000). Subscriptions will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that share certificates evidencing the Offered Shares in definitive form will be available for delivery at the Closing (as hereinafter defined).

PROSPECTUS SUMMARY

The following is a summary of the principal features of this distribution and should be read together with the more detailed information and financial data and statements contained elsewhere in this prospectus.

Business of the Corporation: The principal business of the Corporation will be the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation has not commenced commercial operations and has no assets other than a minimum amount of cash. An acquisition financed by the issuance of treasury shares could result in a change of control of the Corporation and may cause the shareholders' interest in the Corporation to be reduced. See "*Business of the Corporation*".

Offering: A total of 3,000,000 Offered Shares are being offered and qualified under this prospectus at a price of \$0.10 per common share for gross proceeds of \$300,000. In addition, the Corporation will issue to the Agent the Agent's Option to purchase that number of common shares equal to 10% of the aggregate number of Offered Shares sold pursuant to this Offering, being 300,000 common shares, at a price of \$.010 per common share and which may be exercised for a period of 24 months from the Listing Date. The Agent's Option is qualified for distribution under this prospectus. See "*Plan of Distribution*".

The Corporation has also granted Stock Options to purchase an aggregate of 600,000 common shares to the current directors and officers of the Corporation, all of which Stock Options are qualified for distribution under this prospectus. Such options will be exercisable at \$0.10 per common share for a period of ten years from the Closing Date. See "*Options to Purchase Securities - Stock Options*" and "*Plan of Distribution*".

Use of Proceeds: The total net proceeds to the Corporation, including total cash proceeds raised prior to this Offering and total proceeds of this Offering, net of all Offering expenses, will be approximately \$340,000.95. The Corporation estimates incurring general and administrative costs until the Completion of the Qualifying Transaction of up to \$45,000, which will reduce the total net funds available for pursuing a Qualifying Transaction to approximately \$295,000.95. The net funds available will provide the Corporation with a minimum of funds with which to identify and evaluate assets or businesses, for acquisition with a view to completing a Qualifying Transaction. The Corporation may not have sufficient funds to secure such businesses or assets once identified and evaluated and additional funds may be required. Until Completion of the Qualifying Transaction and except as otherwise provided in the CPC Policy, a maximum of the lesser of \$210,000 or up to 30% of the gross proceeds realized may be used for purposes other than evaluating businesses or assets. See "*Use of Proceeds*".

Directors and Management: The directors and officers of the Corporation and the positions held by each of them are as follows:

Gee Ming Chiang	CEO, Secretary and Director
Trevor Sinclair	CFO and Director
Kenneth Lam	Director
Guang Wei Shi	Director

See "*Directors, Officers and Promoter*" and "*Promoters*".

Escrow: All of the 3,000,000 Seed Shares issued by the Corporation prior to the closing of this Offering will be deposited in escrow pursuant to the terms of the Seed Share Escrow Agreement, and will be released in stages over a period of up to three years after the date of the Final Exchange Bulletin. See "*Escrowed Securities*".

Dividend Policy: It is not contemplated that any dividends will be paid on the common shares in the immediate or foreseeable future. See "*Description of Share Capital - Dividend Record and Policy*".

Risk Factors: Investment in the Offered Shares must be regarded as highly speculative due to the proposed nature of the Corporation's business and its present stage of development. The Corporation was only recently incorporated and has no active business or assets other than cash. The Corporation does not have a history of earnings, nor has it paid any dividends and will not generate earnings or pay dividends until at least after the Completion of the Qualifying Transaction. The Offering is only suitable to investors who are prepared to rely entirely on the directors and management of the Corporation and can afford to risk the loss of their entire investment. The directors and officers of the Corporation will devote only part of their time and attention to the affairs of the Corporation and there are potential conflicts of interest to which some of the directors and officers of the Corporation will be subject in connection with the operations of the Corporation. Assuming completion of the Offering, an investor will suffer an immediate dilution (based on the gross proceeds from this and prior issuances without deduction of selling and related expenses) per Offered Share of \$0.025 or 25%. There can be no assurance that an active and liquid market for the Corporation's common shares will develop and an investor may find it difficult to resell the Offered Shares. Until Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation has only limited funds with which to identify and evaluate possible Qualifying Transactions and there can be no assurance that the Corporation will be able to identify or complete a suitable Qualifying Transaction.

The Qualifying Transaction may involve the acquisition of a business or assets located outside of Canada. It may therefore be difficult or impossible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and it may not

be possible to enforce against such persons or companies judgments obtained in Canadian courts predicated upon the civil liability provisions applicable to securities laws in Canada. See "*Business of the Corporation*", "*Directors, Officers and Promoter*", "*Capitalization*", "*Dilution*", "*Risk Factors*" and "*Directors, Officers and Promoter - Conflicts of Interest*".

THE CORPORATION

The Corporation was incorporated on September 1, 2009 pursuant to the provisions of the *Business Corporations Act* (British Columbia) under the name "Crimson Falcon Capital Corp."

The registered and records office of the Corporation is located at Suite 1700, Park Place, 666 Burrard Street, Vancouver, British Columbia V6C 2X8. The head office of the Corporation is located at Suite 300, 6300 River Road, Richmond, British Columbia V6X 1X5.

BUSINESS OF THE CORPORATION

Preliminary Expenses

To date, the Corporation has raised \$150,000.95 through the sale of 3,000,000 common shares. (See "*Prior Sales*" and "*Capitalization*"). As at the date hereof, the Corporation has paid \$10,000 (plus G.S.T.) to the Agent payment of the Corporate Finance Fee and a retainer of \$10,000 to be applied towards the expenses of the Agent. In addition, the Corporation will pay \$15,000 (plus G.S.T.) to the Exchange, as part of the Corporation's listing fee. Certain of the Offering proceeds may be utilized to satisfy the obligations of the Corporation related to the Offering, including the expenses of its auditors, legal counsel and the Agent's counsel. See "*Use of Proceeds*". As of the date of this prospectus, the Corporation has incurred expenses with respect to this Offering totalling \$20,500. The Corporation anticipates incurring additional aggregate expenses of \$89,500 in connection with the Offering and following the Offering relating to the costs of completing its listing and administration of the Corporation, including the Agent's commission of \$30,000, office rental costs, audit and accounting fees and retainers and Exchange filing fees. See "*Use of Proceeds*".

