

Investing in Private Equity

Dunedin

Dunedin Enterprise Investment Trust PLC specialises in the provision of private equity finance. Private equity is medium to long term finance provided in return for an equity stake in established, potentially high growth, private companies.

The Company's investment objective is to achieve substantial long term capital growth in its assets through capital gains from its investments.

Chairman's Statement

David Gamble, Chairman

Dunedin Enterprise is the only UK listed investment trust with an ongoing mandate to invest exclusively in the UK lower mid-market. It thus represents a unique opportunity to access this part of the private equity market for investors. The Company operates a Distribution Policy whereby a proportion of capital proceeds from realised investments are returned to shareholders. This aims to optimise the use of capital resources within the Company.

Results

As at 31 December 2013 the net asset per share was 529.3p. Taking into account last year's final dividend of 6.5p, there was a total return to shareholders of 0.6%. The share price total return over the same period was 7.4%. At the time of writing the share price is 409p, a discount of 22.7% to net asset value per share.

Over the past 10 years the Company has achieved a net asset value total return of 8% per annum.

A final dividend of 16.5p per share is proposed, at a cost of £3.6m. The dividend is payable on 23 May 2014 following the AGM.

During the year the Company's investment in two European funds, Egeria and FSN Capital, was disposed of for a total consideration of £17.4m. In addition the Trust's holding in Practice Plan was sold, generating capital proceeds of £9.0m and income of £6.1m.

A distribution of £12.5m was made to shareholders via a tender offer in May 2013 at a price of 475p and a further distribution of £5.5m by way of a tender offer at 475p was made in October 2013. The balance of capital currently available for distribution under the Distribution Policy amounts to £5.2m. It is therefore proposed by the Board that £5.2m is returned to shareholders via a tender offer in May 2014 at 475p per share, as set out in Resolution 13 of the Notice of Annual General Meeting.

Since the Distribution Policy was introduced in 2011, the Company has returned £39.1m to shareholders.

Following the tender offer in May 2014 this total increases to £44.3m. This represents 28% of the net assets of the Company as at 30 September 2011, the nearest quarter end prior to the introduction of the Distribution Policy.

Included with the results for the year ended 31 December 2013 is a management performance fee of £0.5m. The performance fee relates to the successful realisation to date of three of the Company's five European funds. The basis for the fee was approved by shareholders in 2012 and is payable on 31 December 2014.

Portfolio

The change of emphasis away from Europe to the UK has continued successfully. During the year a further commitment was made to Dunedin Buyout Fund III, which will invest in the UK lower mid-market. This takes the Company's commitment to £60m and will be drawn down over the next four years. Following the disposal of stakes in Egeria and FSN Capital, two European funds remain in the portfolio, Realza and Innova.

At 31 December 2013 the portfolio consisted of Dunedin managed UK investments 65%, European investments 11% and cash 24%. The Company had outstanding commitments of £62.6m to Dunedin funds, £13.7m to European funds and cash or near cash of £27.9m. In addition the Company has a bank facility of £20m which expires on 27 February 2017. It is expected that £55m of the total outstanding commitments will ultimately be drawn over the remaining life of the funds. The Board is comfortable with the balance between uncalled commitments and cash resources given the expected rate of new investment.

A total of £18.5m was invested during the year of which £14.0m was invested by Dunedin funds and £4.5m drawn down by European funds. Details are contained in the Manager's Review.

Alternative Investment Managers' Directive

This European Directive seeks to reduce systematic risk by regulating alternative investment fund managers ("AIFMs") responsible for managing certain investment funds (including investment trusts). The Directive was implemented on 22 July 2013 and the Financial Conduct Authority ("FCA") permits a transitional period of one year during which AIFMs must seek authorisation. Dunedin LLP is approved by the FCA as a small AIFM and has been appointed as the Company's AIFM.

Independence Referendum

The Board is concerned about the uncertainty surrounding the Independence Referendum in Scotland and will develop contingency plans as appropriate.

New Reporting Requirements

A number of changes to annual reporting by companies have been introduced, effective from 30 September 2013. These include the introduction of a new Strategic Report which is intended to replace the Business Review section of the Directors' Report. Other changes comprise additional Audit Committee reporting requirements and changes to the structure and voting requirements in respect of the Directors' Remuneration Report.

Board changes

As announced in the interim statement, I will retire from the Board at the AGM. I have been on the Board since 2001 and have been Chairman for the past two years.

Duncan Budge, who joined the Board in 2012, will become Chairman. I have really enjoyed my time as a Director of the Trust and believe that it has a sound future, an excellent Manager and a purposeful and challenging Board.

Outlook

The UK economy appears to be relatively stable and, although there are some signs of improvement, the recovery is patchy. GDP growth at the time of writing is forecast at 1.8% for 2013 and 2.4% for 2014. Unemployment is forecast to fall from 7.5% in 2013 to 7.1% in 2014. The international indicators are also pointing in a positive direction.

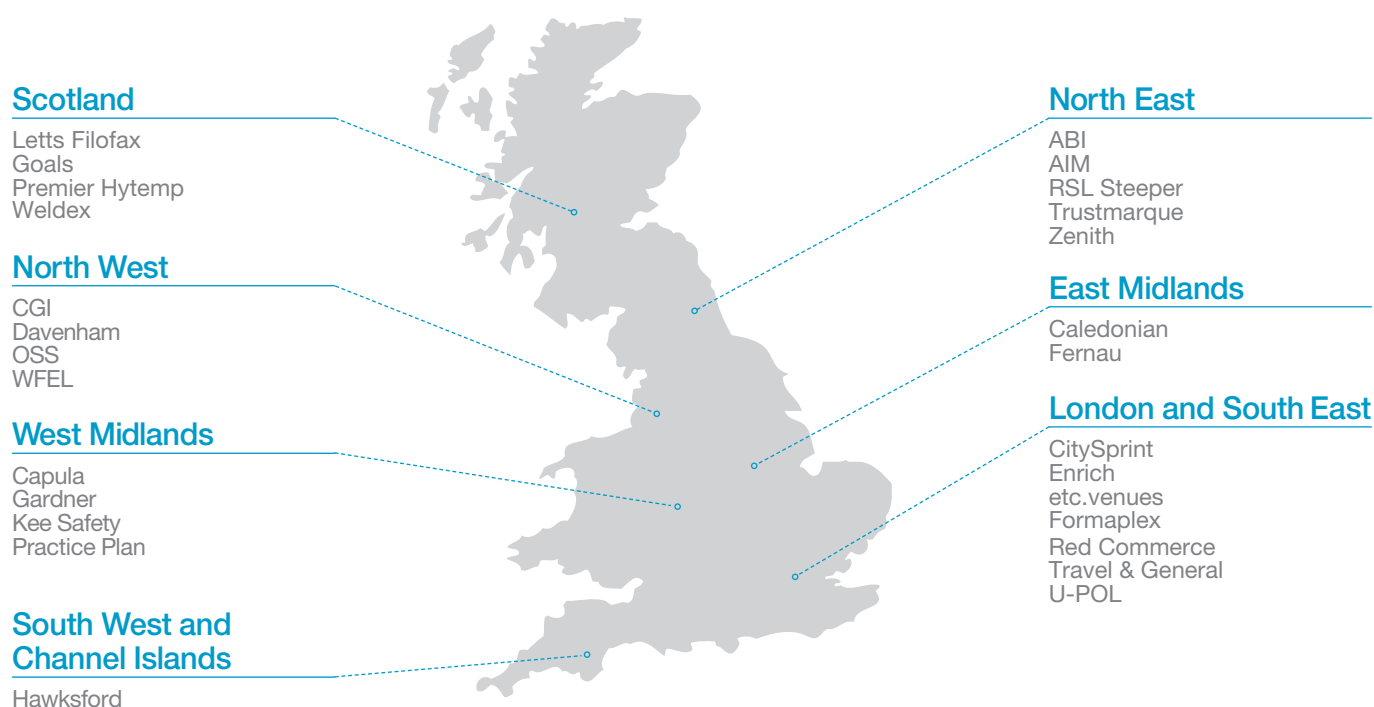

Continuing improvement in the economic outlook will reinforce portfolio prospects. The majority of portfolio companies are budgeting for increased profits in 2014. Your Manager seeks to invest in UK companies with growth strategies in both the UK and abroad. This in turn has resulted, inter alia, in a greater degree of internationalisation of the portfolio.

