Under the SFD, Henri Harland, owner of more than 10% of the Corporation's securities, has subscribed, indirectly through Gestion Harland Inc., to 4,460,500 Common Shares for gross proceeds of $223,025. His shareholding, directly and indirectly, has increased by approximately 3.2% to reach 18.5% on an undiluted basis (by 2.9% to reach 22.1% on a partly diluted basis). Such transaction is a “related party transaction” as defined under Multilateral Instrument (“**MI 61-101**”) and is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as the Corporation’s securities are listed on the TSXV and the fair market value of any security issued to, or the consideration paid, as it involves interested parties, does not exceed 25% of the Corporation’s market capitalization. The Corporation did not file a material change report pertaining to the insider’s interest more than 21 days before the closing of the SFD, as the details of this insider’s participation had not been confirmed at that time. The board members of the Corporation unanimously reviewed the state of the financial market and determined that the terms and conditions of the SFD, including the subscription of the related party, were fair and equitable and represented the best strategic financing option available. In addition, neither the Corporation nor the said related party has knowledge of any material information concerning the Corporation or its securities that have not been generally disclosed.
