MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This management information circular (the “Circular”) is furnished in connection with the solicitation of proxies by the management of Geodrill Limited (the “Corporation”) for use at the Annual and Special Meeting of Shareholders (the “Meeting”) of the Corporation referred to in the accompanying Notice of Annual and Special Meeting of Shareholders (the “Notice”) to be held on May 11, 2026, at the time and place and for the purposes set forth in the Notice. References in this Circular to the Meeting include any adjournment(s) thereof. It is expected that the solicitation will be primarily by mail; however, proxies may also be solicited personally or by telephone by regular employees of the Corporation at nominal cost. The cost of such solicitation will be borne by the Corporation.

The board of directors of the Corporation (the “**Board**”) has by resolution fixed the close of business on April 1, 2026 as the record date, being the date for the determination of the registered holders of ordinary shares of the Corporation (the “**Ordinary Shares**”) entitled to notice of and to vote at the Meeting and any adjournment(s) thereof.

Unless otherwise stated, the information contained in this Circular is given as of April 1, 2026 and all dollar amount references are expressed in U.S. dollars. All references herein to the Corporation shall include its subsidiaries as the context may require.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are officers and/or directors of the Corporation. Each shareholder has the right to appoint a person or company, who need not be a shareholder of the Corporation, other than the persons named in the enclosed form of proxy, to represent such shareholder at the Meeting or any adjournment(s) thereof. Such right may be exercised by inserting such person’s name in the blank space provided and striking out the names of management’s nominees in the enclosed form of proxy or by completing another proper form of proxy. All proxies must be executed by the shareholder or his or her attorney duly authorized in writing or, if the shareholder is a corporation, by an officer or attorney thereof duly authorized. The completed form of proxy must be deposited at the office of the Corporation’s transfer agent, TSX Trust Company (“**TSX Trust**”) at 301 - 100 Adelaide Street West, Toronto, Ontario, M5H 4H1, Canada, no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment(s) thereof.

Late proxies may be accepted or rejected by the Chair of the Meeting in his or her discretion. The Chair is under no obligation to accept or reject any particular late proxy. The time limit for deposit of proxies may be waived or extended by the Chair of the Meeting at his or her discretion, without notice.

If your Ordinary Shares are registered in more than one name, all registered persons must sign the proxy. If your Ordinary Shares are registered in a company’s name or any name other than your own, you may be required to provide documents proving your authorization to sign the proxy for that company or name. For any questions about the proper supporting documents, contact TSX Trust before submitting your proxy.

A shareholder forwarding the enclosed form of proxy may indicate the manner in which the appropriate appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the

space opposite the item is to be left blank. The Ordinary Shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A shareholder who has given a proxy has the power to revoke it as to any matter on which a vote has not already been cast pursuant to the authority conferred by such proxy and may do so either: by depositing an instrument in writing revoking the proxy executed by him or her with TSX Trust at the address noted above at any time up to and including 4:00 p.m. (Toronto Time) on the last business day preceding the day of the Meeting, or any adjournment thereof, or in any other manner permitted by law.

EXERCISE OF DISCRETION BY PROXIES

Ordinary Shares represented by properly executed proxies in favour of the persons named in the enclosed form of proxy will be either voted or withheld from voting, as applicable, in accordance with the instructions given by the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Ordinary Shares will be voted accordingly. **Where shareholders have properly executed proxies in favour of the persons named in the enclosed form of proxy and have not specified in the form of proxy the manner in which the named proxies are required to vote the Ordinary Shares represented thereby, such Ordinary Shares will be voted in favour of the passing of the matters set forth in the Notice.** The enclosed form of proxy confers discretionary authority with respect to amendments or variations to the matters identified in the Notice and with respect to other matters that may properly come before the Meeting. At the date hereof, management of the Corporation knows of no such amendments, variations or others matters to come before the Meeting. However, if any other matters which at present are not known to management of the Corporation should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgement of the named proxies.

NON-REGISTERED SHAREHOLDERS

Registered holders of Ordinary Shares or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, Ordinary Shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the Ordinary Shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101, *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), the Corporation will have caused TSX Trust to distribute copies of the Notice and this Circular (collectively, the “**meeting materials**”) as well as a proxy directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner (“**Non-Objecting Beneficial Owner**” or “**NOBO**”).

These meeting materials are being sent to both registered holders of Ordinary Shares and Non-Registered Holders of Ordinary Shares. If you are a Non-Registered Holder, and TSX Trust has sent these meeting materials directly to you, your name, address and information about your holdings of Ordinary Shares has been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send these meeting materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these meeting materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the enclosed proxy.

The meeting materials distributed by TSX Trust to NOBOs include a proxy. Please carefully review the instructions on the proxy for completion and deposit.

Distribution to OBOs

In addition, the Corporation will have caused TSX Trust to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Holders who have provided instructions to an Intermediary that the Non-Registered Holder objects to the Intermediary disclosing ownership information about the Non-Registered Holder (“**Objecting Beneficial Owner**” or “**OBO**”).

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

1. be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number of Ordinary Shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with TSX Trust in the manner set out above in this Circular, with respect to the Ordinary Shares beneficially owned by such OBO; or
2. more typically, be given a voting instruction form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute authority and instructions (a “**Voting Instruction Form**”) which the Intermediary must follow. Typically, the Voting Instruction Form will consist of a one page pre-printed form. The purpose of this procedure is to permit the OBO to direct the voting of the Ordinary Shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder’s name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or Voting Instruction Form is to be delivered.

INTEREST OF CERTAIN PERSON IN MATTERS TO BE ACTED UPON

No director or officer of the Corporation, nor any person who has held such a position since the beginning of the last completed financial year-end of the Corporation, nor any proposed nominee for election as a director of the Corporation, nor any associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter of business to be acted upon at the Meeting, other than the election of directors of the Corporation, the Stock Option Plan Resolutions (as defined below), and as may otherwise be set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Each holder of Ordinary Shares of record at the close of business on April 1, 2026 (the “**Record Date**”) is entitled to receive notice of and to vote at the Meeting or at any adjournment(s) thereof. The Corporation will prepare a list of holders of Ordinary Shares as of such Record Date. Each holder of Ordinary Shares named in the list will be entitled to vote the Ordinary Shares shown opposite his/her name on the list at the Meeting, subject to compliance with the procedures specified herein. All such holders of record of Ordinary Shares are entitled to either attend and vote thereat in person the Ordinary Shares held by them or, provided a completed and duly executed form of proxy shall have been delivered to TSX Trust within the time specified in the attached Notice, to attend and vote thereat by proxy the Ordinary Shares held by them, all in accordance with the procedures specified herein. The list of Ordinary Shares of the Corporation created as of the Record Date is final and no new persons who become shareholders of the Corporation following such Record Date will be entitled to notice of or vote at the Meeting.