In terms of new investment, the outlook for the UK market in 2014 is for a quieter first half and busier second half of the year.

The Manager

The Board has appointed Dunedin LLP to manage the Company. In addition to the Trust, Dunedin manages a European fund of funds and four limited partnership funds. The Trust has committed £60m (20%) to Dunedin's latest £306m fund, Dunedin Buyout Fund III LP.

Dunedin provides equity finance for management buyouts and management buyins with a transaction size of £20m – £100m. It is an independent private equity house, owned by the partners, operating throughout the UK from offices in Edinburgh and London. It has a New Investment team comprising sixteen investment professionals. Seven of the Partners have worked together for more than ten years, giving it an unrivalled depth of experience in the UK lower mid-market buyout market.

Dunedin focuses on a number of sectors, using its depth of knowledge to understand the market drivers and to build relationships with management teams, key industry participants and influencers. The firm has enjoyed particular success in the industrial, business services and financial services sectors, completing 22 portfolio acquisitions since 2011 in order to drive the growth and internationalisation of its investee businesses.

Dunedin targets buyout investments where it can partner with management teams to build better businesses. Dunedin provides the knowledge, skills and finance to help the companies it backs to develop and attain their full potential. It targets businesses with the following characteristics:

- Proven management team with the desire to create and deliver value
- Strong market position, niche or brand
- Clear organic growth potential
- Internationalisation opportunities
- Potential for buy and build or roll-out
- Barriers to entry
- Legislation-driven products or services

Dunedin is authorised and regulated by the Financial Conduct Authority.

Manager's Review

In the year to 31 December 2013 the net asset value per share has moved from 532.7p to 529.3p. After taking account of a final dividend for 2012 of 6.5p (paid in 2013), the movement in the year equates to a total return of 0.6%.

The Company's net asset value decreased from £137.2m to £116.3m over the year. This movement is stated following tender offers of £18.0m and dividend payments totalling £1.7m.

This movement in net assets is explained by:

	£m
Net asset value at 1 January 2013	137.2
Unrealised value increases	7.7
Unrealised value decreases	(7.5)
Realised profit over opening valuation ^{*1}	(4.9)
Tender offer to shareholders (excluding costs)	(18.0)
Dividends paid to shareholders	(1.7)
Other revenue and capital movements	3.5
Net asset value at 31 December 2013	116.3

^{*1} – £6.1m of income was also received from the realisation of Practice Plan and recognised under "Other revenue and capital movements". This accrued income was reflected in the opening valuation of Practice Plan

Tender Offer

In 2013 the Company undertook two tender offers. The first in May 2013 was for 10.2% of the share capital of the Company at a price of 475p per share which was a 10.8% discount to the most recently published net asset value per share as at 31 December 2012. In October 2013 there was a second tender offer undertaken by the Company at a price of 475p per share which represented a discount of 11.2% to the net asset value per share as at 30 June 2013. The total amount returned to shareholders under these tender offers amounted to £18.0m. This takes the total returned to shareholders via tender offers under the Distribution Policy to £39.1m. There remains up to £5.2m to be returned to shareholders under the Distribution Policy following the realisation of Practice Plan detailed below.

Portfolio Composition

Dunedin Enterprise makes investments in unquoted companies through Dunedin managed funds. In the past the Company has made commitments to funds managed by third parties. The last such commitment was made in 2009.

The investment portfolio can be analysed as shown in the table below.

	Valuation at 1 January 2013 £'m	Additions in year £'m	Disposals in year £'m	Realised movement £'m	Unrealised movement £'m	Valuation at 31 December 2013 £'m
Dunedin managed	76.5	14.0	(9.7)	(5.9) ^{*2}	0.2	75.1
Third party managed	25.7	4.5	(17.6)	1.0	–	13.6
	102.2	18.5	(27.3)	(4.9)	0.2	88.7

^{*2} – this excludes £6.1m of income which was received from the realisation of Practice Plan which is recognised through the Income Statement

New Investment Activity

A total of £18.5m was invested in the year to 31 December 2013. Of this total, £14.0m was invested in Dunedin managed funds and £4.5m was drawn by European third party funds.

On 7 June 2013 an investment of £4.1m was made in Trustmarque Solutions ("Trustmarque") through DBFIII. DBFIII invested £20.8m for a majority stake in the company. Trustmarque has been in operation for over 25 years and manages customers' computer software and licensing from a wide range of developers including Microsoft, VMware and McAfee. Its professional and consultative services enable

organisations to optimise their IT resource, improve efficiencies and reduce costs. The business employs 180 people at three sites in York (HQ), Bracknell and Edinburgh. It currently services over 1,200 clients including RBS, Lloyds Banking Group, Sainsbury's, the NHS, Ministry of Defence and a broad spectrum of local authorities and central government agencies. A further £0.2m was invested in Trustmarque by your Company in December 2013 to fund an acquisition.

On 30 November 2013 an investment of £6.3m was made in Kee Safety through DBFIII. DBFIII invested £32m in Kee Safety, which will help enable the business to continue international expansion. Kee

Safety's products include fall prevention equipment, roof edge protection, barrier and guardrail systems and safe access solutions. The company employs 274 people and sells its products in over 50 countries. Headquartered in Birmingham, Kee Safety's customers range from multi-national corporations, to major contractors, distributors and installers. Demand for protective equipment is being driven by increased levels of safety regulation and enforcement around the world. The business operates sales and distribution centres in the UK, Germany, the USA and Dubai and sales offices in Canada, China, France and Poland.

A further £0.7m was invested in existing portfolio companies, Hawksford (£0.5m) and CGI (£0.2m). There were drawdowns totalling £2.7m made during the year by Dunedin managed funds for management fees.

A total of £4.5m was drawn down by three of the European funds to which the Company has made commitments. The most significant drawdowns were made by FSN Capital (£2.6m) prior to realisation, Innova (£1.7m) and Realza (£0.1m). These funds make investments in buyouts in the Pan-Nordic mid-market, Central Eastern European mid-markets and Spain and Portugal respectively. A total of six underlying companies were purchased during the year.

Realisations

In the year a total of £27.3m was generated from portfolio realisations.

An agreement to sell Practice Plan to Wesleyan Assurance Society was reached in August 2013 and the transaction completed in October 2013. Total proceeds received from the investment during the year were £15.1m consisting of £9.0m of capital and £6.1m of income. This compared to a valuation of £12.1m at the start of the year. The capital gain on the transaction was £3.2m.

There was further progress made during the year in realising the European Fund investments with the sale of the Company's interest in Egeria Private Equity Fund III and FSN Capital III. The sale of Egeria was completed in February 2013 at the same value (£8.3m) as was recorded in last year's financial statements. The investment in FSN Capital was achieved in May 2013 generating proceeds of £9.0m and a value uplift in the year of £1.0m.

