About Stria

Stria Lithium is a Canadian junior mining exploration company with an expanding technology focus and is the sole owner of the Pontax spodumene lithium property in Northern Québec. Stria's mission is to be a reliable, profitable global source for both lithium metal and lithium compound products and process technologies for producing value added lithium products.

Stria's expanded business focus is on the application of in-house developed technologies and processes that lead to the production and milling of lithium metal and lithium metal foil for advanced lithium batteries. From the production of lithium metal also comes the value-added production of lithium hydroxide; lithium carbonate; lithium fluoride; and lithium chloride.

Lithium is a critical metal in the universal fight against global warming. It is a core component of Lithium-Ion batteries used for powering electric vehicles and for industrial scale energy storage. For more information about Stria Lithium, please visit www.strialithium.com.