The Corporation does not have an authorized share capital and may issue an unlimited number of no par value shares. The Corporation may issue shares of different classes of shares. COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

The Corporation’s long-term strategy is central to all of its business decisions, including decisions regarding executive compensation. The Corporation’s executive compensation philosophy is to balance the need to be competitive with peer companies in the drilling industry and comparably sized companies doing business in hardship locations in order to attract and retain talented, high-calibre executives critical to the Corporation’s success with the need to provide compensation programs that are fair and reasonable from the perspective of its shareholders. The Corporation achieves its executive compensation philosophy by considering the following key objectives when designing its executive compensation programs:

1. Recruiting and Retaining High-Calibre Executive Management

The Corporation's success is due in large part to the entrepreneurial drive of its executive management team. Therefore the Corporation structures executive compensation to maintain that spirit so that it can continue to attract, hold and motivate key talent in a highly competitive environment through the following elements: (i) a competitive cash compensation program, consisting of base salary, a hardship location allowance, a cash bonus and certain perquisites, which are generally above average for comparable companies; and (ii) providing an opportunity to participate in the Corporation's growth through the grant of stock options.

2. Providing Fair and Competitive Compensation

The Corporation has established executive compensation principles and formalized a compensation policy for its executive officers. The executive compensation program is designed to meet the goal of providing fair and competitive compensation through the following elements: (i) the review of the cash compensation, performance and overall compensation package for each executive on an annual basis; (ii) a formal policy, through which the Compensation Committee established a formal comparator group of peer companies and compares its executive compensation packages against those awarded by the companies in the comparator group; and (iii) the consideration of comparable market data from third-party surveys to provide additional reference points for determining compensation levels.

3. Balancing the Interests of Executive Management and Shareholders of the Corporation

The executive compensation program aligns the interests of executive management with the interests of the Corporation's shareholders through the following elements: (i) the opportunity to achieve annual bonuses based on a measure of the Corporation's profitability (using EBITDA less tax as a proxy as described in the Annual Cash Bonus section), with the goal being that both executives and shareholders will benefit from these achievements; and (ii) the grant of stock options, with the goal being that if the price of the Corporation's Ordinary Shares increases over time, both executives and shareholders will benefit.

4. Rewarding Performance for Achieving Corporate Goals

The executive compensation program has been designed to meet the goal of rewarding performance for corporate achievements through the annual variable cash bonus which rewards executives for achieving measurable goals as determined against specific financial performance criteria. The objective set out above was used to establish the goals and financial performance criteria of the Corporation's formal compensation program which are set out in greater detail below. The financial performance criteria ties corporate goals to the Corporation's financial targets and corporate development achievements.

Principles of the Elements of the Compensation Program

The Compensation Committee and the Board take a holistic view of the compensation elements in determining executive compensation, which consists primarily of five elements: (i) base salary; (ii) hardship location allowance; (iii) annual variable cash bonus; (iv) other annual compensation such as perquisites; and (v) long term compensation in the form of stock options.

Base Salary

Base salaries form an essential component of the Corporation's compensation mix as they are the first base measure to compare and remain competitive relative to peer companies in the drilling industry and comparably sized companies doing business in hardship locations. Base salaries are rewarded at varying

levels depending on the: (i) particular responsibilities related to the position; (ii) experience level; (iii) recent and long-term performance; (iv) expected future contribution; and (v) retention concerns. As the Corporation's base salaries are fixed, they are used as the first element when determining other compensation elements that may be rewarded. Please see "*Comparator Group*" below for details regarding the Corporation's analysis in determining the base salaries of its executives.

Hardship Location Allowance

The hardship location allowance is paid in addition to base salary to reward the executive for residing and working in West Africa. This element assists the Corporation in attracting and retaining high-calibre executives. The hardship location allowance was set at 30% of base salary for Fiscal 2025. Please see "*Comparator Group*" below for details regarding the Corporation's analysis in determining that the hardship location allowance should be set at 30% of base salary.

Annual Cash Bonus

Annual cash bonuses are a variable component of compensation designed to reward the executives for achieving corporate goals as measured against the criteria set out in the Corporation's short term incentive policy. This compensation element assists the Corporation in attracting and retaining high-calibre executives and aligning the interests of executives and shareholders of the Corporation.

The Corporation has established measurable goals with financial performance criteria to be used to determine the amount of executive bonuses. The Corporation's short term incentive policy for 2025 had set the executive bonus pool based on 8.75% of EBITDA¹ less tax (excluding withholding tax on intercompany dividends, "**Bonus Calculation Tax**"). If actual EBITDA less Bonus Calculation Tax is less than 60% of the budgeted EBITDA less budgeted Bonus Calculation Tax then the bonus pool will be zero. If actual EBITDA less Bonus Calculation Tax is between 60% and 120% of budgeted EBITDA less budgeted Bonus Calculation Tax, then the bonus pool will be 8.75% of that amount. If actual EBITDA less Bonus Calculation Tax is above 120% of budgeted EBITDA less budgeted Bonus Calculation Tax then the bonus pool will be 8.75% of the amount up to 120% and 17% for every incremental dollar above 120%.

The executives achieved and were awarded a bonus pool of \$2.2 million as a result of the Corporation generating actual EBITDA of \$35.2 million less actual Bonus Calculation Tax of \$10.0 million. As the actual EBITDA less actual Bonus Calculation Tax was between 60% and 120% of the budgeted EBITDA less budgeted Bonus Calculation Tax, \$2.2 million was awarded, being 8.75% of actual EBITDA less actual Bonus Calculation Tax.

In 2025, Messrs. Harper, Borsk, Burling and Rodger all received an annual bonus. The annual bonuses are awarded based on pre-determined measurable goals, as set out above, and therefore are not affected by the payment of other compensation elements.

For Fiscal 2026, the Corporation's short term incentive policy has set the executive bonus pool based on 8.75% of EBITDA less Bonus Calculation Tax. If actual EBITDA less Bonus Calculation Tax is less than 60% of the budgeted EBITDA less budgeted Bonus Calculation Tax then the bonus pool will be zero. If actual EBITDA less Bonus Calculation Tax is between 60% and 120% of budgeted EBITDA less budgeted

¹ EBITDA is a non-IFRS financial measure and is defined as Earnings before Interest, Taxes, Depreciation and Amortization. The Corporation believes that EBITDA is a useful element for one of the corporate goals because it is frequently used by securities analysts, investors and other interested parties in evaluating companies in the same industry and is an important indicator of the Corporation's ability to generate liquidity through operating cash flow to fund future working capital needs, service outstanding debt and fund any future capital expenditures.

Bonus Calculation Tax, then the bonus pool will be 8.75% of that amount. If actual EBITDA less Bonus Calculation Tax is above 120% of budgeted EBITDA less budgeted Bonus Calculation Tax then the bonus pool will be 8.75% of the amount up to 120% and 17% for every incremental dollar above 120%.