The remaining realisations of £1.0m consisted of loan redemptions and deferred consideration payments.

Cash and commitments

At 31 December 2013 the Company had cash and near cash balances of £27.9m all of which are denominated in sterling. The Company has a revolving credit facility with Lloyds of £20m. The term of the facility has been extended to three years with the facility expiring on

27 February 2017. The duration of the facility has been extended to ensure that all commitments to funds can be met by the Company.

A commitment of £60m was made by the Trust to Dunedin's third buyout fund. This fund has total commitments of £306m and will make investments in the UK lower mid-market over the next four years.

The Company has undrawn commitments to Dunedin managed funds of £62.6m and a further €16.5m (£13.7m) of undrawn commitments to the two remaining European funds. It is expected that £55m of the total outstanding commitments will ultimately be drawn over the remaining life of the funds.

Unrealised movements in valuations

In the year to 31 December 2013 there were valuation uplifts generated from the following investments: CitySprint (£2.7m), CGI (£2.0m), Hawksford (£1.1m) and UPOL (£0.6m).

The maintainable earnings of CitySprint, the same day courier, have increased by 20% during the year. This has been generated by its ongoing acquisition and integration of small operators and from organic growth in healthcare and inline retail fulfilment. Since Dunedin made its investment in CitySprint the company has made a total of thirteen acquisitions.

The specialist glass manufacturer, CGI, has shown a 6% increase in maintainable earnings which has been combined with a £2.9m reduction in the net external debt of the company.

Hawksford, the Jersey based provider of trust and fiduciary services, has generated an increase of 9% in maintainable earnings during the year. This has been achieved through the acquisition of operations in Switzerland and the United Arab Emirates as the company seeks to internationalise its operations.

UPOL, the manufacturer of branded automotive refinishing consumables, has generated a 5% increase in maintainable earnings combined with a reduction in net external debt of £8.3m.

The most significant valuation reductions in the year to 31 December 2013 were at Premier Hytemp (£4.0m) and Weldex (£1.4m). Premier Hytemp has suffered a reduction in demand from some key customers. In addition to this, the business has also suffered depressed margins on the supply of nickel alloy due to excess nickel supply in the market and price cutting actions from main competitors. Weldex earnings have been impacted by delays in two main contracts in the year, which are now scheduled to commence in 2014. The Manager sits on the board of each of these

companies and is working closely with management teams in order to restore value in these investments.

The majority portfolio companies are forecasting an increase in profits during 2014 and there are none which have any issues with banking covenants.

Valuations and Gearing

The average earnings multiple applied in the valuation of the Dunedin managed portfolio was 7.1x EBITDA (2012: 7.0x), or 8.0x EBITA (2012: 8.5x). These multiples continue to be applied to maintainable profits.

Within the Dunedin managed portfolio, the weighted average gearing of the companies was 2.3x EBITDA (2012: 2.2x) or 2.8x EBITA (2012: 2.7x). Analysing the portfolio gearing in more detail, the percentage of investment value represented by different gearing levels was as follows:

Less than 1 x EBITDA	21%
Between 1 and 2 x EBITDA	37%
Between 2 and 3 x EBITDA	22%
More than 3 x EBITDA	20%

Of the total acquisition debt in the Dunedin managed portfolio companies the scheduled repayments are spread as follows:

Less than one year	14%
Between one and three years	32%
More than 3 years	54%

Percentage of Dunedin Enterprise's net assets	13.7%

CitySprint (UK) Group Limited

In December 2010, Dunedin Enterprise invested £9.8m in CitySprint to support the company's ongoing organic and buy and build strategy.

CitySprint is the UK's market leader in the same day delivery sector with a national network of 37 service centres. CitySprint benefits from an asset light business model with over 2,500 self-employed couriers, making the business both highly flexible and scalable.

The business splits its activities into key services of same day courier, same day logistics and International and UK overnight courier to a number of different sectors, including healthcare, online retail fulfilment and parts fulfilment such as outsourced supply chain services for engineering and servicing companies, including delivery of parts and stock forwarding. CitySprint now has the UK's largest SameDay healthcare courier network.

Since the beginning of 2013, CitySprint has made six acquisitions to expand its reach and consolidate its position as the UK's leading private same day distribution company, bringing the number of acquisitions made since Dunedin's buyout to thirteen. The acquisitions were Heathrow Baggage, SameDay, The Courier Service, UK Express, Built Couriers and Dash It.

In the year to 31 December 2012, the audited operating profit of CitySprint was £9.0m (2011: £6.1m) on turnover of £101.1m (2011: £74.3m). Dunedin Enterprise's investment is held via Dunedin Buyout Fund II LP.

C.G.I. Group Holdings Limited

Dunedin Enterprise first invested in CGI in 1998, in support of a management buyout of the company. Since that time the company has been through two refinancings allowing Dunedin Enterprise to realise a total of £14.5m in capital and income to date from this investment.

CGI is a leading independent manufacturer and supplier of specialist fire glass. The company exports two thirds of its production from its base in Haydock, Merseyside.

In November 2012, CGI reinforced its European reach with the creation of CGI France – a new trading entity. Acquiring the business activities of Interfer SA in France, a long established producer of fire resistant glass, CGI France will enhance the existing range of products and expand its geographic and customer reach. Located in the East of France at Seingbouse in Moselle, CGI France operates from a 120,000 sq. ft. production facility more than doubling the Group's previous manufacturing capacity.

From a customer and service perspective, the new operation will increase the efficiency of deliveries to pan-European customers while the Pyroguard portfolio will now include the complete range of E, EW and EI products for all timber, steel, aluminium, double glazed and butt joint applications.

In the year ended 31 December 2012, the audited operating profit of CGI was £1.0m (2011: £1.4m) on turnover of £13.3m (2011: £12.1m). Dunedin Enterprise's investment is held directly.

Realza Capital FCR

Realza Capital FCR is a Spanish private equity fund making investments in Spain and Portugal. The fund is limited to investing 15% of commitments in Portugal.

The fund invests in companies with leading market positions and attractive growth prospects either through organic growth or through subsequent merger & acquisition activity. Realza seeks to invest in companies with an Enterprise Value normally ranging from €20m to €100m. The fund's typical equity investment will range from €10m to €25m.

In light of the difficult economic environment in Spain the fund has been cautious to invest since final close of the fund in 2008. As at 31 December 2013 the fund has invested in four portfolio companies and was 48% drawn.

The areas of business in which the fund's four investments operate are:- management and operation of dental clinics; manufacture and sale of digital photo-books; manufacture and sale of household cleaning and personal care products; tax management services to local government.

Dunedin Enterprise's investment is held via Dunedin Fund of Funds LP.

Hawksford

Percentage of equity held	16.0%
Cost of Investment	£4.3m
Directors' valuation	£7.9m
Percentage of Dunedin Enterprise's net assets	6.8%

Hawksford International Limited

Dunedin Enterprise invested £3.7m in the £29m buyout of Rathbone International in October 2008. The business was renamed Hawksford following the deal. A £13.5m senior debt refinancing was concluded three weeks after completing the buyout.

Hawksford is a Jersey based provider of trust and fiduciary services to ultra-high net worth individuals and corporates. The business, which has its foundations in the mid-nineteenth century, has been built through the consolidation of high quality firms in Jersey, one of the largest global centres for offshore fiduciary services.

In the last three years the business has completed the acquisitions of Key Trust Company Limited, Trustcorp Jersey Limited, L-S&S GmbH, a Swiss boutique private wealth law firm, and the funds business of Standard Bank Dubai. These acquisitions have further enhanced Hawksford's market leading-position through additional high quality people and clients. Hawksford has recently appointed a new CEO, Maxine Rawlins, who has experience of successfully growing a multi-jurisdiction fiduciary services business. The focus of the business remains on providing excellent service and increasing client choice by growing the international footprint.

