

CERTIFICATE OF AUTHOR

Ian Heath Sandercock
Principal
Sandercock and Associates Pty Ltd
5 Sherwood Place
St Ives, NSW, 2075
AUSTRALIA

I, Ian Heath Sandercock, B.E. (Hons) Mining Engineering, Fellow AusIMM (CP), Member SME, Member Australian Minerals Industry Consultants Association, am Principal of Sandercock and Associates Pty Ltd.

I graduated with a BE (Hons) Degree in Mining Engineering from the University of New South Wales in 1974.

I am a Fellow of the Australasian Institute of Mining and Metallurgy (FAusIMM) and a Chartered Professional Engineer.

I have worked as a mining engineer for a total of 37 years since my graduation from university in base metal, uranium, diamond and gold operations. I have been a consulting mining engineer since July 2001 specializing in mining studies and due diligence.

I have read the definition of “qualified person” set out in National Instrument 43-101 (NI 43-101) and certify that by reason of my education, affiliation with a professional association (as defined in NI 43-101) and past relevant work experience, I fulfil the requirements to be a “qualified person” for the purposes of NI 43-101.

I am responsible for compiling the report titled “Technical Report - Mount Philp Deposit, Mt Isa Queensland” and dated 12 March 2012 relating to the Property.

I visited the Mount Philp site and the Cerro Mt Isa office and exploration facility on 3-4 October 2011.

I have only had an involvement in the Property since May 2010. The nature of this involvement includes preparation of the Technical Report from data provided by Cerro Resources NL.

As at the date of this certificate, to the best of my knowledge, information and belief, the Technical Report contains all scientific and technical information that is required to be disclosed to make the Technical Report not misleading.

I am independent of the issuer in accordance with Section 1.4 of NI 43-101.

I have read National Instrument 43-101 and Form 43-101 F1, and the Technical Report has been prepared in compliance with that instrument and form.

I H Sandercock FAusIMM.

Dated 12 March 2012
