The Warranties survive Completion of this agreement.

8.7 Indemnity for breach of Warranty

The Seller shall have no liability under the Seller Warranties to the extent that disclosure is made or is deemed to have been made against any of those Seller Warranties under clause 9.1(a).
- (c) The Buyer must not make a Claim, and it will not be a breach of a Seller Warranty (including Tax Warranties and the Tax Indemnity), to the extent that the facts, matters, or circumstances giving rise to that Claim are actually disclosed to the Buyer or are deemed to have been disclosed to the Buyer under clause 9.1(a).

9.2 Warranty qualification

 - (iii) any geological, geophysical, engineering, economic or other interpretations, forecasts or evaluations; or

- (iv) the current or future environmental or rehabilitation obligation or liabilities in respect of any Tenement.
- (b) The Buyer expressly acknowledges the inherent risk of uncertainty in the acquisition, processing and interpretation of geological and geophysical data and that it has made its own enquiries and has undertaken due diligence with respect to the Sale Shares, the Company and the Millennium Assets and has formed, or will form, its own view in relation to the Mining Information and the interpretation and use of the Mining Information.
- (c) Where a Seller Warranty (including a Tax Warranty and the Tax Indemnity) is expressed to be to the belief, knowledge or awareness of the Seller or Sellers, it means that the matter warranted is within the actual knowledge of any one or more of the Seller's Knowledge Individuals.

9.3 Limitation of liability

To the maximum extent permitted by Law, the Buyer's right to Claim for and seek indemnity in respect of any Claim (whether relating to a breach of the Seller's Warranties or otherwise relating to the subject matter of this agreement) is limited as follows:

- (a) the Buyer can only bring a Claim for breach of a Seller Warranty or otherwise relating to the subject matter of this agreement if the amount reasonably claimed exceeds (or where there is more than one Claim they exceed in the aggregate) \$50,000; and
- (b) the maximum aggregate amount that the Buyer may recover and the Seller is required to pay in respect of all Claims under this agreement and the Asset Sale Agreement cumulatively is limited to \$250,000, other than in respect of any Claim or Loss arising in connection with:
 - (i) a breach of:
 - (A) a Tax Warranty;
 - (B) a warranty set out in either of clauses 1, 2, 8(a) or 8(f) of the Seller Warranties; or
 - (C) relating to any payments that were due or owing under any of the Material Contracts prior to Completion; or
 - (ii) the Tax Indemnity;
 - (iii) the indemnity given by Novo in clause 8.8;
 - (iv) the calculation of the Adjustment Amount under clause 6 or the payment of any Adjustment Invoices; or
 - (v) the Asset Sale Agreement that is excluded from the \$250,000 cap under the equivalent 'Limitation of Liability' clause in the Asset Sale Agreement.

9.4 Time limits

- (a) The Buyer must notify the Sellers and Novo of any Claim it has against either Seller or Novo under this agreement (including any Claim for breach of any Seller Warranty), setting out reasonable details of the facts, matters or circumstances giving

rise to the breach and the nature of the breach as soon as reasonably practicable after it becomes aware of it.

- (b) The Buyer may not make, and the Sellers and Novo are not liable for, any Claim for a breach of a Seller Warranty or any term of this agreement unless the Buyer has delivered to the Seller a notice of the Claim, including reasonable details of the Claim, in accordance with clause 9.2(a), for breach of:
 - (i) a Seller Warranty (other than Tax Warranties or the Tax Indemnity) within 12 months after Completion, other than in connection with any Claim relating to a breach of the Seller Warranty in clauses 8(f) and 11(g) of the Seller Warranties (which must be made within 5 years of Completion); and
 - (ii) Tax Warranty unless the Buyer has delivered to the Seller a notice of the Claim, including reasonable details of the Claim, within 6 years after the Completion Date.
- (c) A Claim will not be enforceable against the Seller unless legal proceedings in connection with the Claim are commenced within 6 months after the Buyer gives notice of the Claim to the Seller.

- (b) Any payment (including a reimbursement) made by the Buyer to the Seller in respect of any Claim will be treated as an increase in the value of the Consideration.

9.8 Exclusion of Excluded Loss

Notwithstanding anything else in this agreement and to the maximum extent permitted by Law, neither party is liable to the other party for any Excluded Loss under or in connection with this agreement.

9.9 Independent limitations

Each qualification and limitation in this clause 9 is to be construed independently of the others and is not limited by any other qualification or limitation.