In the year to 31 December 2012, the audited operating profit of Hawksford was £3.4m (2011: £1.8m) on turnover of £18.8m (2011: £14.4m). Dunedin Enterprise's investment is held via Dunedin Buyout Fund II LP and Equity Harvest Fund LP.

Formaplex Group Limited

In December 2007, Dunedin Enterprise invested £3.1m in Formaplex. The company has redeemed £1.4m of loan stock since acquisition.

Formaplex is an advanced manufacturing services business focussed on tooling and component manufacture and other supply chain services in advanced materials (plastics and composites).

Based in Havant, near Portsmouth, Formaplex has a market-leading position in the UK premium automotive and motorsport sectors, with a rapidly growing share of the UK and European high-volume automotive, defence, aerospace and industrial markets. It operates from three state of the art UK manufacturing facilities with a strong network of European and Asian supply partners. The business has an enviable, blue chip customer base, with which it has developed long-standing, trusted relationships.

The growth in Formaplex is driven by its ability to provide innovation and outstanding service to its clients servicing the rapidly growing plastics and composites market. Formaplex recently opened new state of the art manufacturing facilities as a result of significant organic growth, increasing its production facilities from 20,000 sq. ft., in 2007 when Dunedin Enterprise invested, to 135,000 sq. ft. in 2012.

In the year to 30 June 2013, the audited operating profit of Formaplex was £5.7m (2012: £4.8m) on turnover of £33.2m (2012: £26.7m). Dunedin Enterprise's investment is held via Dunedin Buyout Fund II LP and Equity Harvest Fund LP.

Ensco 1017 Limited (Kee Safety)

In December 2013, Dunedin Enterprise invested £6.3m in the tertiary management buyout of Kee Safety Limited. The investment will help enable the business to continue its international expansion.

Kee Safety is a global market leading provider of safety systems and products designed to protect people from hazards. Kee Safety is headquartered in Meriden, West Midlands and has 271 employees spread across the UK, USA, Canada, Germany, France, Poland, Dubai, China and India. Its customers range from multi-national corporations, to major contractors, distributors and installers.

The Group turns over in excess of £37m and the core product range includes fall prevention, roof edge protection, barrier and guardrail systems and safe access solutions. The products supplied by Kee Safety are patent protected and regulatory approved in the markets they serve.

Kee Safety serves a global market which is driven by; more rigorous enforcement of safety regulations; insurance and compensation policies; infrastructure replacement or upgrading; and improved focus and awareness of health and safety. Dunedin Enterprise's investment is held via Dunedin Buyout Fund III LP.

In the year to 31 December 2012, the audited operating profit of Kee Safety was £8.4m on turnover of £34.3m. Dunedin Enterprise's investment is held via Dunedin Buyout Fund III LP.

Percentage of equity held	15.1%
Cost of Investment	£9.5m
Directors' valuation	£6.2m
Percentage of Dunedin Enterprise's net assets	5.4%

Weldex (International) Offshore Holdings Limited

Weldex is the UK market leading crawler crane hire company. Its cranes, including two of the largest in the UK, have been used in a number of significant construction projects including Heathrow Terminal 5, the iconic arch at the new Wembley Stadium and the 2012 Olympic site. The company is well placed to benefit from the rapid growth in offshore wind farm developments and UK power station construction and decommissioning.

Weldex was established in 1979 and has grown into the UK's largest crawler crane hire company. Weldex employs 102 employees and operates nationwide and overseas from its headquarters in Inverness and its depot at Alfreton. The company also supplies associated lifting equipment including wheeled cranes, forklifts, lorry loaders and trailers. It recently opened a new base established at Nigg Energy Park to undertake oil and gas decommissioning work.

In the year to 30 November 2012, the audited operating profit of Weldex was £6.2m (2011: £12.1m) on turnover of £25.2m (2011: £36.8m). Dunedin Enterprise's investment is held via Dunedin Buyout Fund II LP.

Percentage of equity held	5.2%
Cost of Investment	£5.7m
Directors' valuation	£6.2m
Percentage of Dunedin Enterprise's net assets	5.4%

U-Pol Group Limited

U-POL is a leading independent manufacturer of automotive refinish products including body fillers, coatings, aerosols, polishing compounds and consumables. The company has an enviable reputation for product quality and innovation, which is the key to its global success. From its UK manufacturing base in Wellingborough, U-POL exports a range of products to 120 countries worldwide. The company has a strong market position in the UK and a growing position in other large markets such as the USA, the Far East, the Middle East, Africa and Russia. Its growth strategy is to expand in both developed and emerging markets.

In the year to 31 December 2012, the audited operating profit of U-POL was £6.1m (2011: £7.6m) on turnover of £60.1m (2011: £58.5m). Dunedin Enterprise's investment is held via Dunedin Buyout Fund II LP.

Percentage of equity held	18.7%
Cost of Investment	£7.9m
Directors' valuation	£6.2m
Percentage of Dunedin Enterprise's net assets	5.3%

Dunedin Claret Limited (Red Commerce)

In July 2011, Dunedin Enterprise invested £8.0m in the management buyout of London-based Red Commerce.

Red Commerce is a global supplier of SAP experts to international corporations and consultancies. SAP stands for Systems, Applications and Products in data processing. SAP is the market leader in ERP software (Enterprise Resource Planning software), which helps companies of all sizes and industries operate more efficiently, including many of the world's largest organisations.

Red Commerce, which was founded in 2000, now has a global footprint with access to over 200,000 SAP experts in 80 countries, and offices in the UK, Germany, France, Scandinavia, Switzerland, Brazil and the US. Clients include Bosch, Johnson & Johnson and Novartis.

Named one of the best Small Companies to Work For in 2010, 2011 and 2012 by the Sunday Times Best 100, Red Commerce prides itself on outstanding customer service with an ability to access the best and most appropriate consultants to cutting edge SAP implementations, locally and globally. Business growth is expected to come from expanding the international office network and continued focus on service differentiation. Alongside this rapid organic growth plan, Red Commerce will also consider making strategic acquisitions.

Red Commerce has recently appointed a new CEO, Andy McRae, to drive expansion into new markets globally and to continue to build the company's SAP consulting service lines.

In the year to 31 March 2013, the audited operating profit of Red Commerce was £1.7m (2011: £2.9m) on turnover of £70.5m (2011: £59.8m). Dunedin Enterprise's investment is held via Dunedin Buyout Fund II LP.

Percentage of equity held	3.9%
Cost of Investment	£5.4m
Directors' valuation	£5.0m

Innova/5 LP

Innova/5 LP is private equity fund based in Warsaw which makes investments in Central Eastern Europe.

The fund invests in mid-market buyouts in businesses with an enterprise value of between €50m and €125m. It invests in Financial Services; Technology, Media, & Telecommunications (TMT); Business Services; Construction; Energy; and Industrial & Automotive.

As at 31 December 2013 the fund was invested in six portfolio companies and was 42% drawn.

The areas of business in which the fund's five investments operate are:- manufacture of bathroom sanitary ware; card processing, ATM and POS operations and e-commerce services; tower infrastructure for the provision of managed analogue and digital terrestrial TV and radio broadcasting; provision of obstetric, gynaecological and neonatal services to private hospitals; a wide range of electricity related products and services in turnkey project management and engineering; online content / marketing market.

Dunedin Enterprise's investment is held via Dunedin Fund of Funds LP.

