InsuraGuest Signs Vendor Agreement with Vacation Rental PMS Lightmaker Property Manager (LMPM) and Begins API Integration

VANCOUVER, British Columbia (September 14, 2021) -- InsuraGuest Technologies, Inc.® (TSX-V: ISGI)(OTCQB: ISGIF) ("InsuraGuest" or the "Company"), through its wholly owned U.S. hospitality subsidiary InsuraGuest®, is pleased to announce it has signed a vendor agreement with LMPM, one of the world's best property management systems for vacation rentals, and begun integration with their API.

InsuraGuest will soon be able to be purchased by users of LMPM, including professional hosts and property management companies. Once in use, the Host will use InsuraGuest's insurance coverages as their primary no fault medical policy with a property rider to address claims made by guests.

Reed Wright, President of InsuraGuest Technologies, stated, "The vacation rental sector grew eight-nine percent (89%) last year. So, our focus moving forward is to connect to as many vacation rental property management systems (PMS) as we can. The more PMS systems we connect to, the more properties listings we can access, and the more InsuraGuest's insurance products we can sell."

Vacation Rental Operators

The Vacation Rental property automatically attach the InsuraGuest coverage to each reservation, which activates the coverage at check-in and de-activates it upon check-out, covering the property if a guest is injured. The coverage is on a no-fault primary basis, which means InsuraGuest pays the claim first, if a guest is injured, no matter who's fault it is!

Information set forth in this news release contains forward-looking statements that are based on assumptions as of the date of this news release. These statements reflect management's current estimates, beliefs, intentions and expectations. There is no assurance that this new business product offering or other planned products will be successful. The insurance industry is intensely competitive, and the Company's competitors have significantly more resources than the Company. Acceptance by potential customers is difficult to predict, particularly in the case of new products and disruptive technologies. If the Company fails to achieve market acceptance, this will significantly impact its results and financial resources. Achieving market acceptance may require advertising budgets that exceed the Company's current resources and require the Company to seek additional debt or equity financing. There is no assurance that such financing will be available at reasonable prices or at all.

NEITHER TSX VENTURE EXCHANGE NOR ITS REGULATION SERVICES PROVIDER (AS THAT TERM IS DEFINED IN THE POLICIES OF THE TSX VENTURE EXCHANGE) ACCEPTS RESPONSIBILITY FOR THE ADEQUACY OR ACCURACY OF THIS RELEASE.