The Compensation Committee has the discretion to amend the annual cash bonus award when it believes that the spirit of the award has not been met. The Compensation Committee also has the ability to award a discretionary bonus in instances where it determines that the executive management has significantly exceeded the corporate goals.

Other Compensation – Perquisites

Perquisites such as health and life insurance plans, housing, dependant tuition and transportation allowances and other usual perquisites may be provided for executives in accordance with local practices in order to ensure that the Corporation's compensation packages are competitive. See "*Employment Agreements*" for the significant details regarding the perquisites for the NEOs (as defined below).

Stock Options

The Corporation provides long-term incentives by granting stock options to executive officers, which is a variable component of compensation intended to reward the executive officers for the Corporation's success in achieving sustained, long-term profitability and increases in share value. The objective of granting stock options is to encourage executives to acquire an ownership interest in the Corporation over a period of time, which acts as a financial incentive for such executive to consider the long-term interests of the Corporation and its shareholders.

The stock options granted permit executives to acquire Ordinary Shares at an exercise price that shall not be less than the volume weighted average trading price of the Ordinary Shares on the TSX for the five trading days immediately preceding the day the stock option is granted.

In determining the number of stock options to be granted under the Corporation's stock option plan (the "**Stock Option Plan**"), the Compensation Committee gives consideration to, among other things, the individual's current and potential contribution to the success of the Corporation, the relative position of the individual within the Corporation, previous stock option grants and the number of stock options granted to executive officers of companies of similar size and market capitalization.

Comparator Group

When the Corporation was considering executive compensation in connection with the listing of the Ordinary Shares on the TSX, the Corporation was provided with information regarding executive compensation for a comparator group of peer companies on an informal basis. The Board considered this information and used it as a guideline to establish the initial executive compensation program.

In 2025, the Compensation Committee completed an internal review to review and provide recommendations to the Corporation regarding its compensation structure. The Compensation Committee reviewed the current compensation strategy, conducted interviews with senior management, identified appropriate comparative companies to provide an industry benchmark, obtained market information and then made recommendations to the Board accordingly. As part of this review, the Compensation Committee considered comparable market data from third party surveys to provide an initial reference point for determining future compensation levels. The Compensation Committee also obtained market information from The Bedford Group Transearch for comparable executive compensation in the global mining industry based on composite results of executive compensation surveys, proxy statements, and annual reports. Peer

companies utilized for compensation comparables, to the extent that relevant information was available, included Boart Longyear Limited, Major Drilling Group International Inc., Capital Drilling Ltd., Foraco International SA, Orbit Garant Drilling Inc. and Perenti Limited.

In 2026, the base salaries were adjusted based on U.S. inflation of 2.4%, resulting in an increase to Mr. Harper of \$15,000 and an increase to each of Mr. Borsk, Mr. Rodger and Mr. Burling of \$10,000.

As a result of the review and based on the recommendations of the Compensation Committee, the Corporation increased the base salary and hardship allowance for Mr. Harper, Mr. Borsk, Mr. Rodger and Mr. Burling. These changes to the compensation program became effective January 1, 2026.

Executive Compensation-Related Fees

No fees were paid to any external third-party by the Company in connection with the internal review conducted by the Compensation Committee as described above.

Compensation Review Process

The Compensation Committee reviews on an annual basis the cash compensation, performance and overall compensation package for each of the President and Chief Executive Officer, Chief Financial Officer, Chief Operating Officer and the Executive General Manager. It then submits to the Board recommendations with respect to the basic salary, bonus and participation in the Stock Option Plan for such executive officers. The Compensation Committee agrees annually and on an as needed basis with input from management, on the specific work to be undertaken by the Compensation Committee. The compensation of Mr. Rodrigue, Zone Manager – FWA (Francophone West Africa), is reviewed and approved annually by the Executive General Manager.

The Compensation Committee has discussed the implications of the risks associated with the Corporation's compensation policies and practices. The Compensation Committee works with management of the Corporation to determine the risk oversight principles. The Audit and Disclosure Committee and Board institute policies and procedures, including the Code of Business Conduct and Ethics (the “**Code**”) and Whistleblower Policy (as each discussed below), to identify risks that are reasonably likely to have a material adverse effect on the Corporation and identify and mitigate compensation policies and practices that could encourage a NEO (as defined below) to take inappropriate or excessive risks. The Governance, Safety and Nominating Committee periodically discusses relevant matters with management to ensure satisfactory compliance with the Code and Whistleblower Policy. The Audit and Disclosure Committee is responsible for reviewing such policies and procedures on an annual basis and making any updates, as necessary.

Executive officers and directors of the Corporation are not permitted to purchase financial instruments, including, prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the executive officer or director.

STATEMENT OF EXECUTIVE COMPENSATION

“**Named Executive Officer**” or “**NEO**” means the President and Chief Executive Officer, the Chief Financial Officer and each of the three most highly compensated individuals acting in a similar capacity (other than the President and Chief Executive Officer and Chief Financial Officer) at the end of the relevant financial year whose total compensation was more than CAD\$150,000 for that financial year. The Board is currently comprised of four members, three of whom the Board has determined are independent. In assessing whether a director is independent for these purposes, the circumstances of each director have been examined in relation to a number of factors.

in good faith with a view to the best interests of the Corporation, and to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

The Board has implemented the Code to encourage and promote a culture of ethical business conduct amongst the directors, officers and employees of the Corporation. The purpose of the Code is to, among other things: (i) promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (ii) promote avoidance of conflicts of interest, including disclosure to an appropriate person of any material transaction or relationship that reasonably could be expected to give rise to such a conflict; (iii) promote fair dealing with the Corporation's security holders, customers, suppliers, competitors and employees; (iv) promote compliance with applicable governmental laws, rules and regulations; and (v) promote the prompt internal reporting to an appropriate person of violations of the Code. In accordance with the memorandum and articles of association of the Corporation (the "Articles of Association"), in the event that the Board is to consider a transaction or agreement in respect of which a director may have a material interest, that director must announce his or her conflict or potential conflict and recuse him or herself from all discussions on the issue. Further, the Corporation requires that if any director becomes aware of the fact that he or she has a conflict of interest in a matter or transaction entered into, or which is to be entered into by the Corporation, such director shall not vote on any such matter or transaction.

Each of the Corporation's new employees, officers and directors will be required to acknowledge that they have read and agree to the Code. The Corporation posts the Code in common areas for employees to easily review. Management monitors compliance with the Code on a day to day basis and periodically discusses compliance matters with various levels of employees. The Governance, Safety and Nominating Committee also periodically discusses relevant matters with management to ensure satisfactory compliance with the Code. If any member of the Corporation observes or becomes aware of an actual or potential violation of the Code, they are encouraged to report the violation to the Corporation. A copy of the Code is available under the Corporation's SEDAR+ profile at www.sedarplus.ca.

