

Jazz Aviation recognized as one of Canada’s Best Diversity Employers for the tenth year

HALIFAX, March 2, 2021 – Chorus Aviation Inc. (‘Chorus’) (TSX: CHR) is proud to announce that its subsidiary, Jazz Aviation LP (‘Jazz’), has been named one of Canada’s Best Diversity Employers for the tenth consecutive year in an annual national employer survey by Mediacorp Canada Inc.

“We are honoured to have been recognized as one of Canada’s Best Diversity Employers each year for the past decade. Diversity is core to the culture all Jazz employees are proud of – one that values individual uniqueness and fosters safe spaces that empower employees to be their authentic selves,” said Randolph deGooyer, President, Jazz. “By encouraging inclusive work environments that build on the diverse perspectives, experiences, and abilities of employees, we are fostering innovation and positive change.”

Canada’s Best Diversity Employers recognizes the nation’s top employers who have exceptional workplace diversity and inclusiveness programs. The competition recognizes successful diversity initiatives in a variety of areas, including programs for employees from five groups: women; members of visible minorities; persons with disabilities; Indigenous peoples; and lesbian, gay, bisexual and transgendered/transsexual (LGBT) people.

Mediacorp Canada Inc. recognized Jazz for the many initiatives the airline has developed and supported, including working with a number of community partners to reach out to Aboriginal candidates and mentoring students from First Nations Technical Institute. Jazz encourages young women to consider careers in aviation by participating in annual events such as Girls Take Flight. Also, Jazz embeds diversity and inclusion into its supplier policy.
