

VICE NEWS TONIGHT PROGRAM ON HBO INCLUDES COVERAGE OF AURANIA'S LOST CITIES – CUTUCU PROJECT

Toronto, Ontario, April 12, 2018 – Aurania Resources Ltd. (TSXV: ARU) (“Aurania” or the “Company”) reports that extensive coverage was given to the Company in a documentary entitled “Gold” on a news program called “VICE News Tonight” on the Home Box Office (“HBO”) channel which aired last night, April 11, 2018, at 7:30pm ET in the USA and at midnight ET in Canada. A team from VICE News Tonight made a ten-day site visit to the Company’s Lost Cities – Cutucu Project area in Ecuador in March and spent time filming with our crews in the field. The field visit to Aurania’s project area was funded by HBO and VICE News.

HBO informs us that a link to the online version of this program will be made available in approximately one week, at which time the Company will press release the link.

This program may contain forward-looking information and Aurania cautions viewers that forward-looking information is based on certain assumptions and risk factors that could cause actual results to differ materially from the expectations of Aurania. Please see, “Forward-Looking Statements”, below. The technical information contained in this press release has been verified and approved by Jean-Paul Pallier, MSc., Aurania’s VP-Exploration. Mr. Pallier is a designated EurGeol by the European Federation of Geologists and a Qualified Person as defined by National Instrument 43-101, Standards of Disclosure for Mineral Projects of the Canadian Securities Administrators.

About Aurania

Aurania is a junior exploration mining company engaged in the identification, evaluation, acquisition and exploration of mineral property interests, with a focus on precious metals and copper. Its flagship asset, The Lost Cities – Cutucu Project, is located in the Jurassic Metallogenic Belt in the eastern foothills of the Andes mountain range of southeastern Ecuador.

Forward-Looking Statements

This news release contains forward-looking information that involves substantial known and unknown risks and uncertainties, most of which are beyond the control of Aurania. Forward-looking statements include estimates and statements that describe Aurania's future plans, objectives or goals, including words to the effect that Aurania or its management expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as "believes", "anticipates", "expects", "estimates", "may", "could", "would", "will", or "plan". Since forward-looking statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Although these statements are based on information currently available to Aurania, Aurania provides no assurance that actual results will meet management's expectations. Risks, uncertainties and other factors involved with forward-looking information could cause actual events, results, performance, prospects and opportunities to differ materially from those expressed or implied by such forward-looking information. Forward looking information in this news release includes, but is not limited to, Aurania's company's objectives, goals or future plans, statements, exploration results, potential mineralization, the corporation's portfolio, treasury, management team and enhanced capital markets profile, the estimation of mineral resources, exploration and mine development plans, timing of the commencement of operations and estimates of market conditions. Factors that could cause actual results to differ materially from such forward-looking information include, but are not limited to, failure to identify mineral resources, failure to convert estimated mineral resources to reserves, the inability to complete a feasibility study which recommends a production decision, the preliminary nature of metallurgical test results, delays in obtaining or failures to obtain required governmental, regulatory, environmental or other project approvals, political risks, inability to fulfill the duty to accommodate First Nations and other indigenous peoples, uncertainties relating to the availability and costs of financing needed in the future, changes in equity markets, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects, capital and operating costs varying significantly from estimates and the other risks involved in the mineral exploration and development industry, and those risks set out in Aurania's public documents filed on SEDAR. Although Aurania believes that the assumptions and factors used in preparing the forward-looking information in this news release are reasonable, undue reliance should not be placed on such information, which only applies as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. Aurania disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law.