Strategic Report

The Strategic Report is designed to replace and improve the narrative reporting previously included in the Business Review section of the Directors' Report. The purpose of this report is to provide shareholders with details of the Group and Company's strategy and business model as well as the principal risks and challenges the Group and Company has faced during the year under review. The report is also intended to help shareholders assess how the Directors have performed their duty to promote the success of the Group and Company during this period.

Business and Status

The Company carries on business as an investment trust. The last accounting period for which the Company has been treated as approved as an investment trust by HM Revenue & Customs was for the year ended 31 December 2012. In the opinion of the Directors, the Company has conducted its affairs during the period under review, and subsequently, so as to meet the eligibility conditions in Section 1158 of the Corporation Taxes Act 2010 and the ongoing requirements for approved companies in Chapter 3 of Part 2 Investment Trust (Approved Company) (Tax) Regulations 2011 (Statutory Instruments 2011/2999).

The Board has contractually delegated the management of the investment portfolio to the Manager, Dunedin LLP ("Dunedin"). A summary of the terms of the Investment Management Agreement is contained in the Directors' Report on pages 20 to 23.

Investment Objective and Business Model

The Company's objective is to target a rate of return on equity in excess of 8% per annum over the long-term. The Company aims to achieve its investment objective by investing principally in private equity funds managed by Dunedin.

Dunedin Enterprise is the only UK listed investment trust with an ongoing mandate to invest exclusively in the UK lower mid-market. It thus represents a unique opportunity to access this part of the private equity market for investors. The Company adopted a Distribution Policy on 28 November 2011. Under the Distribution Policy at least 50% of the capital gains made on realisation of the Company's investments in UK lower mid market buyout funds will be used to fund share buy-backs, tender offers, returns of capital or other distributions to shareholders. In respect of any sale of the Company's investments in existing third party managed funds, a substantial proportion of the net sales proceeds will be used to fund share buy-backs, tender offers, returns of capital and other distributions to shareholders.

Investment Policy

In 2011 the Company changed its investment policy so that in future it will invest only in direct private equity investments or via private equity funds managed by Dunedin.

Going forward the Company does not intend to make any new commitments to, or any new investments (other than investments resulting from existing commitments) in, private equity funds managed by managers other than Dunedin. Investments in the existing FoF Portfolio may be held to maturity, with any

associated outstanding commitments being met when called, although the Directors reserve the right to sell all or any such investments, together with any associated outstanding commitments, prior to maturity, if they believe that this is in the best interests of shareholders.

Accordingly, the mix of investments by the Group among direct investments and investments via private equity funds managed by Dunedin or by managers other than Dunedin will vary from time to time. In the medium to long term, the exposure to the FoF Portfolio will decrease as the funds in the portfolio mature or the Group's interests in them are sold.

Ultimately, the Company will invest in private equity funds managed by Dunedin, specialising in the provision of equity finance for management buyouts, management buyins and growing businesses in the UK lower mid-market (i.e. businesses with an enterprise value typically in the region of £20m – £100m). It is anticipated that the Company may also make direct investments in the form of co-investments alongside private equity funds managed by Dunedin in which the Company is also invested.

Not more than 15% of net asset value (measured at the date of investment) will be invested, directly or indirectly, in any single company or group of companies (measured at the date of investment). Investments are made across a range of business sectors. Investments are structured to deliver capital growth for the Company using a variety of financial instruments, including ordinary shares, preference shares, loan stock and mezzanine debt, either directly or through commitments to limited partnership funds.

The Company does not invest in other listed closed-end investment funds. Cash balances are held either on cash deposit or in gilts or cash liquidity funds.

Strategy Implementation

The Company invests principally through commitments made to funds managed by Dunedin. Dunedin has a clear strategy of maintaining a focused investment approach throughout different economic cycles. This distinct investment strategy has allowed Dunedin to concentrate on its core strengths of acquiring businesses and driving value to maximise returns for investors.

Dunedin has concentrated on buyouts in the UK, in which it takes a controlling position to enable it to drive value through active portfolio management in partnership with management teams. Dunedin operates in the most active segment of the UK buyout market, which it believes is less competitive due to the high volume of investment opportunities per market participant. In addition, investing at the small end of the market allows Dunedin to acquire high quality companies at reasonable entry multiples and the opportunity to grow the businesses and sell them on to a larger, more international pool of buyers.

Each fund which Dunedin raises invests in a portfolio of around 10 companies. Dunedin's investment strategy is to focus on market-leading small to medium sized businesses with strong growth strategies and which have a low public profile. This distinct approach to constructing portfolios is founded on Dunedin's experience of identifying growth strategies which are uncorrelated to the UK economy. The growth of many of Dunedin's portfolio companies is generated internationally. This brings the added benefit of attracting more international buyers at the point of exit.

The wider portfolio is carefully constructed to diversify portfolio risk exposure. Dunedin focuses on ensuring that portfolio companies have a low level of correlation to one another.

Principal Risks, Risk Management and Regulatory Environment

In addition to the risks faced by all investment trusts, namely, regulatory, reputational, operational and financial, the Board believes that the principal risks faced by the Company are:

- Investment and strategic – an inappropriate strategy, poor asset allocation or consistent weak investment selection might lead to under performance and poor returns to shareholders. Therefore the Company's investment strategy is periodically reviewed by the Board which considers at each meeting the performance of the investment portfolio.
- Economic risk – events such as an economic recession or movement in stock markets and interest rates would affect portfolio company valuations and their ability to access capital for their business.
- Liquidity risk – the Company's investments may be difficult to realise. The majority of investments are in unquoted companies which by their nature are not readily realisable assets. The Company ensures that it has adequate borrowing facilities to mitigate this risk.
- Cash drag – significant levels of cash held by the Company can impact upon performance. The Board performs an ongoing review of the level of cash held by the Company compared to undrawn commitments.
- People risk – key employees leaving Dunedin.
- Loss of approval as an Investment Trust – the Company must comply with Section 1158 of the Corporation Tax Act 2010 which allows it to be exempted from capital gains on investment gains. Any breach of these rules may lead to the Company losing its approval as an Investment Trust and losing its exemption from corporation tax on capital gains. The Company must also comply with the Investment Trust (Approved Company) (Tax) Regulations 2011.

The Board seeks to mitigate the internal risks by setting policy, regularly reviewing performance, enforcing contractual obligations and monitoring progress and compliance. In the mitigation and management of these risks, the Board applies

rigorously the principles detailed in the Turnbull Guidance. Details of the Company's internal controls are contained in the Corporate Governance Report on pages 24 to 26.

Borrowings

In common with most investment companies, the Company may borrow to finance further investment. Although the Company is permitted by its Articles of Association to borrow an amount equal to the amount paid up on the issued share capital and the total amounts standing to the credit of the capital and revenue reserves of the Company, the Board's policy is that financial gearing will not exceed 40% of gross asset value.

The Company currently has a £20m revolving credit facility with Lloyds Bank plc which expires on 27 February 2017. The facility is currently not utilised. There are standard bank covenants attached to the facility including a minimum net asset value covenant.

Review of Performance

An outline of the performance, market background, investment activity and portfolio during the year under review and the performance over the period since listing, as well as the investment outlook, are provided in the Chairman's Statement and the Manager's Review on pages 6 to 8. Details of the Company's top ten investments can be found on pages 9 to 13 with the remaining investments detailed on page 14.

Monitoring Performance – Key Performance Indicators

At each Board Meeting the Directors consider a number of performance indicators to assess the Company's success in achieving its objectives, which include both absolute and relative performance compared to the market indices and peer group. The key performance indicators ('KPIs') used to measure the progress and performance of the Company over time are established industry measures and are as follows:

- movement in net asset value per ordinary share
- movement in share price
- movement of net asset value and share price performance compared to the Benchmark
- ongoing charges

Details of the KPIs are shown on pages 1 and 15.