Potential Qualifying Transaction

The Corporation has not, as of the date hereof, entered into negotiations respecting a potential Qualifying Transaction.

Proposed Operations until Completion of a Qualifying Transaction

The Corporation proposes to identify and evaluate businesses and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and, in the case of a Non Arm's Length Qualifying Transaction, is also subject to Majority of the Minority Approval in accordance with the CPC Policy. The Corporation has not conducted commercial operations.

Until Completion of a Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a potential Qualifying Transaction. With the consent of the Exchange, this may include the raising of additional funds in order to finance an acquisition. Except as described under "*Use of Proceeds - Private Placement for Cash*" and "*Use of Proceeds - Restrictions on Use of Proceeds*", the funds raised pursuant to this Offering and any subsequent financing will be utilized only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

Although the Corporation has commenced the process of identifying potential acquisitions with a view to completing the Qualifying Transaction, the Corporation has not yet entered into an Agreement in Principle.

Method of Financing

The Corporation may use cash, bank financing, the issuance of treasury shares, public debt or equity financing or a combination of these for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares could result in a change in the control of the Corporation and may cause the shareholders' interest in the Corporation to be further diluted.**

Criteria for a Qualifying Transaction

The board of directors of the Corporation proposes to identify acquisitions of interests in assets or businesses through discussions with various business associates and contacts of the Corporation's officers and directors. Once a prospective acquisition target has been identified and evaluated, the Corporation will proceed to negotiate the terms upon which it may acquire an interest in the asset or business. The board of directors must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the directors will act honestly and in good faith having regard to the best interests of the Corporation and will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Filings and Shareholder Approval of a Non-Arm's Length Qualifying Transaction

Upon the Corporation reaching an Agreement in Principle, the Corporation must issue a comprehensive news release, at which time the Exchange generally will halt trading in the Corporation's common shares until the filing requirements of the Exchange have been satisfied as set forth under "*Business of the Corporation - Trading Halts, Suspensions and Delisting*". Within 75 days after issuance of such news release, the Corporation is required to submit for review to the Exchange either an information circular that complies with applicable corporate and securities laws or a filing statement that complies with Exchange requirements. An information circular must be submitted where there is a Non Arm's Length Qualifying Transaction. A filing statement must be submitted where the Qualifying Transaction is not a Non Arm's Length Qualifying Transaction. The information circular or filing statement, as applicable, must contain prospectus level disclosure of the Target Company and the Corporation, assuming Completion of the Qualifying Transaction, and be prepared in accordance with the CPC Policy and Form 3B1 or Form 3B2, as the case may be, of the Exchange. Upon acceptance by the Exchange, the Corporation must then either:

- (a) file the filing statement on SEDAR at least seven business days prior to closing of the Qualifying Transaction, and issue a news release which discloses the scheduled closing date for the Qualifying Transaction as well as the fact that the filing statement is available on SEDAR, or
- (b) mail the information circular and related proxy material to its shareholders and file same on SEDAR in order to obtain the Majority of the Minority Approval of the Qualifying Transaction or other requisite approval, at a meeting of shareholders.

Unless waived by the Exchange, the Corporation will also be required to retain a Sponsor, who must be a Member of the Exchange, and who will be required to submit to the Exchange a sponsor report prepared in accordance with the policies of the Exchange. The Corporation will no longer be considered to be a CPC upon the Exchange having issued the Final Exchange Bulletin. The Exchange will generally not issue the Final Exchange Bulletin until the Exchange has received:

- (a) in the case of a Non Arm's Length Qualifying Transaction, confirmation of Majority of Minority Approval of the Qualifying Transaction;
- (b) confirmation of closing of the Qualifying Transaction; and
- (c) all post-meeting or final documentation, as applicable, otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy and the restrictions in the CPC Policy precluding the Corporation from completing a reverse takeover for a period of one year from the Completion of the Qualifying Transaction.

Minimum Listing Requirements

The Resulting Issuer must satisfy the Exchange's Minimum Listing Requirements for the particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable policies of the Exchange.

Trading Halts, Suspensions and Delisting

The Exchange will generally halt trading in the common shares from the date of the public announcement of an Agreement in Principle until all filing requirements of the Exchange have been satisfied, which includes the submission of a sponsorship acknowledgment form, where the Qualifying Transaction is subject to sponsorship. In addition, personal information forms, or, if applicable, declarations, for all individuals who may be directors, senior officers, Promoters, or Insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable, must also be completed, before the trading halt will be lifted by the Exchange.

Even if all filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the common shares for public policy reasons including:

- (a) the unacceptable nature of the business of the Resulting Issuer, or
- (b) the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, completion of the Qualifying Transaction, are so significant or numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

A trading halt may also be imposed by the Exchange where the Corporation fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Agreement in Principle or if the Corporation fails to file post-meeting or final documents, as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

The Exchange may suspend from trading or delist the common shares of the Corporation where the Exchange has not issued a Final Exchange Bulletin to the Corporation within 24 months of the date of listing. In the event that the common shares of the Corporation are delisted by the Exchange, within 90 days from the date of such delisting, the Corporation shall wind up and shall make a pro rata distribution of its remaining assets to its shareholders, unless shareholders, pursuant to a majority vote exclusive of the votes of Non Arm's Length Parties to the Corporation, determine to deal with the remaining assets in some other manner. See "*Business of the Corporation - Filings and Shareholder Approval of a Non-Arm's Length Qualifying Transaction*".

If the Corporation does not complete a Qualifying Transaction within 24 months of the date of listing, it may apply for listing on NEX rather than be delisted. In order to be eligible to list on the NEX, the Corporation must:

(a) either: (i) cancel all escrowed common shares purchased by Non Arm's Length Parties to the Corporation at a discount to the Offering price, in accordance with section 11.2(a) of the CPC Policy, as if the Corporation had delisted from the Exchange or (ii) subject to majority shareholder approval, cancel the escrowed common shares purchased by Non Arm's Length Parties to the Corporation so that the average cost of the remaining Seed Shares is at least equal to the Offering price; and

(b) obtain majority shareholder approval for the transfer to NEX, exclusive of the votes of Non Arms Length Parties of the Corporation.