Whistleblower Policy

In addition to the Code, the Corporation has adopted a Whistleblower Policy. The purpose of the Whistleblower Policy is to state clearly and unequivocally that the Corporation prohibits discrimination, harassment and/or retaliation against any employee, director or officer who: (i) reports complaints to the Governance, Safety and Nominating Committee regarding accounting, internal controls, auditing matters or violations of the Code; or (ii) provides information or otherwise assists in an investigation or proceeding regarding any conduct which he or she reasonably believes to be a violation of employment or labour laws, applicable securities laws or regulations, laws regarding fraud or the commission or possible commission of a criminal offence.

If an employee, director or officer of the Corporation legitimately and in good faith provides information or otherwise assists in an investigation regarding any conduct which violates the Code, the Corporation will not discharge, demote, suspend, threaten, harass or otherwise discriminate or retaliate against him or her in the terms or conditions of employment because of that activity.

The Governance, Safety and Nominating Committee has adopted a position description for its Chairman. The Governance, Safety and Nominating Committee Charter states the Chairman's main responsibilities include: (i) providing leadership to the Governance, Safety and Nominating Committee; (ii) ensuring that a process is in place by which the effectiveness of the Board, its committees and the contribution of each individual director is assessed at least annually; (iii) ensuring the Governance, Safety and Nominating Committee works as a cohesive team with open communication; (iv) ensuring that the resources available to the Governance, Safety and Nominating Committee are adequate to support its work; (v) ensuring that a process is in place by which complaints with respect to the Code or the Whistleblower Policy are handled in a confidential and effective manner; (vi) encouraging and supporting management in developing short and long term health, safety and environmental policies and (vii) reviewing and submitting to the Board recommendations for proposed appointments.

The Governance, Safety and Nominating Committee annually undertakes assessments for each Board member and for the Board as a whole by requiring each Board member to complete a questionnaire assessing their individual and peer contributions. The Governance, Safety and Nominating Committee analyzes the results and reports to the Board with its findings.

Director Term Limits and Female Representation in Management and on the Board

The Corporation has not instituted director term limits. The Corporation believes that in taking into account the nature and size of the Board and the Corporation, it is more important to have relevant experience than to impose set time limits on a director's tenure, which may create vacancies at a time when a suitable candidate cannot be identified and as such would not be in the best interests of the Corporation. In lieu of imposing term limits, the Corporation regularly monitors director performance through annual evaluations and regularly encourages sharing and new perspectives through regularly scheduled Board meetings, meetings with only independent directors in attendance, as well as through continuing education initiatives. On a regular basis, the Corporation analyzes the skills and experience necessary for the Board and evaluates the need for director changes to ensure that the Corporation has highly knowledgeable and motivated Board members, while ensuring that new perspectives are available to the Board.

The Corporation has adopted a diversity policy to ensure that the Corporation is continually able to attract the highest quality candidates. The diversity policy promotes the benefits of, and need for, extending opportunities to all internal personnel and outside candidates, without distinction as to gender, race, colour, religion, sexual orientation, family or marital status, political belief, age, national or ethnic origin, citizenship, disability, or any other basis and will strive for diversity of experience, perspective and education. The diversity policy focuses on the best quality individuals for the position and encourages representation of women on the Board and in executive officer positions.

The Corporation currently has four Board members and four executive officers, none of whom are women. The Corporation has not considered the level of representation of women in its executive officer positions or on its Board in previous nominations (including a targeted number or percentage). The Corporation's focus has always been, and will continue to be, working to attract the highest quality executive officers and Board candidates with special focus on the skills, experience, character and behavioural qualities of each candidate.

The number of directors to be elected at the Meeting is four (4). **Unless authority to do so is withheld, the persons named in the accompanying proxy intend to vote FOR the election of all four nominees whose names are set forth below (the "Nominees").** Management of the Corporation does not contemplate that any of the Nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, it is intended that discretionary authority shall be exercised by the persons named in the enclosed form of proxy to vote the proxy for the election of any other person or persons in place of any Nominee(s) unable to serve. Each director elected will hold office until the close of the first annual meeting of shareholders of the Corporation following his election unless his office is earlier vacated in accordance with the Articles of Association.

Majority Voting for Directors

The Board has adopted a policy stipulating that if the votes in favour of the election of a director nominee at a shareholders' meeting represent less than a majority of the Ordinary Shares voted and withheld, the nominee will submit his or her resignation promptly after the meeting, for the Governance, Safety and Nominating Committee's consideration. The Governance, Safety and Nominating Committee will make a recommendation to the Board after reviewing the matter, and within 90 days of the meeting of shareholders, the Board will make a decision to accept or reject the resignation offer, which will be disclosed to the public. The nominee will not participate in any Governance, Safety and Nominating Committee or Board deliberations on the resignation offer. The policy does not apply in circumstances involving contested director elections.

The following table sets out the name, province or state and country of residence of each of the Nominees, the year in which each was first elected a director of the Corporation, the principal occupation or employment of each them for the past five years, and the approximate number of Ordinary Shares beneficially owned, directly or indirectly, or over which direction or control is exercised by the Nominees, which is in each instance based on information furnished by the person concerned as of April 1, 2026.

Bankruptcies

To the Corporation's knowledge, no proposed director of the Corporation:

- (a) is, as at the date of this Circular, or has been within the 10 years before the date of this Circular, a director or executive officer of any company (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

- (b) has, within the 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold its assets.

Penalties or Sanctions

To the Corporation's knowledge, no proposed director of the Corporation has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

3. Re-Appointment of Auditors

PricewaterhouseCoopers LLP, Chartered Professional Accountants, (“PwC”), PwC Tower, 18 York Street, Suite 2500, Toronto, Ontario M5J 0B2 will be nominated at the Meeting for re-appointment as the auditor of the Corporation for the financial year ending December 31, 2026 at a remuneration to be fixed by the directors of the Corporation.

Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote FOR the re-appointment of PwC as the auditor of the Corporation to hold office until the next annual meeting of the shareholders and authorize the directors of the Corporation to fix PwC's remuneration.

4. Consent for Corporation to the purchase its own Ordinary Shares

On May 12, 2025, the shareholders of the Corporation approved its Normal Course Issuer Bid (“NCIB”) to allow the Corporation to purchase up to 5% of the issued and outstanding Ordinary Shares on the open market in accordance with the policies of the Toronto Stock Exchange (the “TSX Rules”). The Corporation renewed its NCIB on June 7, 2025, and from June 7, 2025 to April 1, 2026, 154,900 Ordinary Shares were repurchased and cancelled under the NCIB. The NCIB terminates on June 6, 2026.