9.10 Implied provisions

All terms, conditions, warranties and guarantees which, but for this clause, would be implied into this agreement, whether under statute or otherwise, are excluded to the maximum extent permitted by Law.

9.11 Mitigation of loss

A party must take all reasonable actions to mitigate any loss, liability, damage or expense that may give rise to a Claim in respect of a breach of a Warranty.

9.12 Conduct of third party Claims

If the Buyer receives notice from a third party of a Loss or Claim which may give rise to a Claim against the Seller under this agreement (**Third Party Claim Notice**), the Buyer must within 10 Business Days after becoming aware of the Third Party Claim Notice, notify the Sellers of the Claim giving sufficient details of the Claim so far as is reasonably practicable. If the Seller is to indemnify the Buyer under this agreement against all and any costs, charges and expenses which may be incurred or for which they may become liable, the Buyer must take such action as the Seller reasonably instructs (at the cost of the Sellers) to avoid, dispute, resist, appeal, compromise or defend any such Claim and any adjudication in respect of it.

10. Tax matters

10.1 Completion of Tax returns and calculations

- (a) The Seller will, at their own cost and expense, have the conduct and control of the preparation of all Tax Returns of the Company to the extent they relate to any periods ending before the Completion Date (**Pre-Completion Returns**).
- (b) The Buyer must ensure that any Tax refund received by the Company in relation to a Pre-Completion Return is paid by the Company to the Seller within 20 Business Days of receipt of the refund by the Company. To the maximum extent permitted by Law, any amount paid to the Seller under this clause 10.1(b) operates as an adjustment to the Consideration.
- (c) Any net Tax payment due by the Company must be paid at the time of lodgement of the Pre-Completion Return by the Seller to the extent that Tax liability relates to the period prior to Completion.
- (d) The Buyer will, at its own cost and expense, have the sole conduct and control of the preparation and filing of all Tax Returns of the Company for any period which commences on or after the Completion Date.
- (e) The parties agree to provide each other with all reasonable assistance and access to records and documents (including all electronic records and documents) required to comply with this clause 10.1 or to lodge any Tax Return. The parties must also provide reasonable access to any employee, agent, director or other person who has

information relating to the Company which is necessary to comply with this clause 10.1 or to lodge any Tax Return.

10.2 Tax enquiries or audits by Government Agency

- (a) If the Buyer or the Company receives any written communication or notice from any Governmental Agency of any enquiry, including any request for information, notice to produce documents, audit, review or request for a meeting (**Tax Enquiry**):
- (i) relating to the Company;
 - (ii) wholly or partially in relation to the period before Completion; and
 - (iii) that is likely to lead to a circumstance as a result of which the Buyer, would, or would be likely to, make a Claim under this agreement,

then the Buyer or the Company must promptly and as soon as practicable notify the Seller of that fact in writing and the Buyer must consider the Seller's response to the Tax Enquiry.

- (b) Where a Tax Enquiry relates wholly to the period before Completion, the Seller may, at its own expense and upon written notice to the Buyer:
- (i) control all discussions and communications with the relevant Governmental Agency in relation to the Tax Enquiry; and
 - (ii) conduct, defend and settle any issue against or in respect of the Company.
- (c) Where the Seller does not exercise its rights under clause 10.2(b) the Buyer must conduct the Tax Enquiry in good faith with regard to all matters material to the goodwill of parties.
- (d) Where a Tax Enquiry concerns both the period before and the period after Completion, then the Buyer may:
- (i) undertake discussions and communications with the relevant Governmental Agency in relation to the Tax Enquiry; and
 - (ii) conduct, defend and settle any issue against the Company,
- and the Seller and the Buyer must, and the Buyer must cause the Company to, co-operate with each other in relation to the Tax Enquiry.
- (e) The rights of the Seller under clauses 10.2(b) and 10.2(d) are conditional on the Seller having:
- (i) confirmed in writing that it will indemnify the Buyer and the Company against any reasonable costs and expenses that the Buyer or the Company may incur as a result of them providing assistance to the Seller under those clauses; and
 - (ii) agreed to the conduct of the Tax Enquiry in good faith with regard to all matters material to the goodwill of the Buyer, taking into account the reasonable requirements of the Buyer as to the conduct.

- (f) For the avoidance of doubt, the Buyer and the Company have full control of all other Tax Enquiries concerning the Company for periods of account commencing on or after Completion. The Seller must, at the request of the Buyer, provide all such assistance as is reasonably necessary to defend or assist in the defence of the Tax Enquiry provided that the Buyer must reimburse the Seller for any reasonable costs and expenses that they may incur as a result of them providing assistance to the Buyer.

