On your side

Welcome

Dear Member,

This year we have continued to do all we can to help you, our members, buy your own homes, save and plan for the future and manage your money.

We have reinforced our capital strength to meet the regulator's requirements and to make us one of the UK's strongest and safest places to keep your money.

In addition, we have pressed ahead with our citizenship agenda in support of local communities and people's basic housing and money management needs. 56% of our people are now engaged in our citizenship activity, either through volunteering or fundraising.

We were recognised as the UK's top financial services brand in research conducted in 2013 to identify those brands that take a human approach.* Doing the right thing is ingrained in our culture.

- You can read about how we have continued to help our members with their financial needs on pages 4 and 5.
- You can read about our citizenship agenda on pages 6 and 7.

- You can find a detailed summary of the year and our financial results in the accompanying Summary Financial Statement.
- You can find out more about the directors who sit on your Society's Board on pages 8 to 11.

The governance framework by which your Board continues to provide strong and effective leadership has continued to develop. During the year we commenced the search for my successor and on 2 May it was announced that David Roberts would join the Board as Chairman elect on 1 September with the intention of taking over as Chairman upon my retirement at the AGM in July 2015.

Once again, thank you for your support.

Yours sincerely,

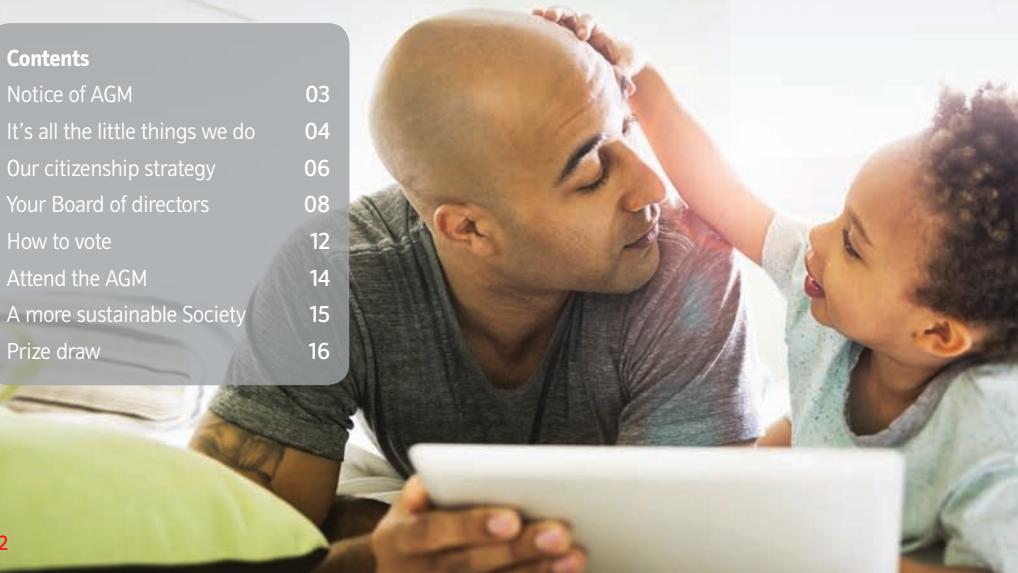

Geoffrey Howe
Chairman

It's all the little things we do...

We helped around one in five first time buyers in the UK take their first step onto the property ladder in 2013/14. And to all those people we helped, we sent a welcome box packed full of essentials like mugs, teabags and biscuits when they moved in.

Being your building society, we can put you first and ensure your needs shape our products and services.

Help with homes

We increased our mortgage lending by 31% last year, helping around 100,000 people to move home or remortgage, while helping another 59,000 people to buy their first home. Our innovative Save to Buy accounts that enable people to apply for a 5% deposit mortgage continued to prove highly popular and we supported the government's Help to Buy Equity Share scheme. We also improved the availability of our mortgage advice service by installing an innovative video-link facility, called Nationwide NOW, at 60 of our smaller branches.

Helping you get the most from your savings

Our savers have continued to struggle in the face of historically low interest rates. But we've done our best to help. Our instant access Loyalty Saver account continues to prove highly popular as it does exactly what its name suggests and rewards your loyalty. With 283,000 new accounts opened during the year, we now have 700,000 Loyalty Saver accounts and total balances exceed £17 billion.

We're delighted that after years of lobbying for the change, the Government finally listened to our calls and from 1 July 2014 savers will be able to split their higher £15,000 ISA allowance as they wish between a cash ISA and a stocks and shares ISA.

Over 500,000 of you have registered for SavingsWatch which lets you know by email as soon as we bring out a new savings account, so you know if you can get a better rate.

...that make a big difference

Our new current account FlexPlus, which offers a range of benefits for a monthly fee of just £10, was rated the UK's best packaged current account by Which? Over 220,000 people have rated it highly enough to choose it for themselves and their families.