Pursuant to Clause 6.2 of the Articles of Association, the Corporation is again seeking shareholder approval to authorize the Corporation to purchase its own Ordinary Shares through its NCIB, in accordance with the TSX Rules and other relevant legislation, provided that:

- (i) the maximum number of Ordinary Shares authorized to be acquired is 2,375,656 (representing 5% of the issued share capital of the Corporation as of the date hereof);
- (ii) the minimum price that may be paid for each Ordinary Share is CAD\$0.01;
- (iii) the maximum price (exclusive of expenses) that may be paid for each Ordinary Share is an amount equal to 105% of the average of the market value of an Ordinary Share as derived from the TSX for the five business days immediately preceding the day on which the Ordinary Shares are contracted to be purchased by the Corporation;
- (iv) the authority conferred shall expire at the conclusion of the next Meeting, unless such authority is renewed prior to such time; and

- (v) should the Corporation make a contract to acquire its Ordinary Shares under the authority conferred by a 75% Resolution (as defined below) prior to the expiration of such authority, as such contract will or may be executed wholly or partly after such authority is expired, the Corporation may purchase its Ordinary Shares in pursuance of any such contract.

Rationale

The Board may desire to purchase the Ordinary Shares, from time to time, if it believes that the market price of the Ordinary Shares is attractive and that the purchase would be an appropriate use of corporate funds and in the best interests of the Corporation. The Board believes that having the ability to acquire Ordinary Shares will present an attractive opportunity to utilize the Corporation's funds and is intended to permit the Corporation to reduce its total number of outstanding Ordinary Shares, thereby benefiting all shareholders by increasing their relative equity interest in the Corporation.

Authority for Corporation to purchase its own Ordinary Shares

Pursuant to Clause 6.2 of the Articles of Association, the Corporation may purchase, redeem or otherwise acquire its Ordinary Shares through either an offer to all shareholders that, if accepted, would not materially impact the rights of the shareholders, or an offer to one or more shareholders that is consented to in writing by all other shareholders. However, if the Corporation wishes to purchase the Ordinary Shares on the open market pursuant to an offer, offers or issuer bid (which for certainty includes the NCIB), all shareholders must consent in writing, or a majority of at least seventy-five percent (75%) of shareholders who exercise their voting rights must approve a resolution relating thereto (a "**75% Resolution**"). A quorum at meetings of the Corporation's shareholders is duly constituted if there are present, in person or by proxy, at least 25% of the voting rights entitled to be exercised, and so long as at least two shareholders are present. The 75% Resolution shall grant a general authority to the directors to exercise all the powers of the Corporation to repurchase Ordinary Shares up to a maximum number of Ordinary Shares as (i) the shareholders may authorise; and (ii) as the Corporation may be permitted to purchase under any relevant TSX Rules or other applicable legislation.

A 75% Resolution was passed by the shareholders of the Corporation at the last annual and special meeting of shareholders of the Corporation held on May 12, 2025, which was in force until:

- (i) the conclusion of the Corporation's first general meeting following the passing of a 75% Resolution approving the authority; or
- (ii) the revocation of the authority by a subsequent 75% Resolution; or
- (iii) expiry of the term for which the authority was first granted and approved

The Corporation hereby requests the shareholders of the Corporation consider consenting to another 75% Resolution at the Meeting, which will enable the Corporation to consider purchasing additional Ordinary Shares as it deems appropriate.

The repurchased Ordinary Shares may be cancelled by the Corporation or, at the discretion of the Board, may be held by the Corporation in accordance with the *Companies Act 2006* (Treasury Shares), Regulations 2014 or such other applicable laws and regulations that may be in force from time to time.

Decisions regarding any repurchases of Ordinary Shares will be made on a case-by-case basis, and the Board will rely on market conditions, share price, best use of available cash, and other factors in formulating its purchasing decisions. If the Board intends to repurchase any amount of the Corporation's Ordinary Shares, the directors must pass a resolution stating that, in their opinion, the offer(s) benefit the remaining

shareholders and the terms of the offer(s) are fair and reasonable to the Corporation and its remaining shareholders.

Following receipt of regulatory approval, purchases will be made by the Corporation in accordance with TSX requirements or other relevant legislation. Ordinary Shares will be purchased through the facilities of the TSX or other alternative Canadian marketplaces at prevailing market prices at the time of purchase in accordance with the applicable TSX Rules.

Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote FOR the granting of consent to the Corporation purchasing its Ordinary Shares in the manner and pursuant to the terms set forth in the resolution attached as Schedule “A” hereto.

5. Re-Approval of Stock Option Plan

The Corporation’s Board approved the Stock Option Plan on November 15, 2010 and the Corporation’s shareholders re-approved the Stock Option Plan most recently on May 9, 2023. On December 5, 2023, the Board adopted certain amendments to the Stock Option Plan in accordance with the terms thereof which added a cashless exercise feature, payable in cash or securities. The current form of Stock Option Plan is attached as Schedule “B” hereto. Stock options may be granted in respect of authorized and unissued Ordinary Shares, provided that the aggregate number of Ordinary Shares reserved for issuance upon the exercise of all stock options granted under the Stock Option Plan shall not exceed 10% of the total number of Ordinary Shares issued and outstanding from time to time. Underlying Ordinary Shares in respect of which stock options are not exercised because the relevant stock options expire or are cancelled, shall be available for issue upon the exercise of subsequent grants of stock options.

As of the date hereof an aggregate of 3,120,000 stock options are currently outstanding under the Stock Option Plan. Accordingly, 3,120,000 Ordinary Shares (representing approximately 6.6% of the issued and outstanding Ordinary Shares) are currently issuable pursuant to stock options granted under the Stock Option Plan and the Corporation may grant an additional 1,631,312 stock options under the Stock Option Plan (representing approximately 3.4% of the issued and outstanding Ordinary Shares as of the date hereof). Of such stock options, 3,120,000 stock options are issued to existing Insiders (as such term is defined in the Stock Option Plan, and which represents approximately 6.6% of the currently issued and outstanding Ordinary Shares). See “*Summary of Stock Option Plan*” below.

Pursuant to Section 613 of the TSX Company Manual, the Corporation is required to obtain the approval of its shareholders after institution and every three years after institution for all security based compensation arrangements which do not have a fixed maximum number of securities issuable (such as the Stock Option Plan). Accordingly, at the Meeting, shareholders will be invited to consider and, if thought fit, approve the resolutions substantially in the form attached as Schedule “C” hereto (the “**Stock Option Plan Resolutions**”) re-approving the Stock Option Plan as the stock option plan of the Corporation and confirming the issuance thereunder of such number of Ordinary Shares as is equal to 10% of the aggregate number of Ordinary Shares issued and outstanding from time to time. The Stock Option Plan Resolutions will be approved upon the affirmative vote of a majority of the votes cast at the Meeting.

The Board has concluded that the Stock Option Plan is in the best interest of the Corporation and its shareholders. Accordingly, the Board recommends that shareholders vote in favour of the Stock Option Plan Resolutions. **Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote for the approval of the Stock Option Plan Resolutions.**

SUMMARY OF STOCK OPTION PLAN

The Corporation's Board approved the Stock Option Plan on November 15, 2010 and the Corporation's shareholders re-approved the Stock Option Plan most recently on May 9, 2023. On December 5, 2023, the Board adopted certain amendments to the Stock Option Plan in accordance with the terms thereof which added a cashless exercise feature, payable in cash or securities.