10.3 Tax indemnity

- (a) The Seller indemnifies the Buyer and the Company against, and must pay the Buyer or the Company (as the case may be) the amount of:
 - (i) any liability for Tax or Duty which is suffered or incurred by the Company, to the extent that the Tax or Duty:
 - (A) is attributable to any period, or part period, up to and including the Completion Date; or
 - (B) is attributable to any act, matter, transaction or event occurring or which is taken to have occurred on or before the Completion Date; or
 - (C) arises from a failure by the Company to comply with a Tax Law prior to the Completion Date; or
 - (D) is attributable to the transfer of any asset prior to the Completion Date.
 - (b) The obligations of the Seller under clause 10.3(a) are subject to clauses 9.3, 9.4, 9.7, 9.8, 9.11 and 9.12.
-

11. Confidentiality

11.1 Confidential Information

- (a) Each party must:
 - (i) keep the Confidential Information of another party secure;
 - (ii) not disclose, cause or permit the disclosure of, or permit access to the Confidential Information of another party except as permitted under this agreement (including clause 11.2); and
 - (iii) only use another party's Confidential Information for the purpose of performing its obligations or exercising its rights under this agreement.
- (b) For the purposes of this clause 11, Confidential Information relating to the Company, including the Records belongs to the Seller up to Completion, and belongs to the Buyer on and from Completion.

11.2 Permitted disclosure

Nothing in this agreement prevents:

- (a) a party from disclosing Confidential Information if disclosure is required to be made by Law or the rules of any recognised stock exchange or securities exchange;
- (b) a party from disclosing Confidential Information to:
 - (i) its Related Bodies Corporate;
 - (ii) its professional advisors;
 - (iii) its current or prospective financiers or to a proposed debt or equity financier of the party or its Related Bodies Corporate;
 - (iv) direct or indirect investors, limited or general partners, or potential direct or indirect investors, limited or general partners of the party or its Related Bodies Corporate; or
 - (v) any insurer of the party,

but in each case only to the extent that the disclosure of the Confidential Information is reasonably required in the circumstances and provided the party to whom the Confidential Information is disclosed is under a duty or contractual obligation to keep the Confidential Information confidential and is made aware that the Confidential Information must be kept confidential;
- (c) disclosure that is reasonably required to enable a party to perform its obligations under this agreement or to enforce the terms of this agreement;
- (d) a party from disclosing information that has come into the public domain otherwise than as a result of a breach by any party of this agreement;
- (e) a party from disclosing information which is lawfully known to that party before the date of this agreement or which is or becomes available to that party from another person who is in possession of it lawfully and can disclose it to the party on a non-confidential basis; or
- (f) the Buyer from dealing with the Mining Information in its sole discretion following Completion.

11.3 Consequences of termination

- (a) On termination of this agreement, each party (**Receiving party**) must:
 - (i) continue to keep confidential all Confidential Information of, or relating to, the other parties; and
 - (ii) subject to clause 11.3(b), if another party (**Disclosing party**) provides notice in writing requesting the return or destruction of the Disclosing party's Confidential Information, promptly return to the Disclosing party, or destroy and confirm in writing the destruction of, the Disclosing party's Confidential Information.
- (b) Notwithstanding clause 11.3(a)(ii), the Receiving party may retain one copy of the Disclosing party's Confidential Information if required by Law, subject to the Receiving party continuing to comply with the confidentiality obligations set out in this clause 9.12.

12. Resolution of disputes

12.1 Dispute Resolution Process

- (a) Where there is a Dispute under or in connection with this agreement, a party (**issuing party**) may give the other party a Dispute Notice.
- (b) A Dispute Notice must:
 - (i) describe the nature of the Dispute; and
 - (ii) nominate a representative of the issuing party who is authorised to negotiate and settle the Dispute on that party's behalf.
- (c) The other party must, within seven days after receipt of a Dispute Notice, nominate in writing to the issuing party a representative authorised to negotiate and settle the Dispute on the other party's behalf.
- (d) The nominated representatives of each party must negotiate without delay with a view to resolving the Dispute within 30 days after the receipt of the Dispute Notice (or such longer period as those representatives agree). If the Dispute has not been resolved within this time period, either party may commence court proceedings.

12.2 Parties to continue to perform

Prior to resolution of a Dispute, the parties must continue to perform their respective obligations under this agreement including all pre-existing obligations the subject of the Dispute, except only to the extent that lack of resolution of the Dispute prevents such performance.