Banking you can bank on

We're determined to offer our customers an alternative to relying on the banks for their banking needs and more and more customers are deciding to switch to us. During 2013/14 we opened on average over 35,000 new current accounts a month and won a number of awards. In 2014 we were named Current Account Provider of the Year by **Consumer Moneyfacts**. While our FlexPlus account was named the UK's best packaged current account – both by the consumer champions **Which?** in 2013 and by **Moneynet** at their 2014 Personal Finance Awards.

Online services you can access more easily

Our new redesigned website now makes it much easier to get the online help you need, whether that's a product, a service or a step-by-step guide. Our Mobile Banking app continues to be highly rated on the app stores, perhaps not surprisingly, as we continue to update and upgrade it in response to your feedback. Our new Homebuyer's Companion app, full of useful tips and tools, has also been well received.

We're delighted to be named Best Overall Online Provider and Best Online Banking Provider by Your Money in 2014.

Last year we opened

over 430,000 current accounts

Our citizenship strategy is about responding to your concerns

We're two years into our five year citizenship strategy called 'Living on your side' which we built around feedback we received from you, our members. The strategy focuses on getting more people into a home they can call their own, on helping more people to start saving and on supporting our members' local communities. How are we doing?

Target 1: 750,000 people into homes they can call their own by April 2017

2013/14 target: 169,000 people; result: 200,042 people

2013/14 saw us manage to exceed our target for the year. We helped around one in five first time buyers in the UK take their first step onto the property ladder in 2013/14. Given that many people buy their first home with a partner or family, we estimate that this performance helped around 116,489 people move into a home of their own.

But our partnership with Shelter is also making a difference. Our funding helps support the charity's services like their helpline. We also worked with them to become the first major buy-to-let lender to explicitly allow our borrowers to let to tenants receiving housing benefit. A third of tenants are families with children, and as many as four in ten tenants receive some housing benefit to pay their rent. So this policy change was a big step forward and, if other lenders follow our lead, it will hopefully have an impact on the whole rental market.

To find out more about our relationship with Shelter, where our money goes and the difference it makes, visit nationwide.co.uk and click on 'Why choose Nationwide?' and 'Citizenship'. Don't forget, we'll donate 20p for every vote we receive at this year's AGM.

56% of our people are involved in our citizenship activity. In primary schools, Nationwide volunteers provide one to one support to children struggling with numeracy. It's just one of the ways in which we plan to help 200,000 young people improve their number skills by 2017.

And focusing on those areas where we can have the most impact

Target 2: 1 million new savers by April 2017

2013/14 target: 186,650 new savers; result 203,628 new savers

This year saw us bring out some simple new accounts that people can open online as well as in branch – making it as easy as possible for them to start saving. But people can only save if they are on top of their finances. So we continued our support of the Money Advice Trust, which seeks to improve financial capability amongst those for whom it's a struggle. Numeracy or rather the lack of it also holds many people back. So we launched Talking Numbers, designed to improve the everyday number skills of over 200,000 young people.

Target 3: £15 million channelled into local communities by April 2017

2013/14 target: £2,875,000; result: £4 million

We now have a range of ways in which you can tell us how and where we should invest in local communities, including our Community Match scheme in branch and our online scheme 'The Big Local'. During 2013/14, 972 charities up and down the UK benefited as a result.

Set up by Army widow, Nikki Scott, Scotty's Little Soldiers is dedicated to supporting the children of men and women killed while serving in the British armed forces. Its holiday homes in Blackpool and Great Yarmouth provide a chance for the kids to have seaside fun. It was one of many charities that received a donation through our branch based Community Match scheme and our Wisbech branch has decided to raise money for it throughout 2014.

How to vote

There are three ways you can vote: online, by post, or in person at the AGM.

You can find:

- a summary of the resolutions and of the directors standing for re-election in the Notice of Annual General Meeting on page 3 of this Voting Guide; and
- more information on all the directors standing for re-election on pages 8 to 11.

If you vote online or complete and return the Voting Form, you can still attend and vote at the AGM in person. You have one vote and it is the last vote cast that counts. If you attend the AGM please bring with you the Chairman's letter section of the Voting Form (or some other evidence of your membership). If you are planning to attend and you have any specific requirements please call 0800 33 55 99.

The Board's recommendations

The Board recommends that you vote:

- 'For' each of the resolutions; and
- 'For' the re-election of each of the candidates.

One member one vote

Voting is based on one member, one vote and not on the number or value of any shares or mortgage accounts held. Permanent Interest Bearing Shares (PIBS) issued by Nationwide Building Society (as opposed to Portman, Derbyshire or Cheshire building societies prior to their mergers) and Core Capital Deferred Shares are held by a trustee or a nominee, and each separate trustee and nominee is entitled to a **maximum of one vote at the AGM** (although each trustee or nominee has agreed that it will not in fact exercise its one vote at the AGM).

PIBS issued by Portman, Derbyshire or Cheshire building societies (prior to their mergers) are held by investors directly, and each separate investor is entitled to a **maximum of one vote at the AGM** (even if they hold other qualifying products with Nationwide, Derbyshire, Dunfermline or Cheshire building societies, including other PIBS).