The Stock Option Plan is intended to aid in attracting, retaining and motivating certain eligible individuals, being the Corporation's officers, directors, employees, consultants and advisers, as well as certain affiliates, through the grant of stock options.

Stock options granted under the Stock Option Plan are non-transferable, except in limited circumstances as provided in the Stock Option Plan. The Board will establish the exercise price of the stock option at the time such stock option is granted, provided that such price shall not be less than the volume weighted average trading price of the Ordinary Shares on the TSX, or another stock exchange where the majority of the trading volume and value of the Ordinary Shares occurs, for the five trading days immediately preceding the day the stock option is granted. The stock options will be exercisable for a period not to exceed five years from the date of grant.

Subject to increase by the Board and the receipt of all necessary approvals, the maximum aggregate number of Ordinary Shares reserved for issuance pursuant to the Stock Option Plan shall not exceed 10% of the total number of Ordinary Shares then outstanding. Any Ordinary Shares subject to a stock option which has been granted under the Stock Option Plan and which stock option has been cancelled or terminated in accordance with the terms of the Stock Option Plan without having been exercised will again be available under the Stock Option Plan. Ordinary Shares with respect to any stock options that are settled pursuant to a cashless exercise and: (i) that are settled by the payment in cash only will not be deemed to have been issued pursuant to the Stock Option Plan; and (ii) will be fully deducted from the number of Ordinary Shares reserved for issuance under the Stock Option Plan. The maximum number of Ordinary Shares issued to insiders of the Corporation (each an "Insider"), within any one year period, pursuant to the Stock Option Plan and any other security based compensation arrangements of the Corporation is 10% of the total number of Ordinary Shares then outstanding. The maximum number of Ordinary Shares issuable to Insiders, at any time, pursuant to this Stock Option Plan and any other security based compensation arrangements of the Corporation is 10% of the total number of Ordinary Shares then outstanding. The Stock Option Plan does not provide for a maximum number of Ordinary Shares which may be issued to an individual pursuant to the Stock Option Plan and any other security based compensation arrangements of the Corporation (expressed as a percentage or otherwise).

Stock options issued under the Stock Option Plan vest at the discretion of the Board or committee established for the purpose of administering the Stock Option Plan, as applicable, subject to certain specified limitations.

In the event of the termination of an eligible individual under the Stock Option Plan, each stock option held by the eligible individual will cease to be exercisable within a period of 30 days after the termination date, or such longer period as determined by the Board. For greater certainty, such determination of a longer period may be made at any time subsequent to the date of grant of the stock options, provided that no stock option shall remain outstanding for any period which exceeds: (i) the expiry date of such stock option; or (ii) such earlier date as the Board may determine.

In the event of the retirement of an eligible individual under the Stock Option Plan, each stock option held by the eligible individual will cease to be exercisable within a period of 30 days after the retirement date, or such longer period as determined by the Board. For greater certainty, such determination of a longer period may be made at any time subsequent to the date of grant of the stock options, provided that no stock

option shall remain outstanding for any period which exceeds: (i) the expiry date of such stock option; or (ii) such earlier date as the Board may determine.

If an eligible individual dies, the personal representatives, heirs or legatees of the deceased individual may exercise the stock options, within a period of time after the date of death as determined by the Board. For greater certainty, such determination may be made at any time subsequent to the date of grant of the stock options, provided that no stock option shall remain outstanding for any period which exceeds: (i) the expiry date of such stock option; or (ii) such earlier date as the Board may determine.

Except as otherwise set out below, the Board shall seek shareholder and regulatory approval for any amendments to the Stock Option Plan. The Board may discontinue the Stock Option Plan at any time without first obtaining shareholder approval, provided that, without the consent of an option holder, such discontinuance may not in any manner adversely affect the option holder's rights under any stock option granted under the Stock Option Plan. The Board may, subject to receipt of requisite regulatory approval, where required, and without further shareholder approval, in its sole discretion make the following amendments to the Stock Option Plan: (a) amending typographical, clerical and grammatical errors; (b) reflecting changes to applicable corporate, securities or tax laws or to accommodate changes in the rules of applicable stock exchange on which the Ordinary Shares are listed; (c) changing the termination provisions of a stock option or the Stock Option Plan which do not entail an extension beyond the original expiry date of such stock option; (d) to clarify any ambiguity or correct inconsistencies and minor errors in the Stock Option Plan; and (e) ensuring that the stock options granted under the Stock Option Plan will comply with any provisions respecting income tax and other laws in force in any country or jurisdiction of which an option holder may from time to time be resident or a citizen. Notwithstanding the foregoing, the Corporation shall obtain requisite shareholder approval in respect of amendments to the Stock Option Plan to the extent such approval is required by any applicable laws or regulations.

ARTICLE 2

OPTION GRANTS AND TERMS OF OPTIONS

2.1 Option Grants

Subject to this Plan, the Board will have the authority to determine the limitations, restrictions and conditions, if any, in addition to those set out in this Plan, applicable to the exercise of an Option, including, without limitation, the nature and duration of the restrictions, if any, to be imposed upon the sale or other disposition of Shares acquired upon exercise of the Option, and the nature of the events, if any, and the duration of the period in which any Participant's rights in respect of Shares acquired upon exercise of an Option may be forfeited. An Eligible Person may receive Options on more than one occasion under this Plan and may receive separate Options on any one occasion.

2.2 Option Terms

- (a) Options granted must be exercised no later than five years after the date of grant or such lesser period as the applicable grant may require (the "**Expiry Date**"). In the event that any Option expires during, or within 48 hours after, a blackout period on trading securities of the Corporation, such Expiry Date will become the tenth day following the end of the blackout period.
- (b) The Board may determine when any Option will become exercisable and may determine that the Option will be exercisable in installments or pursuant to a vesting schedule.
- (c) No fractional Shares may be issued and the Board may determine the manner in which fractional Share value will be treated.
- (d) A minimum of 100 Shares must be purchased by a Participant upon exercise of Options at any one time, except where the remainder of Shares available for purchase pursuant to Options granted to such Participant totals less than 100.
- (e) Shares issued on the exercise of an Option may be subject to a hold period if imposed by the TSX or under applicable securities laws, in which case the certificates representing such Shares shall be legended accordingly.

2.3 Option Price

The Board will establish the exercise price of an Option at the time each Option is granted, provided that such price shall not be less than the Market Price.

2.4 Grant to Participant's RRSP or Holding Company

Upon written notice from an Eligible Individual, any Option that might otherwise be granted to that Eligible Individual will be granted, in whole or in part, to an RRSP or a Holding Company.