Share Buyback

The Board recognises that it is in the long term interests of shareholders to reduce discount volatility and believes that the prime driver of discounts over the longer term is performance. As outlined on page 22, the Board intends to seek renewal of its annual share buyback authority. The Board does not intend to issue a precise discount target at which shares might be bought back as it believes that the announcement of specific targets would be likely to hinder the successful execution of a buyback policy.

Social, Community, Human Rights, Employee Responsibilities and Environmental Policy

As an investment trust, the Group has no direct social, community, or employee responsibilities. Dunedin, with the support of the Board, does however take environmental, social and governance factors and human rights issues into consideration with regard to investment decisions made on behalf of the Company. Further information on Dunedin's policy on sustainable and responsible investing is provided on page 24. The Company has no employees and no requirement to report separately on this area, as the management of the portfolio has been delegated to Dunedin. Details of the Investment Management Agreement are provided on page 56.

Diversity

At 31 December 2013, there were four male directors and one female director on the Board. Following David Gamble's retirement on 14 May 2014 there will be three male directors and one female director. The Board's policy on diversity is set out on page 24.

By order of the Board

David Gamble

Chairman

19 March 2014

Directors' Report

The Directors present their report and audited financial statements for the year to 31 December 2013.

The Manager of the Company is Dunedin LLP ("Dunedin"). The Board is independent of Dunedin. The Company's registration number is SC052844.

Going Concern

The Company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Chairman's Statement on pages 2 to 3. The financial position of the Company, its cash flows and liquidity position are described in the Manager's Review on pages 6 to 8. In addition, note 20 to the financial statements includes the Company's objectives, policies and processes for managing its capital; its financial risk management objectives; details of its financial instruments and hedging activities and its exposures to credit risk and liquidity risk.

The Company has the appropriate level of financial resources. As a consequence, the Directors believe that the Company is well placed to manage its business risks successfully.

After making enquiries, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

Share Capital

At 31 December 2013, the Company's issued and paid up share capital was £5,491,727 divided into 21,966,907 fully paid up ordinary shares. During the year there were two tender offers undertaken to return realisation proceeds to members on 21 May 2013 and 22 October 2013 which reduced the issued share capital by 2,631,575 (nominal value of £657,894) and 1,156,153 (nominal value of £289,038) ordinary shares respectively. Both tender offers were undertaken at 475p per share and returned £18.0m to shareholders.

The rights attaching to the Company's shares are set out in the Company's Articles of Association (which may be amended by special resolution) and they are also supplemented by (and are subject to) relevant provisions of the Companies Act 2006 ("2006 Act") and other legislation applying to the Company from time to time.

Capital Entitlement

On a winding up, after meeting the liabilities of the Company, the surplus assets will be paid to ordinary shareholders in proportion to their shareholding.

Dividends

The ordinary shares carry a right to receive dividends which are declared from time to time by an ordinary resolution of the Company (up to the amount recommended by the Directors) and to receive any interim or special dividends which the Directors may resolve to pay.

A final dividend of 16.5p is to be paid to shareholders on 23 May 2014, to shareholders on the register at close of business on 2 May 2014. The ex-dividend date is 30 April 2014. The final dividend for the year to 31 December 2013 of 16.5p compares to 6.5p for 2012.

Voting Rights

Each ordinary shareholder present in person or by proxy is entitled to one vote in a show of hands and, on a poll, to one vote for every share held.

Significant Shareholdings

The significant holdings in the Company's ordinary share capital which have been notified to the Company as at 31 December 2013 are shown below.

	Ordinary shares	% of issued share capital
Legal & General Group	5,848,110	26.6
Alliance Trust Savings	3,214,724	14.6
Baillie Gifford Diversified Growth Fund	1,124,556	5.1
Brewin Dolphin	1,033,241	4.7
East Riding of Yorkshire Council	924,003	4.2

There have been no changes notified in respect of the above holdings, and no new holdings notified, since the end of the financial year.

Directors

Details of the current Directors of the Company are shown on page 4. All Directors are considered to be independent. No contract or arrangement existed during the period in which any of the Directors had a material interest. No Director has a service contract with the Company.

David Gamble will retire as Chairman on 14 May 2014 and will be succeeded by Duncan Budge. David Gamble was not involved in the selection or appointment of his successor.

In accordance with the UK Corporate Governance Code and the AIC's Code of Corporate Governance, Liz Airey and Duncan Budge will retire from the Board and, being eligible, offer themselves for re-election at the Annual General Meeting ("AGM"). Liz Airey was appointed to the Board on 1 January 2005 and has served for more than nine years and is therefore subject to annual re-election. The Board has carefully considered Liz Airey's independence and believe she retains independence of character and of judgement. Neither Liz Airey nor Duncan Budge have service contracts with the Company. Following performance evaluation, in the view of the other Directors, Liz Airey and Duncan Budge continue to perform effectively and to demonstrate commitment to the Company. The re-election of Liz Airey and Duncan Budge is recommended to shareholders as their skills and experience continues to add to the strength of the Board.

Directors' and Officers' Liability Insurance / Directors' Indemnity

The Company maintains insurance in respect of directors' liabilities in relation to their acts on behalf of the Company.

In line with market practice and the Company's Articles of Association, the Company has agreed to indemnify the Directors in respect of costs, charges, liabilities, damages and expenses, arising out of any claims or proposed claims made for negligence, default, breach of duty, breach of trust or otherwise, or relating to any application under section 1157 of the Companies Act 2006 ("2006 Act"), in connection with the performance of their duties as Directors of the Company. The indemnities would also provide financial support from the Company should the level of cover provided by the Directors' & Officers' insurance maintained by the Company be exhausted.

Director's Conflicts of Interest

Under the 2006 Act, a Director must avoid a situation where he has, or can have, a direct or indirect interest that conflicts, or possibly may conflict, with the Company's interests. The 2006 Act allows directors of public companies to authorise conflicts and potential conflicts, where appropriate, where the articles of association contain provisions to this effect. The Company's Articles of Association give the Directors authority to approve such situations.

The Company maintains a register of Directors' conflicts of interest which have been disclosed and approved by the other Directors. The register is kept up to date and the Directors are required to disclose to the Company Secretary any change to conflicts or any potential new conflicts.

Corporate Governance

The statement on Corporate Governance on pages 24 to 26 is included in the Directors' Report by reference.

Investment Management Arrangements

The principal terms of the Company's management agreement with Dunedin are set out on page 56.

The Board has thoroughly reviewed Dunedin's investment policy and process. The review covered the performance of the investment manager, their management process, investment style, resources and risk controls. The Board is satisfied with the results of the review and is therefore of the opinion that the continuing appointment of Dunedin on the terms agreed is in the interests of shareholders as a whole. Such a review is carried out on an annual basis.

In 2008, the Company's shareholders approved management incentive arrangements and the introduction of two investment classes within the overall assets of the Company, the Fund of Funds LP and the Co-Investment LP. The Company is a limited partner in both partnerships as are Dunedin Executives who invest in each of these partnerships as a limited partner. Dunedin is the general partner of each partnership.

Dunedin Managed Funds, Dunedin Fund of Funds LP, and Dunedin Co-Investment LP operate carried interest schemes. Dunedin executives participate in these carried interest schemes. The Company has visibility on the allocation of carried interest.

