About Enforcer Gold Corp

Enforcer Gold Corp is a Canadian-based mineral exploration company and is earning a 50% interest in the royalty-free Roger project from SOQUEM. Roger hosts the Mop-II gold-copper deposit located 5 km from the historic mining center of Chibougamau, Quebec. The Mop-II contains an Indicated resource of 333,000 contained gold equivalent ounces (10,900,000 tonnes @ 0.85 g/t) and an Inferred resource of 202,000 contained gold equivalent ounces (6,569,000 tonnes @ 0.75 g/t). Details of the mineral resource estimate are provided in the Company's September 18, 2018 press release and technical report filed on SEDAR. Mineral resources that are not mineral reserves do not have demonstrated economic viability.

Enforcer also holds a 100% interest in the Waswanipi gold project located 125 km west of Chibougamau. Both projects are situated within the prolific Abitibi greenstone belt, which has produced over 180 M oz. of gold and over 450 M tonnes of copper-zinc ore since the early 1900s.