2.5 Termination, Retirement or Death

- (a) In the event of the Termination of an Eligible Individual, each Option held by the Eligible Individual or the Eligible Individual's Holding Company or RRSP, as applicable, will cease to be exercisable within a period of 30 days after the Termination Date, or such longer period

as determined by the Board. For greater certainty, such determination of a longer period may be made at any time subsequent to the date of grant of the Options, provided that no Option shall remain outstanding for any period which exceeds: (i) the Expiry Date of such Option; or (ii) such earlier date as the Board may determine. If any portion of an Option held by a terminated Eligible Individual or such Eligible Individual's Holding Company or RRSP, as applicable, has not vested on the Termination Date, the Participant holding such Option may not, after the Termination Date, exercise such portion of the Option which has not vested, provided that the Board may determine at any time, including for greater certainty at any time subsequent to the date of grant of the Options, that such portion of the Option vests automatically or pursuant to a vesting schedule determined by the Board. Without limitation, and for greater certainty only, this subsection (a) will apply regardless of whether the Eligible Individual was dismissed with or without cause and regardless of whether the Eligible Individual received compensation in respect of dismissal or was entitled to a period of notice of termination which would otherwise have permitted a greater portion of the Option to vest.

- (b) In the event of the Retirement of an Eligible Individual, each Option held by the Eligible Individual or the Eligible Individual's Holding Company or RRSP, as applicable, will cease to be exercisable within a period of 30 days after the Retirement Date, or such longer period as determined by the Board. For greater certainty, such determination of a longer period may be made at any time subsequent to the date of grant of the Options, provided that no Option shall remain outstanding for any period which exceeds: (i) the Expiry Date of such Option; or (ii) such earlier date as the Board may determine. If any portion of an Option held by a retired Eligible Individual or such Eligible Individual's Holding Company or RRSP, as applicable, has not vested on the Retirement Date, the Participant holding such Option may not, after the Retirement Date, exercise such portion of the Option which has not vested, provided that the Board may determine at any time, including for greater certainty at any time subsequent to the date of grant of the Options, that such portion of the Option vests automatically or pursuant to a vesting schedule determined by the Board.
- (c) If an Eligible Individual dies, the personal representatives, heirs or legatees of the deceased Eligible Individual may exercise the Options held by the deceased Eligible Individual or the deceased Eligible Individual's Holding Company or RRSP, as applicable, within a period of time after the date of the Eligible Individual's death as determined by the Board, for greater certainty such determination may be made at any time subsequent to the date of grant of the Options, provided that no Option shall remain outstanding for any period which exceeds: (i) the Expiry Date of such Option; or (ii) such earlier date as the Board may determine. If any portion of an Option held by a deceased Eligible Individual or such Eligible Individual's Holding Company or RRSP, as applicable, has not vested on the Eligible Individual's date of death, the personal representatives, heirs or legatees of the deceased Eligible Individual holding such Option may not, after the date of death of the Eligible Individual, exercise such portion of the Option which has not vested, provided that the Board may determine at any time, including for greater certainty at any time subsequent to the date of grant of the Options, that such portion of the Option vests automatically or pursuant to a vesting schedule determined by the Board. If the personal representative, heir or legatee of a deceased Eligible Individual exercises the Option of the deceased Eligible Individual in accordance with the terms of this Plan, the Corporation will have no obligation to issue the Shares until evidence satisfactory to the Corporation has been provided by the personal representative, heir or legatee that it is entitled to act on behalf of the deceased Eligible Individual to purchase the Shares under this Plan.

2.6 Option Agreements

Each Option must be confirmed, and will be governed, by an agreement in a form determined by the Board and signed by the Corporation and the Eligible Individual, an RRSP of which the Eligible Individual is an annuitant, or the Eligible Individual's Holding Company, as applicable.

2.7 Method of Exercise and Payment of Exercise Price

- (a) Subject to the provisions of the Plan, an Option granted under the Plan shall be exercisable by the Participant by delivering a fully completed exercise notice to the Corporation, which notice shall specify the number of Shares in respect of which the Option is being exercised and shall be accompanied by full payment, by cash, certified cheque, bank draft or any other form of payment deemed acceptable by the Board of the purchase price for the number of Shares specified therein and, if required by Section 3.7, the amount necessary to satisfy any taxes.
- (b) Upon the exercise of an Option, the Corporation shall, as soon as practicable after such exercise but no later than ten (10) Business Days following such exercise, forthwith cause the transfer agent and registrar of the Shares either to: (i) deliver to the Participant a certificate in the name of the Participant representing in the aggregate such number of Shares as the Participant shall have then paid for and as are specified in such exercise notice; or (ii) in the case of Shares issued in uncertificated form, subject to applicable law, cause the issuance of the aggregate number of Shares as the Participant shall have then paid for and as are specified in such exercise notice to be evidenced by a book position on the register of the shareholders of the Corporation to be maintained by the transfer agent and registrar of the Shares.
- (c) Subject to the rules and policies of the TSX, the Board may, in its discretion and at any time, determine to grant a Participant the alternative, when entitled to exercise an Option, to deal with such Option on a "cashless exercise" basis, on such terms as the Board may determine in its discretion (a "**Cashless Exercise**"). Without limitation, the Board may determine in its discretion that such Cashless Exercise grant a Participant the ability to terminate such Option in whole or in part by notice in writing to the Corporation and in lieu of receiving the full amount of Shares pursuant to the exercise of the Options, receive, without payment of any cash other than pursuant to Section 3.7, as applicable: (i) that number of Shares, disregarding fractions, which when multiplied by the Market Price on the day immediately prior to the Cashless Exercise, have a total value equal to the product of that number of Shares subject to the Option multiplied by the difference between the Market Price on the day immediately prior to the Cashless Exercise and the exercise price of such Option; or (ii) a cash payment equal to the difference between the Market Price on the day immediately prior to the date of the Cashless Exercise, and the exercise price of such Option, less applicable withholding taxes as determined and calculated by the Corporation, excluding fractions. The issuance of Shares pursuant to a Cashless Exercise in Section 2.7(c)(i) above may, at the discretion of the Corporation, involve the assistance of a broker in order to facilitate the exercise of such Participant's Options, which may, among other things, include a sale of such number of Shares as is necessary to raise an amount equal to the aggregate exercise price for all Options being exercised by that Participant under an such exercise notice and any applicable tax withholdings.