Although the co-investment scheme for Dunedin executives, under which selected Dunedin executives invested their own funds in ordinary shares alongside direct investments by the Company, has been replaced by the new Co-investment Limited Partnership, the co-investment scheme continues to operate for investments made prior to May 2008.

In November 2012, the Company's shareholders approved a new performance fee in relation to the European fund investments held via Dunedin Fund of Funds LP. Dunedin is incentivised to realise the underlying investments and commitments in the underlying European fund investments based both upon the value realised compared to the third party manager's valuation and the timing of the realisation. Details of the performance fee are set out on page 56.

Alternative Investment Fund Managers Directive ("AIFMD")

The Board has been considering the implications of the AIFMD and has taken advice on the best approach for the Company to comply with AIFMD. As part of this, the Board has appointed Dunedin LLP to be its alternative investment fund manager.

Bribery Act

The Company has a zero tolerance policy towards bribery and is committed to carrying out business fairly, honestly and openly. The investment manager also adopts a zero tolerance approach and has policies and procedures in place to prevent and detect bribery.

Social, Community and Environmental Policy

The statement on social, community, environmental and human rights policy on page 19 is included in the Directors' Report by reference.

Greenhouse Gas Emissions

All of the Company's activities are outsourced to third parties. As such it does not have any physical assets, property, employees or operations of its own and does not generate any greenhouse gas or other emissions producing sources under the Companies Act 2006 (Strategic Report and Directors' Reports) Regulations 2013.

External Auditor

The Directors confirm that so far as each Director is aware there is no relevant audit information of which the Company's external auditors are unaware. Each Director has also taken all reasonable steps that he or she ought to have taken as a Director to make himself or herself aware of any relevant audit information and to establish that the external auditors are aware of that information.

Following their intention to gradually wind down the activity in their registered firm, KPMG Audit Plc, KPMG have proposed that an alternative entity, KPMG LLP, become the Company's auditor. Accordingly, KPMG have notified the Company that KPMG Audit Plc are not seeking reappointment and have provided a statutory statement of circumstances upon ceasing to hold office pursuant to section 519 of the 2006 Act. In accordance with section 520 of the 2006 Act, a copy of this statement is enclosed with the report and accounts. The Board has decided to put KPMG LLP forward to be appointed as auditor and a resolution concerning their appointment will be put to the forthcoming Annual General Meeting of the Company. There is no impact on the terms on which the auditor will be retained.

Annual General Meeting ("AGM")

The AGM of the Company will be held at 11.00 am on 14 May 2014 at The Sheraton Hotel, 1 Festival Square, Edinburgh EH3 9SR. Notice of the AGM is given on pages 57 to 60 of this report.

Resolutions to be considered at the AGM

Resolutions 1 to 9 will be proposed as ordinary resolutions. This means that for each of those resolutions to be passed, more than half of the votes cast must be in favour of the resolution. Resolutions 10 to 13 will be proposed as special resolutions. This means that for each of those resolutions to be passed, at least three-quarters of the votes cast must be in favour of the resolution. Each of these resolutions is being proposed to comply with the Company's Articles of Association and to obtain certain authorities required under the 2006 Act from shareholders.

Resolution 1: Receive the audited Report and Accounts

Shareholders are being asked to receive the audited accounts for the year ended 31 December 2013.

Resolution 2: Approve the Directors' Remuneration Policy

Shareholders are being asked to approve the Directors' Remuneration Policy for the three year period ending on the Company's AGM in 2017.

Resolution 3: Approve the Directors' Remuneration Report

Shareholders are being asked to approve the Directors' Remuneration Report for the year ended 31 December 2013.

Resolution 4: Final Dividend

Shareholders are being asked to approve the Final Dividend of 16.5p per Ordinary Share for the year ended 31 December 2013. If shareholders approve the recommended Final Dividend, it will be paid on 23 May 2014 to shareholders on the Company's register of members at the close of business on 2 May 2014.

Resolutions 5 and 6: Re-election of Directors

Biographical details of Liz Airey and Duncan Budge who are standing for re-election are set out on page 4. The Board recommends to Shareholders the re-election of the Directors, each of whom the Board regards as possessing the requisite skills and attributes to continue making significant contributions in their respective roles.

Resolutions 7 and 8: Appointment and remuneration of external auditors

The Company is required to appoint auditors at each general meeting at which accounts are presented to shareholders. KPMG Audit Plc has notified the Company that they are not seeking reappointment. It is proposed that KPMG LLP be and are hereby appointed auditors of the Company and will hold office from the conclusion of this meeting until the conclusion of the next general meeting at which accounts are laid before the Company, and that their remuneration be fixed by the Directors.

Resolution 9: Authority to allot shares

Resolution 9 will, if approved, give Directors a general authority to allot new shares in the Company up to an aggregate nominal amount of £1,830,575 (representing one third of the total Ordinary Share capital of the Company in issue as at 1 April 2014

(being the latest practicable date prior to the publication of this document). The authority will expire at the conclusion of the AGM of the Company to be held in 2015.

Resolution 10: Disapplication of statutory pre-emption rights

Resolution 10 will, if approved, authorise the Directors to allot new Ordinary Shares up to an aggregate nominal amount of £274,586 (representing approximately 5 per cent. of the total ordinary share capital of the Company in issue as at 1 April 2014 being the latest practicable date prior to the publication of this document) for cash without first offering such Ordinary Shares to existing shareholders pro-rata to their existing shareholdings.

The authority given under Resolution 10, which relates to the issue of new Ordinary Shares, will expire on 14 August 2015 or, if earlier, the conclusion of the AGM of the Company to be held in 2015. The Directors will only issue new Ordinary Shares pursuant to these authorities if they believe it is advantageous to the Shareholders to do so and where the issue price exceeds the last published net asset value per Ordinary Share.

Resolution 11: Share buy-backs

The existing buy-back authority, granted at the AGM of the Company held on 17 May 2013, permits the Company to make market purchases of up to 14.99 per cent. of the Company's issued ordinary share capital as at 5 April 2013 and expires at the forthcoming AGM. The authority, if conferred, will only be exercised if, in the Directors' opinion, a repurchase would be in the best interests of shareholders as a whole and would result in an increase in the net asset value per Ordinary Share for the remaining shareholders.

The Directors propose to renew the authority at this year's AGM, and seek authority to purchase up to 3,292,839 Ordinary Shares (being 14.99 per cent. of the issued share capital as at 1 April 2014). This authority will expire at the conclusion of the AGM of the Company in 2015 (or, if earlier, the date following 15 months from this year's AGM). Purchases of Ordinary Shares will only be made through the market for cash at prices below the prevailing net asset value per Ordinary Share. Under the Listing Rules of the Financial Conduct Authority, the maximum price that can be paid is not more than the higher of (i) 5 per cent. above the average market values of the ordinary shares for the five business days before the day on which the purchase is made and (ii) that stipulated by Article 5 (i) of the Buy-back and Stabilisation Regulation. The minimum price that may be paid will be 25p per share (being the nominal value of a share). Ordinary shares that are purchased will be cancelled. In making purchases, the Company will deal only with member firms of the London Stock Exchange.

Resolution 12: Notice of General Meetings

The Shareholder Rights Directive ("Directive") was implemented in the UK in August 2009. One of the requirements of the Directive is that all general meetings must be held on 21 days' notice unless shareholders agree to a shorter notice period. Resolution 11 seeks to renew this shareholder approval. The approval will be effective until the Company's next AGM, when it is intended that a similar resolution will be proposed. The Company will also need to meet the requirements for electronic voting under the Directive before it can call a general meeting on 14 days' notice. The Directors only intend to call a general

meeting on less than 21 days' notice where the proposals are time sensitive and the short notice would clearly be an advantage to shareholders as a whole.