If the Corporation lists the common shares on NEX it must continue to comply with all requirements and restrictions of the CPC Policy.

Refusal of Qualifying Transaction

The Exchange, in its sole discretion, may not accept a Qualifying Transaction where:

- (a) the Resulting Issuer fails to satisfy the applicable Minimum Listing Requirements of the Exchange;
- (b) the aggregate number of securities of the Resulting Issuer owned, directly or indirectly, by:
 - (i) a Member firm of the Exchange;
 - (ii) registrants, unregistered corporate finance professionals, employee shareholders and partners of such Member firm; and
 - (iii) Associates of any such person,
 collectively, would exceed 20% of the issued and outstanding securities of the Resulting Issuer;
- (c) the Resulting Issuer will be a financial institution, finance company, finance issuer or mutual fund, as defined in the securities legislation;
- (d) the majority of the directors and senior officers of the Resulting Issuer are not residents of Canada or the United States or are individuals who have not demonstrated positive association as directors or officers with public companies that are subject to a regulatory regime comparable to the companies listed on a Canadian exchange; or
- (e) notwithstanding the definition of a Qualifying Transaction, there is any other reason for denying acceptance of the Qualifying Transaction.

USE OF PROCEEDS

Proceeds and Principal Purposes

The gross proceeds to be received by the Corporation from the sale of the Offered Shares offered by this prospectus will be \$300,000. The gross proceeds received by the Corporation from the sale of common shares prior to the date of this prospectus were \$150,000.95. The Corporation estimates that \$340,000.95 will be available to the Corporation on completion of the Offering from the sales of Offered Shares distributed by this prospectus and prior sales of common shares.

The following indicates the principal uses to which the Corporation proposes to use the total funds available to the Corporation upon the completion of this Offering:

(4) In the event the Agent exercises the Agent's Option and the directors and officers exercise their Stock Options, there will be available to the Corporation a maximum of an additional \$90,000 which will be added to the working capital of the Corporation. There is no assurance that any of these options will be exercised.

(5) In the event that the Corporation enters into an Agreement in Principle prior to spending the entire \$295,000.95 on identifying and evaluating assets or businesses, the remaining funds may be used to finance or partially finance the acquisition of Significant Assets or for working capital after Completion of the Qualifying Transaction.

Until required for the Corporation's purposes, the proceeds will be invested only in securities of, or those guaranteed by, the Government of Canada or any Province or Territory of Canada or the Government of the United States of America, in certificates of deposit or interest bearing accounts of Canadian chartered banks, trust companies or credit unions.

The proceeds from this Offering and any prior sale of common shares, after deducting the expenses associated with this Offering, will only be sufficient to identify and evaluate a finite number of assets and businesses, and additional funds may be required to finance any acquisition to which the Corporation may commit.

Permitted Use of Funds

Until the Completion of the Qualifying Transaction and except as otherwise specifically provided by the CPC Policy and described in "Use of Proceeds - Restrictions on Use of Proceeds", "Use of Proceeds - Private Placements for Cash", and "Use of Proceeds - Prohibited Payments to Non-Arm's Length Parties", the

gross proceeds realized from the sale of all securities issued by the Corporation will be used by the Corporation only to identify and evaluate businesses or assets and obtain shareholder approval for a proposed Qualifying Transaction.

The proceeds may be used for expenses incurred for the preparation of:

- (i) valuations or appraisals;
- (ii) business plans;
- (iii) feasibility studies and technical assessments;
- (iv) sponsorship reports;
- (v) engineering or geological reports;
- (vi) financial statements, including audited financial statements;
- (vii) fees for legal and accounting services; and
- (viii) Agent's fees, costs and commissions,

relating to the identification and evaluation of assets or businesses and, in the case of a Non Arm's Length Qualifying Transaction, the obtaining of shareholder approval for the Corporation's proposed Qualifying Transaction.

In addition, with the prior acceptance of the Exchange, up to an aggregate of \$225,000 may be advanced as a refundable deposit or secured loan by the Corporation to a Vendor or Target Company, as the case may be, for a proposed arm's length Qualifying Transaction that has been publicly announced at least 15 days prior to the date of such advance, due diligence with respect to the Qualifying Transaction is well underway and either a Sponsor has been engaged or sponsorship has been waived by the Exchange. A maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange.

Restrictions on Use of Proceeds

Until Completion of a Qualifying Transaction, not more than the lesser of 30% of the gross proceeds from the sale of all securities issued by the Corporation or \$210,000, will be used for purposes other than those described above. For greater certainty, expenditures which are not included in "*Use of Proceeds - Permitted Uses of Funds*", listed above, include:

- (a) listing and filing fees (including SEDAR fees);
- (b) other costs for the issuance of securities, (including legal, accounting and audit expenses) relating to the preparation and filing of this prospectus; and
- (c) administrative and general expenses of the Corporation, including:
 - (i) office supplies, office rent and related utilities;
 - (ii) printing costs (including the printing of this prospectus and share certificates);

- (iii) equipment leases; and
- (iv) fees for legal advice and audit expenses, other than those described above under "*Use of Proceeds - Permitted Use of Funds*".

Until Completion of a Qualifying Transaction, no proceeds will be used to acquire or lease a vehicle.

Private Placements for Cash

After the closing of the Offering and until the Completion of the Qualifying Transaction, the Corporation will not issue any securities unless written acceptance of the Exchange is obtained before issuance. Prior to the completion of a Qualifying Transaction, the Exchange generally will not accept a private placement by the Corporation where the gross proceeds raised from the issuance of securities both prior to and pursuant to the Offering, together with any proceeds anticipated to be raised upon closing of the private placement, will exceed \$2,000,000. The only securities issuable pursuant to such a private placement will be common shares. Subject to certain limited exceptions, any common shares issued pursuant to the private placement to Non Arm's Length Parties to the Corporation and to Principals of the Resulting Issuer will be subject to escrow.

