

PyroGenesis named one of Canada's top 20 most innovative public technology companies

MONTREAL, Nov. 11, 2015 /CNW Telbec/ - **PyroGenesis Canada Inc.** (<http://pyrogenesis.com>) (TSXV: PYR) (OTCQB: PYRNF), a TSX Venture 50® clean-tech company (the "Company" or "PyroGenesis") that designs, develops, manufactures and commercializes plasma waste-to-energy systems and plasma torch products, announces today that it has been selected by the Canadian Innovation Exchange ("CIX") as one of the most innovative public technology companies in Canada. CIX reviewed hundreds of company profiles and selected the Top 20 based on a number of key factors including products and services offered, depth of management, market opportunity, and business model.

"As a leader in the commercialization of plasma processes, it is an honour to be named one of Canada's Top 20 most innovative public technology companies," said P. Peter Pascali, President and CEO of PyroGenesis. "It is a testament to our team, and our unique ability to find plasma based solutions for real problems across multiple industries."

PyroGenesis will be presenting at the CIX Public Investor Day being held Wednesday, November 18, 2015, at the MaRS Discovery District in Toronto. For additional information or to schedule a one-on-one meeting, please contact Sophy Cesar, VP Investor Relations and Corporate Communications, at 514-937-0002 or visit www.publicinvestorday.com.

About PyroGenesis Canada Inc.

PyroGenesis Canada Inc., a TSX Venture 50® clean-tech company, is the world leader in the design, development, manufacture and commercialization of advanced plasma processes. We provide engineering and manufacturing expertise, cutting-edge contract research, as well as turnkey process equipment packages to the defense, metallurgical, mining, advanced materials (including 3D printing), oil & gas, and environmental industries. With a team of experienced engineers, scientists and technicians working out of our Montreal office and our 3,800 m² manufacturing facility, PyroGenesis maintains its competitive advantage by remaining at the forefront of technology development and commercialization. Our core competencies allow PyroGenesis to lead the way in providing innovative plasma torches, plasma waste processes, high-temperature metallurgical processes, and engineering services to the global marketplace. Our operations are ISO 9001:2008 certified, and have been since 1997. PyroGenesis is a publicly-traded Canadian company on the TSX Venture Exchange (Ticker Symbol: PYR) and on the OTCQB Marketplace (Ticker Symbol: PYRNF).
