About Zephyr Minerals Ltd.

Zephyr Minerals Ltd. is conducting ongoing evaluations of gold properties for potential acquisition and/or joint venture throughout Zimbabwe. The Company is concentrating on projects with obvious gold potential as demonstrated through active, shallow, small scale mining operations or previous exploration work and favorable geology. In addition, the property should be of sufficient areal extent to host a target potential of at least one million ounces of gold. To this extent, the Company has signed multiple property joint venture agreements and has applied for two Exclusive Prospecting Orders covering 124,000 hectares. The Company is also actively reviewing lithium opportunities generated through in house research and property submittals by third parties. Zimbabwe boasts favorable foreign ownership rules for mineral properties as well as prospective, underexplored Archean greenstone belts.