12.3 Urgent interlocutory action

Nothing in this clause 12 prevents a party from commencing proceedings in any court where the proceedings are to seek urgent injunctive, interlocutory or declaratory relief in respect of a dispute to preserve property or rights or to avoid any liabilities which are not compensable in damages.

13. Novo Guarantee

13.1 Guarantee and indemnity

Novo:

- (a) unconditionally and irrevocably guarantees to the Buyer, the due and punctual performance of the Sellers' obligations (including in respect to the Seller Warranties) under this agreement; and
- (b) as a separate and additional liability, indemnifies the Buyer against all Loss, actions, proceedings and judgments of any nature, incurred by, brought, made or recovered against the Buyer arising from any default or delay in the due and punctual performance of each of the Sellers' obligations under this agreement or as a result of a breach of a Seller Warranty.

13.2 Extent of guarantee and indemnity

The liability of Novo under this clause is not affected by anything that, but for this clause, might operate to release or exonerate Novo in whole or in part from its obligations including any of the following, whether with or without the consent of Novo:

- (a) the grant to the Seller, Novo or any other person of any time, waiver or other indulgence, or the discharge or release of the Seller, Novo or any other person from any liability or obligation;
- (b) any transaction or arrangement that may take place between the parties;
- (c) the Buyer exercising or refraining from exercising its rights under any security or any other rights, powers or remedies against the Seller, Novo or any other person;
- (d) the failure or omission or any delay by the Buyer or the Seller to give notice to Novo of any default by the Seller or any other person under this agreement; and
- (e) any legal limitation, disability, incapacity or other circumstances related to the Seller, Novo or any other person.

13.3 Principal and independent obligation

This clause is a principal obligation of Novo and is not to be treated as ancillary or collateral to any other right or obligation and extends to cover this agreement as amended, varied, supplemented, renewed or replaced.

13.4 Continuing guarantee and indemnity

This clause is a continuing obligation of Novo, despite Completion, and remains in full force and effect for so long as the Seller has any liability or obligation to the Buyer under this agreement and until all of those liabilities or obligations have been fully discharged.

13.5 Waiver of rights

Novo must not exercise any right of indemnity or subrogation which it might otherwise be entitled to claim and enforce against or in respect of the Seller and irrevocably waives all those rights of indemnity or subrogation it may have. However, in no circumstances shall the liability of Novo in respect of the guarantee and indemnity that it gives in this clause 13 exceed the liability of the Seller under this agreement.

14. Goods and Services Tax (GST)

14.1 Preliminary

Words or expressions used in this clause that are defined in the GST Act have the same meaning given to them in the GST Act.

14.2 GST exclusive

Unless otherwise stated, any amount specified in this agreement as the consideration payable for any taxable supply does not include any GST payable in respect of that supply.

14.3 Liability to pay GST

If a party makes a taxable supply under this agreement (**Supplier**), then the recipient of the taxable supply (**Recipient**) must also pay, in addition to the consideration for that supply, the amount of GST payable in respect of the taxable supply at the time the consideration for the taxable supply is payable.

14.4 Tax Invoice

Notwithstanding the foregoing, the Recipient is not obliged under this agreement to pay the amount of any GST payable until the Supplier provides it with a valid tax invoice for the taxable supply.

14.5 Adjustment Event

If an adjustment event arises in relation to a taxable supply made by a Supplier under this agreement, the amount paid or payable by the Recipient pursuant to clause 14.3 will be amended to reflect this and a payment equal to the amount of the difference will be made by the Recipient to the Supplier or vice versa as the case may be. The Supplier must issue an adjustment note to the Recipient in respect of any adjustment event occurring in relation to a supply made under or in connection with this agreement as soon as reasonably practicable after the Supplier becomes aware of the adjustment event.

14.6 Reimbursement of Expenses

If a third party makes a taxable supply and this agreement requires a party to this agreement (**payer**) to pay for, reimburse or contribute to (**pay**) any expense or liability incurred by the other party to that third party for that taxable supply, the amount the payer must pay will be the amount of the expense or liability plus the amount of any GST payable in respect thereof but reduced by the amount of any input tax credit to which the other party is entitled in respect of the expense or liability.

14.7 Non Merger

This clause does not merge on Completion and will continue to apply after expiration or termination of this agreement.

