

Jason Martin Announced as Board Chairman

TSX-V: GGG, OTCQB: GPHBF

NEW YORK, March 19, 2015 /CNW/ - The Board of Directors of Graphene 3D Lab Inc. (TSX-V: GGG, OTCQB: GPHBF) ("Graphene 3D") announce the appointment of current Board Member, Jason Martin, to the position of Board Chairman. Mr. Martin joined the Board in January of this year.

Mr. Martin brings a wealth of experience in the technology industry to the position. He currently serves as President and CEO of Iotum, a global communications service provider. In 1998 he co-founded Navantis, a technology solutions company, where he served as President for 13 years. During his tenure at Navantis, the company became one of the world's first 25 Microsoft Solutions partners.

Graphene 3D recently announced the launch of commercial sales of its conductive 3D printer filament. Mr. Martin commented, "We're equipping designers to create innovative functional 3D print projects in ways that you couldn't imagine a couple years ago. Graphene 3D has pushed through a major milestone. We are now generating revenue by selling our revolutionary conductive filaments. There are some amazing new things we've got planned for the near future."

Graphene 3D Lab CEO, Daniel Stolyarov commented, "Mr. Martin is a welcome addition as Chairman of our Board. He has years of experience as an entrepreneur in the technology industry and we look forward to his contributions."

Graphene 3D's conductive filaments are now available for sale on the Company's e-commerce site at www.blackmagic3d.com.

About Graphene 3D

Graphene 3D Lab is in the business of developing, manufacturing, and marketing proprietary graphene-based nanocomposite materials for various types of 3D printing, including fused filament fabrication. The Company is also involved in the design, manufacture, and marketing of 3D printers and related products for domestic and international customers.

The Graphene 3D Lab facility is located in Calverton, NY and is equipped with material processing and analytical equipment. The company has four US patent applications pending for its technology. For more information on Graphene 3D Lab, Inc., visit www.graphene3dlab.com.

FORWARD LOOKING INFORMATION

This news release contains "forward-looking information" within the meaning of applicable securities laws. Forward-looking information and statements involve known and unknown risks and uncertainties that may cause actual results, performance and achievements to differ materially from those expressed or implied by the forward-looking information and statements and accordingly, undue reliance should not be placed thereon.

A more complete discussion of the risks and uncertainties facing the Company is disclosed in the Company's continuous disclosure filings with Canadian securities regulatory authorities at www.sedar.com. All forward-looking information herein is qualified in its entirety by this cautionary statement, and the Company disclaims any obligation to revise or update any such forward-looking information or to publicly announce the result of any revisions to any of the forward-looking information contained herein to reflect future results, events or developments, except as required by law.

THE FORWARD-LOOKING INFORMATION CONTAINED IN THIS PRESS RELEASE REPRESENTS THE EXPECTATIONS OF THE COMPANY AS OF THE DATE OF THIS PRESS RELEASE AND, ACCORDINGLY, IS SUBJECT TO CHANGE AFTER SUCH DATE. READERS SHOULD NOT PLACE UNDUE IMPORTANCE ON FORWARD-LOOKING INFORMATION AND SHOULD NOT RELY UPON THIS INFORMATION AS OF ANY OTHER DATE. WHILE THE COMPANY MAY ELECT TO, IT DOES NOT UNDERTAKE TO UPDATE THIS INFORMATION AT ANY PARTICULAR TIME EXCEPT AS REQUIRED IN ACCORDANCE WITH APPLICABLE LAWS.

NEITHER TSX VENTURE EXCHANGE NOR ITS REGULATION SERVICES PROVIDER (AS THAT TERM IS DEFINED IN POLICIES OF THE TSX VENTURE EXCHANGE) ACCEPTS RESPONSIBILITY FOR THE ADEQUACY OR ACCURACY OF THIS RELEASE.