Prohibited Payments to Non Arm's Length Parties

Except as described under "*Options to Purchase Securities*" and "*Use of Proceeds - Restrictions on Use of Proceeds*", the Corporation has not made, and until the Completion of the Qualifying Transaction will not make, any payment of any kind, directly or indirectly, to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to a person engaged in investor relations activities, by any means, including:

- (a) remuneration, which includes but is not limited to salaries, consulting fees, management contract fees or directors' fees, finders' fees, loans, advances and bonuses; and
- (b) deposits and similar payments.

Further, no such payment will be made on or after the Completion of a Qualifying Transaction if such payment relates to services rendered or obligations incurred prior to or in connection with the Qualifying Transaction.

Notwithstanding the above, the Corporation may reimburse a Non Arm's Length Party to the Corporation for reasonable expenses for office supplies, office rent and related utilities, equipment leases (excluding vehicle leases), and legal services (provided that neither the lawyer providing the legal services nor any member of the law firm providing the services is a Promoter of the Corporation or in the case of a law firm, no member of the firm, owns greater than 10% of the outstanding common shares of the Corporation), and the Corporation may also reimburse a Non Arm's Length Party to the Corporation for reasonable out-of-pocket expenses incurred in pursuing the business of the Corporation described in "*Use of Proceeds - Permitted Use of Funds*".

The foregoing restrictions on the use of proceeds and prohibitions on payments to Non Arm's Length Parties and persons engaged in investor relations activities continue to apply until the Completion of the Qualifying Transaction.

Notwithstanding the foregoing, common shares acquired by Principals of the Corporation or Principals of the Resulting Issuer pursuant to a private placement will not be subject to escrow provided that various conditions, as set forth in the CPC Policy, are met. See "*Escrowed Securities on Private Placement*".

The following table sets out, as at the date hereof, the number of common shares which are held in escrow.

Name and Municipality of Residence of Shareholder	Number of Common Shares Escrowed	Percentage of Common Shares of the Corporation Prior to Giving Effect to the Offering	Percentage of Common Shares of the Corporation After Giving Effect to the Offering ⁽¹⁾
Gee Ming Chiang, Richmond, British Columbia	800,000	26.67%	13.33%
Kenneth Lam, Richmond, British Columbia	1,000,000	33.33%	16.67%
Trevor Sinclair, Port Moody, British Columbia	100,000	3.33%	1.67%

Guang Wei Shi, Richmond, British Columbia	1,100,000	36.67%	18.33%
Total	<u>3,000,000</u>	<u>100%</u>	<u>50%</u>

- (1) Assuming no Offered Shares are purchased by these Persons under the Offering and assuming no exercise of the Agent's Option or the Stock Options.

Where the common shares of the Corporation which are required to be held in escrow are held by a non-individual (a "**holding company**"), each holding company pursuant to the Seed Share Escrow Agreement, has agreed, or will agree, not to carry out any transactions during the currency of the Seed Share Escrow Agreement which would result in a change of control of the holding company, without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize any issuance of securities or transfer of securities that could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any Control Person of the holding company not to transfer shares of that company.

Under the Seed Share Escrow Agreement, 10% of the escrowed Seed Shares will be released from escrow on the issuance of the Final Exchange Bulletin (the "**Initial Release**") and an additional 15% will be released on the dates 6 months, 12 months, 18 months, 24 months, 30 months and 36 months following the Initial Release.

If, upon the Completion of a Qualifying Transaction, the Corporation or the Resulting Issuer meets the Exchange's Tier 1 Minimum Listing Requirements either at the time the Final Exchange Bulletin is issued or subsequently, the release of the escrowed Seed Shares will be accelerated. An accelerated escrow release will not commence until the Resulting Issuer has made application to the Exchange for listing as a Tier 1 Issuer and the Exchange has issued a bulletin that announces the acceptance for listing of the Resulting Issuer on Tier 1 of the Exchange.

The Exchange's prior consent must be obtained before a transfer within escrow of escrowed Seed Shares. Generally, the Exchange will only permit a transfer within escrow to be made to incoming Principals in connection with a proposed Qualifying Transaction.

If a Final Exchange Bulletin is not issued, the escrowed Seed Shares will not be released. Under the Seed Share Escrow Agreement, each Non Arm's Length Party to the Corporation who holds escrowed Seed Shares acquired at a price below the offering price under this prospectus has irrevocably authorized and directed the Escrow Agent to immediately:

- (a) cancel all of those escrowed Seed Shares upon the issuance by the Exchange of a bulletin delisting the common shares; or
- (b) if the Corporation lists on NEX, either:
 - (i) cancel all Seed Shares purchased by Non-Arm's Length Parties to the CPC at a discount from the IPO price, in accordance with section 11.2(a) of the CPC Policy, or
 - (ii) subject to majority shareholder approval, cancel the number of Seed Shares purchased by Non-Arm's Length Parties to the CPC so that the average cost of the remaining Seed Shares is at least equal to the IPO price.

Escrowed Securities on Qualifying Transaction

Generally, if at least 75% of the securities issued pursuant to the Qualifying Transaction are "Value Securities", then all the securities issued to Principals of the Resulting Issuer pursuant to the Qualifying Transaction will be deposited into escrow pursuant to a value security escrow agreement (the "**Value Security Escrow Agreement**"). "Value Securities" are securities issued pursuant to a transaction for which the deemed value of the securities at least equals the value ascribed to the asset, using a valuation method acceptable to the Exchange, or securities that are otherwise determined by the Exchange to be Value Securities and required to be placed in escrow under a Value Security Escrow Agreement. However, if fewer than 75% of the securities issued pursuant to the Qualifying Transaction are Value Securities, all securities issued pursuant to the Qualifying Transaction will be deposited into a surplus security escrow agreement (a "**Surplus Security Escrow Agreement**").

