

23.2 DENNIS ARNE

I, Dennis Arne, P.Ge (BC #34686) hereby certify that:

- 1) I am an independent consulting geologist with a business address at 300 1055 West Hastings Street, Vancouver, British Columbia V6E 2E9.
- 2) I am a graduate of the University of Regina (1982) with a BSc (Hons.) in Geology; from Lakehead University in 1986 with a MSc in Geology; from the University of Melbourne in 1990 with a PhD in Geology; and from the University of Technology – Sydney in 2006 with a Graduate Diploma in Hydrogeology and Groundwater Management
- 3) I am a registered Professional Geoscientist in good standing with the Association of Professional Engineers and Geoscientists of British Columbia (APEGBC – License no. 34686).
- 4) I have worked for more than 5 years in the minerals exploration industry as a geoscientist. I have work experience in most parts of Canada, as well as in Australia. I have experience in a variety of gold deposit types, including intrusion related gold deposit exploration experience in the Yukon.
- 5) I have read the definition of "qualified person" set out in National Instrument 43-101 ("NI 43-101") and certify that by reason of my education, affiliation with a professional association (as defined in NI 43-101) and past relevant work experience, I fulfill the requirement to be a "qualified person" for the purposes of NI 43-101.
- 6) I am responsible for all sections of the technical report titled "NI 43-101 TECHNICAL REPORT ON THE WHISKEY PROPERTY, DAWSON CITY, YUKON TERRITORY, CANADA FOR SMASH MINERALS CORP." dated NOVEMBER 22, 2010 as revised JANUARY 18, 2011 (the "Technical Report") relating to the Whiskey Property and I am personally responsible for sections 12, 13.2-13.4 and 14 and co-authored sections 10, 19 and 20 with David Benson (QP).
- 7) I have not had prior involvement with the Whiskey Property that is the subject of the Technical Report.
- 8) I am not aware of any material fact or material change with respect to the subject matter of the Technical Report that is not reflected in the Technical Report, the omission to disclose which makes the Technical Report misleading.
- 9) I am fully independent of the issuer and Property vendor applying all of the tests in section 1.4 of National Instrument 43-101 and Section 3.5 of National Instrument 43-101 CP.
- 10) I have read National Instrument 43-101 and Form 43-101F1, and the Technical Report has been prepared in compliance with that instrument and form.
- 11) I consent to the public filing of the Technical Report with the Ontario Securities Commission, the Alberta Securities Commission, the Yukon Securities Commission and the British Columbia Securities Commission, any stock exchange and any other regulatory

authority and any publication by them for regulatory purposes, including SEDAR filings and electronic publication in the public company files on their websites accessible by the public, of the Technical Report and to extracts from, or a summary of, the Technical Report in the written disclosure being filed, by Smash Minerals Corp. in public information documents so being filed including any offering memorandum, preliminary prospectus and final prospectus provided that I am given the opportunity to read the written disclosure being filed and that it fairly and accurately represents the information in the Technical Report that supports the disclosure.

- 12) As of the date of this certificate, to the best of my knowledge, information and belief, the Technical Report contains all scientific and technical information that is required to be disclosed to make the Technical Report not misleading.

Dennis Arne, P.Geol.

Dated at Vancouver, B.C. this 4th day of February, 2011
