ABOUT PATRIOT ONE TECHNOLOGIES, INC. (TSX.V:PAT) (OTCQB: PTOTF) (FRA: 0PL):

Patriot One has developed a first-of-its-kind Cognitive Microwave Radar concealed weapons detection system as an effective tool to combat active shooter threats before they occur. Designed for cost-effective deployment in weapon-restricted buildings and facilities, the NForce CMR1000 software solution and related hardware can be installed in hallways and doorways to covertly identify weapons and to alert security of an active threat entering the premises. Owner/operators of private and certain public facilities

can now prominently post anti-weapons policies with compliance assured. The Company's motto Deter, Detect and Defend is based on the belief that widespread use of its technology will act as an effective deterrent, thereby diminishing the epidemic phenomena of active shooters across the globe.
