FOR IMMEDIATE RELEASE: No. 02/15

MAMMOTH UNAWARE OF ANY MATERIAL CHANGE

Toronto, Canada - March 3, 2015 - Mammoth Resources Corp. ("Mammoth" or the **"Company") (TSX-V: MTH)** wishes to confirm that the Company's management is unaware of any material change in the Company's operations that would account for the recent increase in market activity.

About Mammoth Resources:

Mammoth Resources **(TSX-V: MTH)** is a mineral exploration company focused on acquiring and defining precious metal resources in Mexico and other attractive mining friendly jurisdictions in the Americas. The Company has an option to acquire 100% of the *Tenoriba* property in Mexico mentioned earlier in this news release. The Company continues to seek other option agreements in the Americas on other properties it deems to host above average potential for economic concentrations of precious metals mineralization. In addition the Company is actively pursuing small capital cost, current or near-term precious metal production opportunities in Mexico and other attractive Latin American countries with the objective of becoming a precious metal producer and in so doing channel free cash flow to alleviate its dependence on the current weak resource investment market.

To find out more about Mammoth and to sign up to receive future press releases, please visit the Company's website at www.mammothresources.ca.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release may contain assumptions, estimates, and other forward-looking statements regarding future events. Such forward-looking statements involve inherent risks and uncertainties and are subject to factors, many of which are beyond the Company's control that may cause actual results or performance to differ materially from those currently anticipated in such statements.