Vote online

To vote online please go to: nationwide.co.uk/agm

There is no need to enter any personal information. Just log on using the voting codes printed on your Voting Form or your AGM email.

Then simply choose the Quick Vote or Standard Vote options – as outlined below.

Quick Vote

This is the easy way to use your vote if you want to support the Board's recommendations and appoint the Chairman of the AGM as your representative to vote on your behalf.

If using the Voting Form, please put an 'X' in the Quick Vote section of the form, and then sign and date the declaration box at the bottom of the page.

If voting online, indicate your acceptance on the Quick Vote section only. Don't complete any part of the Standard Vote box as this will override and replace your Quick Vote.

If you would like access to future member meeting information by email rather than by post, do not forget to tick that option, which you will find in Step 3 on the Voting Form or on the online voting facility.

OR

Standard Vote

Use the Standard Vote if:

- you would like to tell the Chairman or your representative how to vote on the resolutions and/or the re-election of directors; or
- you want to appoint a representative other than the Chairman to vote on your behalf.

Simply complete the Standard Vote section of the Voting Form then sign and date the Voting Form in the declaration box at the bottom of the page. Alternatively indicate your acceptance on the relevant part of the online voting facility. You do not have to use all or any of your votes.

Where you do not use your vote, for example, on a particular resolution or in relation to a particular candidate, your representative will be able to vote for you on that item at the AGM (and at any adjournment) as they see fit.

To be eligible to vote, you must meet the voting conditions on the back of the Voting Form or set out on the online voting site.

Corporate members

A corporate member of Nationwide has the same rights as an individual member and may appoint someone (who need not be a member) to act as its representative at the AGM. The appointment must be in writing, signed by someone duly authorised and must be received by the Group Secretary, Nationwide Building Society at Nationwide House, Pipers Way, Swindon, Wiltshire SN38 1NW by 11am on 11 July 2014.

Appointment of a representative

You can appoint someone other than the Chairman as your representative to attend the AGM and vote on your behalf. Simply complete the 'Appointment of a representative' section on the reverse of the Voting Form, sign and date the declaration and return the Voting Form in the envelope provided. Alternatively, complete the relevant section of the online voting facility.

On arriving at the meeting, your representative should register at the Proxy Desk in the foyer. They should bring some identification such as a passport or driving licence as well as a note of your unique customer number shown on the Voting Form.

Building a more sustainable Society

Doing the right thing for the environment

Last winter's floods and storms, which we know affected many of our members, once again highlighted the impact of severe weather events and the dangers we face in making our weather more volatile through carbon emissions. But for us, environmental sustainability is not just about protecting our planet, it is about good business sense, protecting our business from fluctuating utility costs and climate change legislation.

This year we are proud to have achieved Carbon Trust Standard Accreditation for the management and reduction of our operational carbon emissions over the last three years. Since our baseline year (2010/11) we have reduced our emissions by 15%. We have also succeeded in reducing the amount of waste we send to landfill. That figure is now 5%. By 2015 we expect it to be zero.

Our use of water is coming down too. In fact it has dropped by 20% since 2010/11, thanks to simple measures like installing press taps and waterless urinals in our admin centres.

Doing the right thing for our people

Ensuring our employees feel valued and motivated is another policy that makes perfect business sense, because then they are more likely to do their best for you. So we were delighted that this year we were placed 11th in The Sunday Times' list of the Top 25 Big Companies to work for. That ranking is based on anonymous feedback supplied by our employees.

WIN

Up to £5,000 in our prize draw

When you vote we'll enter you in our prize draw to win £5,000 or one of ten £500 runner up prizes.

You must be eligible to vote at the AGM. See the voting conditions section on the Voting Form or on the online voting site. If you win, we will put the money into a Nationwide Group account.

You may choose any new or existing account from our current product range for which you are eligible. There's no alternative to the prize stated. Full terms and conditions are available on request and at your.nationwide.co.uk/rules

See the back of the Voting Form for more details.

Keeping you informed

You don't have to wait until AGM time to stay informed about Nationwide. Our members can follow our news and performance right through each year. We always publish our interim and full year results online at nationwide.co.uk – just use the search function and enter 'Results' to reach the appropriate section. You can also arrange to get a copy of our Annual Report and Accounts by request at any branch.

We publish our customer service statistics, compiled from what you tell us in our monthly surveys, at your.nationwide.co.uk/stats

A visit online to your.nationwide.co.uk/talkbacks will provide details of our regular TalkBack events around the UK where members can give feedback to the Society and make suggestions about the services and products we provide.

Some of the major changes that our members have helped to bring about are found at your.nationwide.co.uk/changes

Our Chief Executive invites you to read his online blog, where he shares his thoughts on topics of interest at your.nationwide.co.uk/blog and we're on Facebook and Twitter.

Online we've also provided a number of informative articles to help you avoid becoming a victim of fraud. At Nationwide we're committed to stamping out fraud, which is why we're at the forefront of industry initiatives designed to protect you from the risk of financial crime.