15.3 When Notices considered given and received

Subject to clause 15.4, a Notice takes effect when received (or such later time as specified in it) and a Notice is regarded as being given by the sending party and received by the receiving party:

- (a) if delivered by hand to the address set out in the Notified Contact Details, when delivered to that address;
- (b) if sent from a place within Australia by regular post to the address set out in the Notified Contact Details which is an address that is within Australia, at 9.00 am on the sixth Business Day after the date of posting;

15.4 Time of delivery and receipt

If pursuant to clause 15.3 a Notice would be regarded as given and received on a day that is not a Business Day or after 5.00 pm on a Business Day, then the Notice will be deemed as given and received at 9.00 am on the next Business Day.

- (c) A waiver given by a party in accordance with clause 16.4(a):
 - (i) is only effective in relation to the particular obligation or breach in respect of which it is given and is not to be construed as a waiver of that obligation or breach on any other occasion; and
 - (ii) does not preclude that party from enforcing or exercising any other right, remedy or power under this agreement nor is it to be construed as a waiver of any other obligation or breach.

16.5 Severance

If a provision in this agreement is wholly or partly void, illegal or unenforceable in any relevant jurisdiction that provision or part must, to that extent, be treated as deleted from this agreement for the purposes of that jurisdiction. This does not affect the validity or enforceability of the remainder of the provision or any other provision of this agreement.

16.6 Governing law and jurisdiction

- (a) This agreement is governed by and is to be construed under the laws in force in Western Australia.
- (b) Each party submits to the non-exclusive jurisdiction of the courts exercising jurisdiction in Western Australia and courts of appeal from them in respect of any proceedings arising out of or in connection with this agreement. Each party irrevocably waives any objection to the venue of any legal process in these courts on the basis that the process has been brought in an inconvenient forum.

16.7 Further assurances

Each party must, at its own expense, do all things and execute all further documents necessary to give full effect to this agreement and the transactions contemplated by it.

16.8 No reliance

No party has relied on any statement by any other party which has not been expressly included in this agreement.

16.9 Entire agreement

This agreement states all of the express terms of the agreement between the parties in respect of its subject matter. It supersedes all prior discussions, negotiations, understandings and agreements in respect of its subject matter.

- (b) A party that has executed a counterpart of this agreement may exchange that counterpart with another party by emailing it to the other party or the other party's legal representative and, if that other party requests it, promptly delivering that executed counterpart by hand or post to the other party or the other party's legal representative. However, the validity of this agreement is not affected if the party who has emailed the counterpart delays in delivering or does not deliver it by hand or by post.

16.11 Consent to electronic execution

Each party consents to the signing of this agreement by electronic means. The parties agree to be legally bound by this agreement signed in this way.

- (b) A party may (without any requirement to act reasonably) impose conditions on the grant by it of any consent or approval, or any waiver of any right, power, authority, discretion or remedy, under or in connection with this agreement. Any conditions must be complied with by the party relying on the consent, approval or waiver.

16.13 Remedies cumulative

7. Goods and Services Tax (GST)

7.1 Preliminary

Words or expressions used in this clause that are defined in *A New Tax System (Goods and Services Tax) Act 1999* (**GST Act**) have the same meaning given to them in that Act.

7.2 GST exclusive

Unless otherwise stated, any amount specified in this deed as the consideration payable for any taxable supply does not include any GST payable in respect of that supply.

7.3 Liability to pay GST

If a party makes a taxable supply under this deed (**Supplier**), then the recipient of the taxable supply (**Recipient**) must also pay, in addition to the consideration for that supply, the amount of GST payable in respect of the taxable supply at the time the consideration for the taxable supply is payable.

7.4 Tax Invoice

Notwithstanding the foregoing, the Recipient is not obliged under this deed to pay the amount of any GST payable until the Supplier provides it with a valid tax invoice for the taxable supply.

7.5 Adjustment Event

If an adjustment event arises in relation to a taxable supply made by a Supplier under this deed, the amount paid or payable by the Recipient pursuant to clause 14.3 will be amended to reflect this and a payment equal to the amount of the difference will be made by the Recipient to the Supplier or vice versa as the case may be. The Supplier must issue an adjustment note to the Recipient in respect of any adjustment event occurring in relation to a supply made under or in connection with this deed as soon as reasonably practicable after the Supplier becomes aware of the adjustment event.

