Monster Mining Acquires Red Ridge Property

Vancouver, British Columbia. Monster Mining Corp. (the "Company") announces that it has entered into an Option Agreement (the "Agreement") with Larry Bratvold and Brian Scott, both of the Yukon (the "Optionors"), which gives Monster Mining the right to earn a 100% undivided interest in 30 unsurveyed quartz mining claims in the Whitehorse Mining District, more commonly known as the Red Ridge Property (the "Property") and all rights thereto.

The Property is located approximately 40 kilometres south of Whitehorse, in the Whitehorse Mining District and consists of 30 quartz claims covering approximately 530 hectares. The property hosts widespread precious- and base-metal mineralization, centred over a prominent gossanous ridge. Previous exploration identified eight mineralized zones (Western, Miller, Saddle, Don, Vance, East, Moly and North Slope). Mineralization is diverse, and includes sulfide-bearing quartz veins and shear zones, quartz and carbonate stockwork zones and mineralized zones of silicified argillicly altered granodiorite. Reconnaissance programs conducted in 2007 returned best results of 8,662 g/t Ag (278.5 oz/t Ag), and 2.144% Cu from chip samples collected at the East zone, and 3,387 g/t Ag, 4.12 g/t Au and 63.70% Pb from a grab sample collected at the Saddle zone (Prize Mining Corporation News Release, November 29, 2007).

Pursuant to the Agreement, Monster Mining can exercise the option by paying an aggregate of $200,000 to the Optionors, issuing an aggregate of 400,000 common shares in the capital of the Company, and incurring an aggregate of $690,000 of exploration expenditures as follows:

The Optionors are entitled to receive a 3% NSR, half of which can be purchased by the Company at any time for $1,500,000.

Commencing on the 5th anniversary date of the Effective Date, the Company will make advance royalty payments of $20,000 per year, until the earlier of royalty payments being made following production or the tenth anniversary of the Effective Date. The advance royal payments will be offset against amounts later payable to the Optionors upon commencement of production.

The Option Agreement is subject to acceptance by the TSX Venture Exchange.
