

Moovly Integrates with LinkedIn, Allowing Users to Publish Videos to Personal Profile and Business Pages

VANCOUVER, CANADA - July 26, 2022 - Moovly Media Inc. (TSXV: MVY) (OTCQB: MVVYF) (FRANKFURT: OPV2) ("Moovly" or the "Company") is pleased to announce that it has integrated with LinkedIn's API allowing its users to publish Moovly videos to their personal pages as well as their company's pages, all directly from the Moovly platform.

LinkedIn is the world's largest professional network with more than 830 million members in more than 200 countries and territories worldwide. LinkedIn was acquired by Microsoft in December 2016, bringing together the world's leading professional cloud and the world's leading professional network.

Moovly CEO Brendon Grunewald said "This integration allows LinkedIn's users to publish videos made in Moovly directly to their personal or company LinkedIn profiles. Video is becoming increasingly important in talent acquisition, employee branding, company positioning and candidates promoting themselves online via video resumes. This feature makes that simple to do, and is yet another example of Moovly adding incredible value through integrations, as we continue to build the world's leading online content creation platform."
