TriStar Gold - Permit Milestone Update

Scottsdale, Arizona--(Newsfile Corp. - November 27, 2023) - **TriStar Gold Inc.** (TSXV: TSG) (OTCQX: TSGZF) (the Company or TriStar) is pleased to disclose that the previously announced public hearing (equivalent to a townhall meeting), related to the Licença Prévia (Preliminary license or LP) for the Castelo de Sonhos gold project, took place as planned on November 22, 2023 in the village of Castelo dos Sonhos.

Mr. Nick Appleyard, CEO, stated, "It was great to see so many people in attendance, both in person and via the live feed. This reflects the outstanding work our team has done in open, honest, and transparent communications with our neighbors and the authorities. I would also like to take this opportunity to thank the staff at the Secretariat for the Environment and Sustainability (SEMAS) for Pará State for their ongoing professionalism and collaboration in advancing a responsible, environmentally sound project."

The meeting was attended by nearly 600 people, with an additional 400 people viewing parts of the live stream. An unedited replay of the full event can be seen in Portuguese here:

TriStar will now compile a report on the public hearing which documents all of the informational meetings held ahead of the public hearing, as well as a full transcript of the meeting itself for submittal to SEMAS. It's then up to the State of Pará authorities to review and, if they decide it's appropriate, to issue the LP. There is no formal timeframe for this process, however TriStar feels that giving guidance of possible receipt of the LP in Q1 2024 is appropriate.

Forward-Looking Statements

Certain statements contained in this press release may constitute forward-looking statements under Canadian securities legislation which are not historical facts and are made pursuant to the "safe harbour" provisions under the United States Private Securities Litigation Reform Act of 1995. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "expects" or "it is expected", or variations of such words and phrases or statements that certain actions, events or results "will" occur. Forward-looking statements in this press release include statements about the Company's ability to complete the current drilling program, the results of further exploration target identification and the anticipated ongoing effects of the COVID-19 virus. Such forward-looking statements are based upon the Company's reasonable expectations and business plan at the date hereof, which are subject to change depending on economic, political and competitive circumstances and contingencies. Readers are cautioned that such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause a change in such assumptions and the actual outcomes and estimates to be materially different from those estimated or anticipated future results, achievements or position expressed or implied by those forward-looking statements. Risks, uncertainties and other factors that could cause the Company's plans to change include changes in demand for and price of gold and other commodities (such as fuel and electricity) and currencies; changes or disruptions in the securities markets; legislative, political or economic developments in Brazil; effects of the COVID-19 virus on all aspects of the Company's business, the need to obtain permits and comply with laws and regulations and other regulatory requirements; the possibility that actual results of work may differ from projections/expectations or may not realize the perceived potential of the Company's projects; risks of accidents, equipment breakdowns and labour disputes or other unanticipated difficulties or interruptions; the possibility of cost overruns or unanticipated expenses in development programs; operating or technical difficulties in connection with exploration, mining or development activities; the speculative nature of gold exploration and development, including the risks of diminishing quantities of grades of reserves and resources; and the risks involved in the exploration, development and mining business. Although management of the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements or forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. The Company disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as required by applicable securities laws.