The principal distinction between a Value Security Escrow Agreement and a Surplus Security Escrow Agreement is the time period for release of securities from escrow. In the case of a Resulting Issuer that will be a Tier 2 Issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for a three year escrow release mechanism with 10% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 15% of the escrowed securities being releasable every 6 months thereafter, on each of the 6, 12, 18, 24, 30 and 36 month anniversaries of the Final Exchange Bulletin. In the case of a Resulting Issuer that will be a Tier 2 Issuer, when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a 3-year escrow release mechanism with 5% of the escrowed securities releasable at the time of the Final Exchange Bulletin, 5% on the date which is 6 months after the Final Exchange Bulletin, 10% on each of the dates which are 12 and 18 months after the Final Exchange Bulletin, 15% on each of the dates which are 24 and 30 months after the Final Exchange Bulletin and 40% on the date which is 36 months after the Final Exchange Bulletin.

In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for an 18 month escrow release mechanism with 25% of the escrowed securities being releasable at the time of the Final Exchange Bulletin and 25% of the escrowed securities being releasable every 6 months thereafter. In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a three-year escrow release mechanism with 10% of the escrowed securities being releasable upon the issuance of the Final Exchange Bulletin, 20% on the date which is 6 months after the Final Exchange Bulletin, 30% on the date which is 12 months after the Final Exchange Bulletin and 40% on the date which is 18 months after the Final Exchange Bulletin.

Escrowed Securities on Private Placement

Securities issued pursuant to a private placement to Principals of the Corporation and the proposed Resulting Issuer will generally be exempt from escrow requirements where:

- (a) the private placement is announced at least five trading days after the news release announcing the Agreement in Principle and the pricing for the financing is at not less than the discounted market price, as determined in accordance with the policies of the Exchange; or
- (b) the private placement is announced concurrently with the Agreement in Principle and:
 - (i) at least 75% of the proceeds from the private placement are not from Principals of the Corporation or the proposed Resulting Issuer,

- (ii) if subscribers, other than Principals of the Corporation or the proposed Resulting Issuer, will obtain securities subject to hold periods, then in addition to any resale restrictions under applicable securities legislation, any securities issued to such Principals will be subject to a four month hold period; and
- (iii) none of the proceeds of the private placement are allocated to pay compensation or to settle indebtedness owing to Principals of the Resulting Issuer.

PRINCIPAL SHAREHOLDERS

The following table lists those persons who own 10% or more of the issued and outstanding common shares as at the date hereof:

Name and Municipality of Residence of Shareholder	Type of Ownership	Number of Common Shares	Percentage of Common Shares Owned Prior to Giving Effect to the Offering	Percentage of Common Shares Owned After Giving Effect to the Offering ^{(1) (2)}
Gee Ming Chiang, Richmond, British Columbia	Direct	800,000	26.67%	13.33%
Kenneth Lam, ⁽³⁾ Richmond, British Columbia	Direct	1,000,000	33.33%	16.67%
Guang Wei Shi, Richmond, British Columbia	Direct	1,100,000	36.67%	18.33%
Total		<u>2,900,000</u>	<u>96.67%</u>	<u>48.33%</u>

- (1) Assuming that no Offered Shares are purchased by these Persons under the Offering and assuming no exercise of the Stock Options or the Agent's Option.
- (2) On a fully diluted basis, assuming that no Offered Shares are purchased by these Persons under the Offering, but assuming the exercise of the Agent's Option and the exercise of the Stock Options to be granted to the directors and officers of the Corporation, Gee Ming Chiang would own 15.94%, Kenneth Lam would own 15.94% and Guang Wei Shi would own 17.39% of the issued and outstanding common shares after giving effect to the Offering.
- (3) Kenneth Lam is the brother of Gordon Lam, who is an investment advisor with the Agent.

Following the completion of the Offering, the directors and officers of the Corporation will collectively hold approximately 50% of the common shares of the Corporation (assuming no exercise of the Agent's Option or any Stock Options).

Positions with Reporting Issuers

The following table sets out the directors, officers and promoters of the Corporation that are, or have been within the last five years, directors, officers or promoters of other issuers that are or were reporting issuers in any Canadian jurisdiction:

Name	Name of Reporting Issuer	Exchange	Position	From	To
Gee Ming Chiang	Cavan Ventures Inc.	TSX-V	President & CEO	May 2008	Present
Trevor Sinclair	WEX Pharmaceuticals Inc.	TSX	CFO	December 2005	April 2006

Committees

The Corporation has three committees. The Audit Committee, the Compensation Committee and the Corporate Governance Committee, each of which consists of the same three directors: Gee Ming Chiang, Kenneth Lam and Guang Wei Shi.

Corporate Cease Trade Orders or Bankruptcies

No director, officer, Insider or Promoter or a shareholder of the Corporation holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation is, or within ten years before the date of the prospectus, has been, a director, officer, Insider or Promoter of any other Issuer that, while that person was acting in that capacity, (a) was the subject of a cease trade or similar order, or an order that denied such Issuer access to any statutory exemptions for a period of more than 30 consecutive days; or (b) became bankrupt, made a proposal under any legislation

relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Penalties or Sanctions

No director, officer, Insider or Promoter of the Corporation, or a shareholder of the Corporation holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority or has been subject to any other penalties or sanctions imposed by a court or regulatory body or self-regulatory authority that would likely be considered important to a reasonable investor in making an investment decision.

Personal Bankruptcies

No director, officer, Insider or Promoter of the Corporation, or a shareholder of the Corporation holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, or a personal holding company of any such persons has, within the 10 years before the date of this prospectus, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or has been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold such person's assets.

Conflicts of Interest

There are potential conflicts of interest to which the directors, officers, Insiders and Promoters of the Corporation will be subject in connection with the operations of the Corporation. All of the directors, officers, Insiders and Promoters are engaged in and will continue to be engaged in corporations or businesses which may be in competition with the search by the Corporation for businesses or assets in order to close a Qualifying Transaction. Accordingly, situations may arise where some or all of the directors, officers, Insiders and Promoters will be in direct competition with the Corporation. Conflicts, if any, will be subject to the procedures and remedies as provided under the *Business Corporations Act* (British Columbia).

