

Braille Energy Systems Inc. Engages Atrium Research Corporation

Ottawa, ON, April 20, 2023 —Braille Energy Systems Inc. (TSXV:BES) (“**Braille**” or the “**Company**”) announces today that it has engaged the services of Atrium Research Corporation, an issuer paid research report producer (“**Atrium**”). Atrium will produce a number of research reports based on publicly available information, industry data, and discussions with management to assist the Company in presenting its investment case to potential investors. In exchange for its research services, Atrium will receive cash compensation in the amount of \$3,000 per month for a term of 12 months. Atrium and the Company are arm’s length parties, and Atrium holds no shares or options to purchase shares in the issued and outstanding capital of Braille.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

About Braille Energy Systems Inc.

Braille Energy Systems Inc. holds an 89.95% equity interest in Braille Holdings Inc., which holds a 100% equity interest in Braille Battery Inc. Braille Battery is an established battery-manufacturing and energy storage company supplying batteries to the professional motor sports industry and the pioneer of a complete line of lightweight high powered battery systems for the transportation market. Braille Energy Systems (BESI) will expand its market penetration into a wider range of market segments that require lightweight, high-performing energy solutions, using the most scientifically advanced materials. For additional information about BESI and Braille Battery products, please visit our website at: www.brailleenergy.com or www.braillebattery.com.

Forward-Looking Statement

This News Release contains "forward-looking information" within the meaning of Canadian securities legislation. All information contained herein that is not clearly historical in nature may constitute forward-looking information. Generally, such forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain

actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance, or achievements of the Company to be materially different from those expressed or implied by such forward-looking information. Forward-looking information is based on assumptions management believes to be reasonable at the time such statements are made, including but not limited to, receipt of required regulatory approvals, and such other assumptions and factors as set out herein. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in the forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such forward-looking information. Such forward-looking information has been provided for the purpose of assisting investors in understanding the Company's business and operations and may not be appropriate for other purposes. Accordingly, readers should not place undue reliance on forward-looking information. Forward-looking information is made as of the date of this News Release, and the Company does not undertake to update such forward-looking information except in accordance with applicable securities laws.