8.3 When Notices considered given and received

Subject to clause 15.4, a Notice takes effect when received (or such later time as specified in it) and a Notice is regarded as being given by the sending party and received by the receiving party:

- (a) if delivered by hand to the address set out in the Notified Contact Details, when delivered to that address;
- (b) if sent from a place within Australia by regular post to the address set out in the Notified Contact Details which is an address that is within Australia, at 9.00 am on the sixth Business Day after the date of posting;
- (c) if sent from a place within Australia by airmail to the address set out in the Notified Contact Details which is an address outside Australia, at 9.00 am on the tenth Business Day after the date of posting;

8.4 Time of delivery and receipt

If pursuant to clause 15.3 a Notice would be regarded as given and received on a day that is not a Business Day or after 5.00 pm on a Business Day, then the Notice will be deemed as given and received at 9.00 am on the next Business Day.

9. General

9.1 Assignment

- (a) A party may not assign, novate, transfer or otherwise deal with any of its rights under this deed, without the prior written consent of the other party. A party may withhold its consent in its absolute discretion under this clause 16.1(a).
- (b) An assignment in breach of clause 16.1(a) is intended by the parties to be void and of no force and effect.

9.2 Variation

A variation of any term of this deed will be of no force or effect unless it is in writing and signed by each of the parties.

9.3 Costs and expenses

Each party must pay its own costs (including legal costs) and expenses in connection with the negotiation, preparation, execution and delivery of this agreement.

9.4 Waiver

- (a) A waiver of a right, remedy or power must be in writing and signed by the party giving the waiver.
- (b) A party does not waive a right, remedy or power if it delays in exercising, fails to exercise or only partially exercises that right, remedy or power.
- (c) A waiver given by a party in accordance with clause 16.4(a):
 - (i) is only effective in relation to the particular obligation or breach in respect of which it is given and is not to be construed as a waiver of that obligation or breach on any other occasion; and
 - (ii) does not preclude that party from enforcing or exercising any other right, remedy or power under this deed nor is it to be construed as a waiver of any other obligation or breach.

9.5 Severance

If a provision in this deed is wholly or partly void, illegal or unenforceable in any relevant jurisdiction that provision or part must, to that extent, be treated as deleted from this deed for the purposes of that jurisdiction. This does not affect the validity or enforceability of the remainder of the provision or any other provision of this deed.

9.6 Governing law and jurisdiction

- (a) This deed is governed by and is to be construed under the Laws in force in Western Australia.
- (b) Each party submits to the non-exclusive jurisdiction of the courts exercising jurisdiction in Western Australia and courts of appeal from them in respect of any proceedings arising out of or in connection with this deed. Each party irrevocably waives any objection to the venue of any legal process in these courts on the basis that the process has been brought in an inconvenient forum.

9.7 Further assurances

Each party must, at its own expense, do all things and execute all further documents necessary to give full effect to this deed and the transactions contemplated by it.

9.8 No reliance

No party has relied on any statement by any other party which has not been expressly included in this deed.

9.9 Entire agreement

This deed states all of the express terms of the agreement between the parties in respect of its subject matter. It supersedes all prior discussions, negotiations, understandings and agreements in respect of its subject matter.

9.10 Counterparts

- (a) This deed may be executed in any number of counterparts, each signed by one or more parties. Each counterpart when so executed is deemed to be an original and all such counterparts taken together constitute one document.
- (b) A party that has executed a counterpart of this deed may exchange that counterpart with another party by emailing it to the other party or the other party's legal representative and, if that other party requests it, promptly delivering that executed counterpart by hand or post to the other party or the other party's legal representative. However, the validity of this deed is not affected if the party who has emailed the counterpart delays in delivering or does not deliver it by hand or by post.

9.11 Consent to electronic execution

Each party consents to the signing of this deed by electronic means. The parties agree to be legally bound by this deed signed in this way.

9.12 Exercise of rights

- (a) Unless expressly required by the terms of this deed, a party is not required to act reasonably in giving or withholding any consent or approval or exercising any other right, power, authority, discretion or remedy, under or in connection with this deed.
- (b) A party may (without any requirement to act reasonably) impose conditions on the grant by it of any consent or approval, or any waiver of any right, power, authority, discretion or remedy, under or in connection with this agreement. Any conditions must be complied with by the party relying on the consent, approval or waiver.

9.13 Remedies cumulative

Except as provided in this deed and permitted by Law, the rights, powers and remedies provided in this agreement are cumulative with and not exclusive of the rights, powers or remedies provided by Law independently of this deed.

9.14 Clauses that survive termination

Without limiting or impacting upon the continued operation of any clause which as a matter of construction is intended to survive the termination of this deed, clauses 1, 9.12, 13, 15 and this clause 16 survive the termination of this deed.