Executive Compensation

Except as set out below or otherwise disclosed in this prospectus, prior to Completion of a Qualifying Transaction, no payment of any kind has been made, or will be made, directly or indirectly, by the Corporation to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to any person engaged in investor relations activities in respect of the securities of the Corporation or any Resulting Issuer by any means, including:

- (a) remuneration, which includes but is not limited to:
 - (i) salaries;
 - (ii) consulting fees;
 - (iii) management contract fees or directors' fees;
 - (iv) finder's fees;
 - (v) loans, advances, bonuses; and

- (b) deposits and similar payments.

However, the Corporation may reimburse Non Arm's Length Parties for the Corporation's reasonable allocation of rent, secretarial services and other general administrative expenses, at fair market value ("**Permitted Reimbursement**"). There have been no such reimbursements since incorporation. No reimbursement may be made for any payment made to lease or buy a vehicle.

The directors and officers of the Corporation will also be granted Stock Options as more particularly described in "*Options to Purchase Securities*".

Following Completion of the Qualifying Transaction, it is anticipated that the Corporation shall pay compensation to its directors and officers. However, no payment other than the Permitted Reimbursements will be made by the Corporation or by any party on behalf of the Corporation, after Completion of the Qualifying Transaction, if the payment relates to services rendered or obligations incurred or in connection with the Qualifying Transaction.

PROMOTERS

Gee Ming Chiang is considered to be the Promoter of the Corporation in that he took the initiative in founding and organizing the Corporation. See "*Prior Sales*", "*Directors, Officers and Promoters*", "*Principal Shareholders*" and "*Options to Purchase Securities - Stock Options*".

DILUTION

Purchasers of Offered Shares under this prospectus will suffer an immediate dilution of approximately \$0.025 or 25% per Offered Share on the basis that there will be 6,000,000 common shares of the Corporation issued and outstanding following completion of this Offering. Dilution has been computed on the basis of total gross proceeds to be raised by this prospectus and from sales of securities prior to the filing of this prospectus, without deduction of commissions or related expenses incurred or to be incurred in connection with the Offering by the Corporation, and is set forth below:

Item		Total Offering
Gross proceeds of prior share issues		\$150,000.95
Gross proceeds of this Offering		\$300,000
Total gross proceeds after this Offering		\$450,000.95
Offering price per share		\$0.10
Proceeds per share after this Offering		\$0.075
Dilution per share to subscriber		\$0.025
Percentage of dilution in relation to offering price		25%

RISK FACTORS

A purchase of Offered Shares of the Corporation and the purchaser's investment will be highly speculative due to the substantial risk of the Corporation's business and its present stage of development. The following are risk factors associated with the Corporation, which list is not exhaustive:

- (a) the Corporation was only recently incorporated, has not commenced commercial operations and has no assets other than cash. It has no history of earnings, and shall not generate earnings or pay dividends until at least after Completion of the Qualifying Transaction. See "*Business of the Corporation - Proposed Operations until Completion of a Qualifying Transaction*";

- (b) the directors and officers of the Corporation will devote only a portion of their time to the business and affairs of the Corporation and some of them are or will be engaged in other projects or businesses such that conflicts of interest may arise from time to time. See "*Directors, Officer and Promoter - Conflicts of Interests*";
- (c) assuming completion of the Offering, an investor will suffer an immediate dilution to its investment of 25% or \$0.025 per Offered Share, calculated as set forth under "*Dilution*" above;
- (d) the Corporation is relying solely on the past business success of its directors and officers to identify a Qualifying Transaction of merit. The success of the Corporation is dependent upon the efforts and abilities of its management team. The loss of any member of the management team could have a material adverse effect upon the business and prospects of the Corporation. In such event, the Corporation will seek satisfactory replacements but there can be no guarantee that appropriate personnel may be found;
- (e) investment in the Offered Shares is highly speculative given the proposed nature of the Corporation's business and its present stage of development;
- (f) there can be no assurance that an active and liquid market for the Corporation's common shares will develop and an investor may find it difficult to resell its Offered Shares;
- (g) until Completion of a Qualifying Transaction, the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions. See "*Business of the Corporation - Proposed Operations until Completion of a Qualifying Transaction*";
- (h) the Corporation has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Corporation will be able to identify a suitable Qualifying Transaction;
- (i) even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to successfully complete the transaction;
- (j) completion of a Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and, in the case of a Non Arm's Length Qualifying Transaction, Majority of the Minority Approval. See "*Business of the Corporation - Filings and Shareholder Approval of a Non-Arm's Length Qualifying Transaction*";
- (k) unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no entitlement to payment by the Corporation of fair value for the common shares;
- (l) upon public announcement of a proposed Qualifying Transaction, trading in the common shares of the Corporation will be halted and will remain halted for an indefinite period of time, typically until a Sponsor has been retained and certain preliminary reviews have been conducted. The common shares of the Corporation will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Corporation completing the proposed Qualifying Transaction. See "*Business of the Corporation - Trading, Halts, Suspensions and Delisting*";

- (m) trading in the common shares of the Corporation may be halted at other times for other reasons, including for failure by the Corporation to submit documents to the Exchange in the time periods required. See "*Business of the Corporation - Trading, Halts, Suspensions and Delisting*";
- (n) the Exchange will generally suspend trading in the Corporation's common shares or delist the Corporation in the event that the Exchange has not issued a Final Exchange Bulletin within 24 months from the date of listing. See "*Business of the Corporation - Trading, Halts, Suspensions and Delisting*";
- (o) neither the Exchange nor any securities regulatory authority passes upon the merits of the proposed Qualifying Transaction;
- (p) in the event that management of the Corporation resides outside of Canada or the Corporation identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service of notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts;
- (q) the Qualifying Transaction may be financed in all or part by the issuance of additional securities by the Corporation and this may result in further dilution to the investor, which dilution may be significant and which may also result in a change of control of the Corporation. See "*Business of the Corporation - Method of Financing*"; and
- (r) subject to prior acceptance by the Exchange, the Corporation may be permitted to loan or advance up to an aggregate of \$250,000 of its proceeds to a target business without requiring shareholder approval and there can be no assurance that the Corporation will be able to recover that loan. See "*Use of Proceeds - Permitted Use of Funds*".