ARTICLE 3

MISCELLANEOUS

3.1 Change of Control

- (a) Notwithstanding any other provision of this Plan, in the event of a potential Change of Control, the Board will have the power, subject to any required stock exchange or regulatory approvals, but without the necessity or requirement for the agreement of any Participant: (i) to terminate, conditionally or otherwise and on such terms as it sees fit, any or all of the Options not exercised following the successful completion of such Change of Control; and (ii) subject to this Section 3.1, to accelerate the Expiry Date and/or the vesting of any or all of the Options or otherwise modify the terms of any or all of the Options to assist Participants to obtain the advantage of holding Shares during the Change of Control. The Board will promptly notify each Participant in writing of any acceleration of the Expiry Date and/or the vesting of any or all of the Options, as the case may be.
- (b) If the Board exercises its discretion under this Section 3.1 to accelerate Expiry Dates and/or the vesting of any or all Options, the Board may determine that any exercise will, until the completion of such Change of Control, be conditional. In such case, a Participant that wishes to exercise his or her Options, must deliver an exercise notice together with the aggregate exercise price in the manner specified in this Plan and the related option agreement, which will each be held in trust by the Corporation. If the Change of Control referred to in this Section 3.1 is completed at the time specified therein (as the same may be extended in accordance with applicable law), the exercise will be deemed to be unconditional and the aggregate exercise price will be applied to the purchase of Shares, which shall be deemed to occur immediately prior to the Change of Control, as specified in the exercise notice. If the Change of Control referred to in this Section 3.1 is not completed at the time specified therein (as the same may be extended in accordance with applicable law), the exercise notice and the aggregate exercise price will be returned to the Participant. The Board may make such other modifications to the Plan, including the specific requirements of this Section 3.1, in order to facilitate the conditional exercise and participation by Participants in the Change of Control as may be necessary or advisable.
- (c) If the Change of Control referred to in this Section 3.1 is not completed within the time specified therein (as the same may be extended in accordance with applicable law), the Options that vested pursuant to this Section 3.1 will be reinstated as unvested Options and the original terms applicable to such Options will apply.

3.2 Prohibition on Transfer of Options

Options are personal to each Eligible Person. No Eligible Person may deal with any Options or any interest in them or Transfer any Options now or hereafter held by the Eligible Person, except as provided in Section 2.4. If a Holding Company ceases to be wholly-owned and controlled by an Eligible Individual and/or the spouse, children and/or grandchildren of such Participant, such change in ownership or control shall be deemed to be an improper Transfer of all of the Options held by such Holding Company. An improper Transfer of any Options will not create any rights in the purported transferee, will cause the immediate termination of the Options, and the Corporation will not issue any Shares upon the attempted exercise of improperly Transferred Options.

3.3 Capital Adjustments

If there is any change in the outstanding Shares by reason of a stock dividend or split, recapitalization, consolidation, combination or exchange of shares, or other fundamental corporate change, the Board will make, subject to any prior approval required of relevant stock exchanges or other applicable regulatory authorities, if any, an appropriate substitution or adjustment in (i) the exercise price of any unexercised Options under this Plan; (ii) the number or kind of shares or other securities reserved for issuance pursuant to this Plan; and (iii) the number and kind of shares subject to unexercised Options theretofore granted under this Plan; provided, however, that no substitution or adjustment will obligate the Corporation to issue or sell fractional shares. In the event of the reorganization of the Corporation or the amalgamation or consolidation of the Corporation with another corporation, the Board may make such provision for the protection of the rights of Participants as the Board in its discretion deems appropriate. The determination of the Board, as to any adjustment or as to there being no need for adjustment, will be final and binding on all parties.

3.4 Non-Exclusivity

Nothing contained herein will prevent the Board from adopting other or additional compensation arrangements for the benefit of any Eligible Individual, subject to any required regulatory or shareholder approval.

3.5 Amendment and Termination

Except as otherwise set out below, the Board shall seek shareholder and regulatory approval for any amendments to the Plan. The Board may discontinue the Plan at any time without first obtaining shareholder approval, provided that, without the consent of a Participant, such discontinuance may not in any manner adversely affect the Participant's rights under any Option granted under the Plan.

The Board may, subject to receipt of requisite regulatory approval, where required, and without further shareholder approval, in its sole discretion make the following amendments to the Plan:

- (a) amending typographical, clerical and grammatical errors;
- (b) reflecting changes to applicable corporate, securities or tax laws or to accommodate changes in the rules of applicable stock exchange on which the Shares are listed;
- (c) changing the termination provisions of an Option or the Plan which do not entail an extension beyond the original Expiry Date;
- (d) to clarify any ambiguity or correct inconsistencies and minor errors in the Plan; and
- (e) ensuring that the Options granted under the Plan will comply with any provisions respecting income tax and other laws in force in any country or jurisdiction of which a Participant may from time to time be resident or a citizen.

Notwithstanding the foregoing, the Corporation shall obtain requisite shareholder approval in respect of amendments to the Plan to the extent such approval is required by any applicable laws or regulations.

3.6 Compliance with Legislation

The Board may postpone or adjust any exercise of any Option or the issuance of any Shares pursuant to this Plan as the Board in its discretion may deem necessary in order to permit the Corporation to effect or maintain registration of this Plan or the Shares issuable pursuant thereto under the securities laws of any applicable jurisdiction, or to determine that the Shares and this Plan are exempt from such registration. The Corporation is not obligated by any provision of this Plan or any grant hereunder to sell or issue Shares in violation of any applicable law. In addition, if the Shares are listed on a stock exchange, the Corporation will have no obligation to issue any Shares pursuant to this Plan unless the Shares have been duly listed, upon official notice of issuance, on a stock exchange on which the Shares are listed for trading. The obligation of the Corporation to sell and deliver Shares in accordance with the Plan is subject to the approval of any governmental authority having jurisdiction or any stock exchanges on which the Shares are listed for trading which may be required in connection with the authorization, issuance or sale of such Shares by the Corporation. If any Shares cannot be issued to any Optionee for any reason including, without limitation, the failure to obtain such approval, then the obligation of the Corporation to issue such Shares shall terminate and any exercise price paid by an Optionee to the Corporation shall be returned to the Optionee without interest or deduction.

3.7 Withholding Taxes

The exercise of each Option granted under this Plan is subject to the condition that if at any time the Corporation determines, in its discretion, that the satisfaction of withholding tax or other withholding liabilities is necessary or desirable in respect of such exercise, such exercise is not effective unless such withholding has been effected to the satisfaction of the Corporation. In such circumstances, the Corporation may require that a Participant pay to the Corporation, in addition to and in the same manner as the Option price for the Shares, such amount as the Corporation is obliged to remit to the relevant taxing authority in respect of the exercise of the Option (or alternatively, the Corporation shall have the right in its discretion to satisfy any such liability for withholding or other required deduction amounts by retaining or acquiring any Option shares, or retaining any amount payable, which would otherwise be issued or delivered, provided or paid to a Participant under the Plan).

3.8 Employment

Nothing contained in the Plan shall confer upon any Participant any right with respect to employment or continuance of employment with the Corporation or any Affiliate, or interfere in any way with the right of the Corporation or any Affiliate, to terminate the Participant's employment at any time. Participation in the Plan by a Participant is voluntary.

3.9 No Shareholder Rights

A Participant shall not have any rights as a shareholder of the Corporation with respect to any of the Shares covered by an Option until the Participant exercises such Option in accordance with the terms of the Plan and the issuance of the Shares by the Corporation.

3.10 Effective Date

This Plan shall be effective on November 15, 2010, and as amended on December 5, 2023. Approval by the Board on November 15, 2010, and approved as amended on December 5, 2023.
