CAUTIONARY STATEMENT

The securities described herein have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”), or any state securities laws, and may not be offered or sold within the United States or to, or for the benefit of, U.S. persons (as defined in Regulation S under the U.S. Securities Act) except in compliance with the registration requirements of the U.S. Securities Act and applicable state securities laws or pursuant to exemptions therefrom. This report does not constitute an offer to sell or a solicitation of an offer to buy of any of GoGold’s securities in the United States. This report may contain “forward-looking information” as defined in applicable Canadian securities legislation. All statements other than statements of historical fact, included in this report, including, without limitation, statements regarding the Los Ricos project, future operating margins, future production and processing, and future plans and objectives of GoGold, constitute forward looking information that involve various risks and uncertainties. Forward-looking information is based on a number of factors and assumptions which have been used to develop such information but which may prove to be incorrect, including, but not limited to, assumptions in connection with the continuance of GoGold and its subsidiaries as a going concern, general economic and market conditions, mineral prices, the accuracy of mineral resource estimates, and the performance of the Parral project. There can be no assurance that such information will prove to be accurate and actual results and future events could differ materially from those anticipated in such forward-looking information. Important factors that could cause actual results to differ materially from GoGold’s expectations include exploration and development risks associated with GoGold’s projects, the failure to establish estimated mineral resources or mineral reserves, volatility of commodity prices, variations of recovery rates, and global economic conditions. For additional information with respect to risk factors applicable to GoGold, reference should be made to GoGold’s continuous disclosure materials filed from time to time with securities regulators, including, but not limited to, GoGold’s Annual Information Form. The forward-looking information contained in this report is made as of the date of this report.