As a result of these factors, this Offering is suitable only for investors who are willing to rely solely on management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Offered Shares.

LEGAL PROCEEDINGS

The Corporation is not currently a party to any actual or pending legal proceedings, nor is the Corporation currently contemplating any legal proceedings, which are material to its business or of which any of its assets are likely to be subject. the Corporation or of an Associate or Affiliate of the Corporation, or a Promoter of the Corporation or of an Associate or Affiliate of the Corporation.

MATERIAL CONTRACTS

The Corporation has not entered into any contracts material to investors in the common shares hereunder, other than the following:

- (a) Registrar and Transfer Agent Agreement dated as of October 16, 2009 between the Corporation and the Agent. See "*Auditor, Transfer Agent and Registrar*".

OTHER MATERIAL FACTS

To the Corporation's knowledge, there are no other material facts about the Offered Shares being distributed that are not otherwise disclosed in this prospectus, or are necessary in order for the prospectus to contain full, true and plain disclosure of all material facts relating to the Offered Shares being distributed.

PURCHASERS' STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in the Offering Jurisdictions provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. The securities legislation further provides a purchaser with remedies for rescission or damages if the prospectus or any amendment thereto contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal advisor.

ELIGIBILITY FOR INVESTMENT

In the opinion of Stikeman Elliott LLP, counsel to the Company, based on the provisions of the *Income Tax Act* (Canada) (the "ITA"), the regulations thereunder in force as of the date hereof and the proposals to amend the ITA and the regulations thereunder publicly announced by, or on behalf of, the Minister of Finance (Canada) prior to the date hereof, provided that the Offered Shares are listed on a designated stock exchange (which includes the Exchange) at the relevant time, the Offered Shares, if issued on the date hereof, would be "qualified investments" under the ITA and the regulations thereunder for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans, registered disability savings plans, registered education savings plans and tax-free savings accounts ("TFSA"), subject to the specific provisions of any particular plan. Notwithstanding that the Offered Shares may be qualified investment for a trust governed by a TFSA, the holder of a TFSA will be subject to a penalty tax on the Offered Shares held in the TFSA if such Offered Shares are a "prohibited investment" for the purposes of section 207.01 of the ITA. The Offered Shares will generally be a "prohibited investment" if the holder of the TFSA does not deal at arm's length with the Corporation for the purposes of the ITA or the holder of the TFSA has a "significant interest" (as defined in the ITA) in the Corporation or a corporation, partnership or trust with which the Corporation does not deal at arm's length for the purposes of the ITA. Such holders are urged to consult their own tax advisors.

1. INCORPORATION

The Company was incorporated under the Business Corporations Act (British Columbia) on September 1, 2009 and is classified as a Capital Pool Company as defined in the TSX Venture Exchange ("TSX-V") Policy 2.4. The principal business of the Company is the identification and evaluation of assets or a business and once identified or evaluated, to negotiate an acquisition of or participation in a business subject to receipt of shareholder approval, if required, and acceptance by regulatory authorities.

2. CONTINUANCE OF OPERATIONS

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation.

The Company's continuing operations as intended are dependent upon its ability to identify, evaluate and negotiate an acquisition of, a participation in or an interest in properties, assets or businesses. Such an acquisition will be subject to regulatory approval and may be subject to shareholder approval. In order to continue as a going concern and meet its corporate objectives, the Company will require additional financing through debt or equity issuances or other available means. There is no assurance that the Company will be able to obtain adequate financing in the future or that such financing will be on terms advantageous to the Company.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

3. SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the period. Actual results could differ from these estimates.

Future income taxes

Future income taxes are recorded using the asset and liability method whereby future tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Future tax assets and liabilities are measured using the enacted or substantively enacted tax rates expected to apply when the asset is realized or the liability settled. The effect on future tax assets and liabilities of a change in tax rates is recognized in income in the period that substantive enactment or enactment occurs. To the extent that the Company does not consider it more likely than not that a future tax asset will be recovered, it provides a valuation allowance against the excess.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd...)

Loss per share

The Company uses the treasury stock method to compute the dilutive effect of options, warrants and similar instruments. Under this method the dilutive effect on earnings per share is recognized on the use of the proceeds that could be obtained upon exercise of options, warrants and similar instruments. It assumes that the proceeds would be used to purchase common shares at the average market price during the period.

Basic loss per share is calculated using the weighted-average number of shares outstanding during the period.

The 1,900,000 common shares outstanding as of September 30, 2009 are contingently cancelable and have been excluded from the weighted average number of shares outstanding.

Financial instruments

All financial instruments are classified into one of five categories: held-for-trading, held-to-maturity investments, loans and receivables, available-for-sale financial assets or other financial liabilities. All financial instruments and derivatives are measured in the balance sheet at fair value except for loans and receivables, held-to maturity investments and other financial liabilities which are measured at amortized cost. Subsequent measurement and changes in fair value will depend on their initial classification. Held-for-trading financial assets are measured at fair value and changes in fair value are recognized in net income. Available-for-sale financial instruments are measured at fair value with changes in fair value recorded in other comprehensive income until the instrument is derecognized or impaired.

The Company has classified its cash as held-for-trading. Accounts payable and accrued liabilities are classified as other financial liabilities, which are measured at amortized cost.

New accounting pronouncements

Business Combinations, Non-controlling Interest and Consolidated Financial Statements

In January 2009, the CICA issued Handbook Sections 1582 "Business Combinations", 1601 "Consolidated Financial Statements" and 1602 "Non-controlling Interests" which replace CICA Handbook Sections 1581 "Business Combinations" and 1600 "Consolidated Financial Statements". Section 1582 establishes standards for the accounting for business combinations that is equivalent to the business combination accounting standard under IFRS. Section 1582 is applicable for the Company's business combinations with acquisition dates on or after October 1, 2011. Section 1601 together with Section 1602 establishes standards for the preparation of consolidated financial statements. Section 1601 is applicable for the Company's interim and annual consolidated financial statements for its fiscal year beginning October 1, 2011. Early adoption of these Sections is permitted and all three Sections must be adopted concurrently.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd...)

New accounting pronouncements (cont'd...)

