ABOUT NORTHLAND POWER

Northland Power is a global power producer dedicated to helping the clean energy transition by producing electricity from clean renewable resources. Founded in 1987, Northland has a long history of developing, building, owning and operating clean and green power infrastructure assets and is a global leader in offshore wind. In addition, Northland owns and manages a diversified generation mix including onshore renewables, solar and efficient natural gas energy, as well as supplying energy through a regulated utility.

Headquartered in Toronto, Canada, with global offices in eight countries, Northland owns or has an economic interest in 2.7 GW (net 2.3 GW) of operating generating capacity and a significant inventory of early to mid-stage development opportunities encompassing approximately 4 to 5 GW of potential capacity.

Publicly traded since 1997, Northland's common shares, Series 1, Series 2 and Series 3 preferred shares trade on the Toronto Stock Exchange under the symbols NPI, NPI.PR.A, NPI.PR.B and NPI.PR.C, respectively.