International financial reporting standards ("IFRS")

In 2006, the AcSB published a new strategic plan that will significantly affect financial reporting requirements for Canadian companies. The AcSB strategic plan outlines the convergence of Canadian GAAP with IFRS over an expected five year transitional period. In February 2008, the AcSB announced that 2011 is the changeover date for publicly-listed companies to use IFRS, replacing Canada's own GAAP. The date is for interim and annual financial statements relating to fiscal years beginning on or after January 1, 2011. The transition date of October 1, 2011 will require the restatement for comparative purposes of amounts reported by the Company for the year ended September 30, 2011. While the Company has begun assessing the adoption of IFRS for 2011, the financial reporting impact of the transition to IFRS cannot be reasonably estimated at this time.

4. CAPITAL STOCK

	Number of Shares	Amount
Authorized		
Unlimited common shares, without par value		
Common shares issued		
Shares issued for cash	1,900,000	\$ 95,001
As at September 30, 2009	1,900,000	\$ 95,001

The Company issued 1,899,999 seed common shares at a price of \$0.05 per share and 1 seed common share at a price of \$1.00 for total proceeds of \$95,001. The 1,900,000 common shares (together with the additional 1,100,000 seed common shares issued subsequent to September 30, 2009, see Note 8 (i)), will be held in escrow and released pro-rata to the shareholders as to 10% of the escrow shares upon issuance of a Final Exchange Bulletin by the TSX-V and as to the remainder in six equal tranches of 15% every six months thereafter for a period of 36 months. These escrow shares may not be transferred, assigned or otherwise dealt with without the consent of the regulatory authorities. If a Final Exchange Bulletin is not issued the shares will not be released from escrow and if the Company is delisted, the shares will be cancelled.

Stock option plan

The Company intends to adopt a stock option plan (the "Stock Option Plan") under which it can grant options to directors, officers, employees, and consultants for up to 10% of the issued and outstanding common shares. Under the plan, the exercise price of an option may not be less than the closing market price during the trading day immediately preceding the date of the grant of the option, less any applicable discount allowed by the TSX-V. The options can be granted for a maximum term of 10 years and vest at the discretion of the board of directors.

Any common shares acquired pursuant to the exercise of options prior to the completion of the qualifying transaction must be deposited in escrow and will be subject to escrow until the final exchange bulletin is issued.

As at and during the period ended September 30, 2009, no options were granted or outstanding.

5. CAPITAL MANAGEMENT

Capital is comprised of the Company's shareholders' equity and any debt that it may issue. As at September 30, 2009, the Company's Shareholders' equity was \$77,733 and it had accounts payable and accrued liabilities of \$17,112. The Company's objectives when managing capital are to maintain financial strength and to protect its ability to meet its on-going liabilities, to continue as a going concern, to maintain creditworthiness and to maximize returns for shareholders over the long term. Protecting the ability to pay current and future liabilities includes maintaining capital above minimum regulatory levels, current financial strength rating requirements and internally determined capital guidelines and calculated risk management levels.

The capital for expansion was mostly from proceeds from the issuance of common shares. The net proceeds raised will only be sufficient to identify and evaluate a limited number of assets and businesses for the process of identifying and completing a Qualifying Transaction. Additional funds may be required to finance the Company's Qualifying Transaction.

6. FINANCIAL INSTRUMENTS AND RISK

The Company's financial instruments consist of cash, accounts payable and accrued liabilities. The fair value of these financial instruments approximates their carrying values, unless otherwise noted.

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

Credit risk

Credit risk is the risk of loss associated with a counterparty's inability to fulfill its payment obligations. The Company believes it has no significant credit risk.

Liquidity risk

The Company's approach to managing liquidity risk is to ensure that it will have sufficient liquidity to meet liabilities when due. As at September 30, 2009, the Company had a cash balance of \$94,845 to settle current liabilities of \$17,112. All of the Company's financial liabilities have contractual maturities of 30 days or due on demand and are subject to normal trade terms.

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and commodity and equity prices.

(a) Interest rate risk

The Company has cash balances and no interest-bearing debt. As of September 30, 2009, the Company has no interest bearing term deposits.

(b) Foreign currency risk

The Company does not have assets or liabilities in foreign currency.

6. FINANCIAL INSTRUMENTS AND RISK (cont'd...)

(c) Price risk

The Company is exposed to price risk with respect to commodity and equity prices. Equity price risk is defined as the potential adverse impact on the Company's earnings due to movements in individual equity prices or general movements in the level of the stock market. Commodity price risk is defined as the potential adverse impact on earnings and economic value due to commodity price movements and volatilities. The Company closely monitors commodity prices, individual equity movements, and the stock market to determine the appropriate course of action to be taken by the Company.

7. INCOME TAXES

A reconciliation of income taxes at statutory rates with the reported taxes is as follows:

Loss for the period	\$ (17,268)
Tax rate	30%
Expected income tax-recovery	\$ (5,180)
Unrecognized benefit of non-capital losses	<u>5,180</u>
Total income tax recovery	<u>\$ -</u>

The significant components of the Company's future income tax assets are as follows:

Future income tax assets:	
Non-capital loss carry forwards	\$ 4,250
Valuation allowance	<u>(4,250)</u>
Net future income tax assets	<u>\$ -</u>

The Company has available for deduction against future taxable income non-capital losses of approximately \$17,000. These losses, if not utilized, will expire in 2029. Future tax benefits which may arise as a result of these non-capital losses have not been recognized in these financial statements and have been offset by a valuation allowance due to the uncertainty of their realization.

8. SUBSEQUENT EVENTS

- (i) The Company has received additional funds in the amount of \$55,000 on October 9, 2009, which relate to an additional 1,100,000 seed shares issued (refer to Note 4). As a result of this subsequent transaction, the total share capital has increased to \$150,001 and the corresponding number of common shares outstanding has increased to 3,000,000.

- (iii) The Company intends to file a prospectus with the securities regulatory authorities in British Columbia and Alberta and with the TSX-V, offering 3,000,000 common shares at \$0.10 per share as an initial public offering. Pursuant to an engagement letter between the Company and PI Financial Corp.