Resolution 13: Tender Offer

The Board proposes to return, in accordance with the Company's Distribution Policy, approximately £5.2m in cash realised from the sale of certain of the Company's investments to shareholders via a tender offer (the "Tender Offer") for up to 1,098,345 Ordinary Shares of 25p each, at a price of 475p per share, equivalent to a 10.3 per cent. discount to the NAV per share of 529.3p as at 31 December 2013. Under the 2006 Act, the Tender Offer requires shareholder approval. Resolution 13 relates to the Company's authority to make market purchases of its shares pursuant to the Tender Offer. A circular setting out the terms and conditions of the Tender Offer is enclosed with the Company's Annual Report and Accounts 2013. The authority will expire on the completion of the Tender Offer or, if earlier, one year from the passing of the resolution.

Recommendation of the Board

The Board considers that all the resolutions to be considered at the AGM are in the best interests of the Company and the shareholders as a whole. Your Board will be voting in favour of them in respect of their entire beneficial holdings of Ordinary Shares which amount, in aggregate, to 150,132 Ordinary Shares (representing approximately 0.7 per cent. of the ordinary share capital of the Company in issue) and unanimously recommends that you do so as well.

By order of the Board,

David Gamble

Chairman

Corporate Governance Report

Compliance

The Board considers that the Company has complied with the provisions contained in the relevant provisions of the UK Corporate Governance Code issued by the Financial Reporting Council in September 2012 and the recommendations of the AIC's Code of Corporate Governance issued in February 2013 (the "AIC Code") by reference to the AIC Corporate Governance Guide for investment companies ("the AIC Guide") throughout this accounting period with the exception of the matters noted below.

The AIC Code and the AIC Guide can both be found on the AIC website (www.theaic.co.uk) and a copy of the UK Corporate Governance Code can be found at www.frc.org.uk.

The UK Corporate Governance Code includes provisions relating to the role of the Chief Executive and Executive Directors' remuneration. For the reasons set out in the AIC Guide, and as explained in the UK Corporate Governance Code, the Board considers that these provisions are not relevant to the position of the Company, which is an externally managed investment company. The Company has not, therefore, reported further in respect of these provisions.

The Board

The Board consists of five non-executive Directors, all of whom the Company deems to be independent, even though the Chairman, David Gamble, has served as a Director for over nine years. David Gamble will retire as Chairman following the Annual General Meeting ("AGM").

On appointment, new Directors are provided with an induction programme which is tailored to the particular circumstances of the appointee. Following appointment, the Chairman regularly reviews and agrees with Directors, as appropriate, their training and development needs as necessary to enable them to discharge their duties.

The Board determines the strategic direction of the Company. It meets at least four times a year and there is regular contact with Dunedin between these meetings. The Board has a formal schedule of matters specifically reserved for decision. The schedule of matters is reviewed regularly by the Board. The Directors also have access to any information, the advice and services of the Company Secretary and, if required, external advice at the expense of the Company. The Board maintains ongoing dialogue with the Company's legal advisor in relation to corporate governance matters.

There is a clear division of responsibility between the Board and Dunedin. Dunedin's role is defined within the investment management agreement. The Board and investment manager have agreed clearly defined investment criteria and specific

levels of authority. Reports on these issues, including performance statistics, investment valuations and management accounts are submitted to the Board at each meeting. Dunedin's evaluation procedure and financial analysis of the companies within the portfolio includes detailed research and appraisal, and also takes into account environmental policies and social, ethical, human rights and other business issues. Dunedin's ESG policy can be found at www.dunedin.com. Dunedin also supports the principles of the UK Stewardship Code and implements these where applicable.

As an institutional investor, the Company recognises its responsibility that the companies in which it invests should aspire to appropriate levels of corporate governance. As a matter of policy, the Company aims to utilise its votes in shares held in the relevant underlying portfolio companies at the annual general meetings of these companies.

The Company's Articles of Association require that all Directors are subject to retirement by rotation and given this and that all of the Directors are non-executive directors, the Board does not consider it necessary for the Directors to be appointed for a fixed term as recommended by provision B.2.3 of the UK Corporate Governance Code. The Board's policy on tenure is that Directors retire by rotation at every third AGM or more frequently as required by the rules of the UK Corporate Governance Code and the AIC's Code of Corporate Governance. The Board does not feel that it would be appropriate to adopt a policy whereby Directors serve for a limited period as the historical knowledge of the portfolio is a key benefit. Any Directors appointed to the Board since the previous AGM also retire and stand for election.

The Board undertakes a formal annual evaluation of its own performance and that of its committees and individual Directors, including the Chairman. An external consultant assists the Board in this evaluation where appropriate. The Board as a whole meets to assess its own performance and that of its Committees. This has been undertaken in the current year with the assistance of an independent external consultant. The Chairman undertakes an appraisal of each Director to assess their performance. The appraisals consider, amongst other things, the balance of skills of the Board and its diversity, the contribution of individual Directors and the overall effectiveness of the Board and its committees. The Board believes that it has an appropriate balance of skills and experience, length of service and knowledge of the Company.

The Board supports diversity in the boardroom and is of the opinion that appointments to the Board should be made taking into account a number of different criteria, including diversity of gender, background and personal attributes, alongside the appropriate skill set, experience and expertise. The Board ensures that any recruitment process reflects this view.

The table below details the number of Board, Audit, Nomination and Management Engagement Committee meetings attended by each Director. During the year there were four Board meetings, four Audit Committee meetings, two Nomination Committee meetings and one Management Engagement Committee meeting. There were an additional four meetings of the Board held during the year.

Directors	Board meetings attended	Additional Board meetings attended	Audit Committee meetings attended	Nomination Committee meetings attended	Management Engagement Committee meetings attended
Liz Airey	4	3	4	2	1
Duncan Budge	4	3	4	2	1
Brian Finlayson	4	2	4	2	1
David Gamble	4	4	4	2	1
Federico Marescotti	4	4	4	2	1

Board Committees

There are three committees of the Board: the Nomination Committee, the Management Engagement Committee and the Audit Committee. The Board considers that, given the size of the Board, it would be unnecessarily burdensome to establish separate Nomination, Management Engagement and Audit Committees which did not involve the entire Board and believes that this enables all Directors to be kept fully informed of any issues that arise. The terms of reference for each committee are available on the Company's website. A report of the activity of each committee is set out below.

The Board has not established a separate remuneration committee and, as a whole, fulfils the function of the remuneration committee.

Nomination Committee

Members:

David Gamble (Chairman)
Liz Airey
Duncan Budge
Brian Finlayson
Federico Marescotti

The Nomination Committee comprises all the independent non-executive directors. The Nomination Committee is responsible for identifying and nominating to the Board new Directors and for considering whether existing Directors should be re-elected. The Nomination Committee aims to maintain an appropriate balance of skills and experience within the Board and, together with the Board, supports the principle of diversity in the boardroom. The Nomination Committee uses external specialist search consultants, as appropriate, to assist it in carrying out its responsibilities.

The Nomination Committee comprises all the independent non-executive Directors and is chaired by David Gamble, except when the Committee considered his succession and reviewed

his performance. In such circumstances, the Nomination Committee elects an alternative member to take the Chair. Mr Gamble was not involved in the selection and appointment of his successor to the role of Chairman.

Management Engagement Committee

Members:

David Gamble (Chairman)
Liz Airey
Duncan Budge
Brian Finlayson
Federico Marescotti

The Management Engagement Committee comprises all the independent non-executive Directors. The Management Engagement Committee reviews the performance of Dunedin and their compliance with the terms of the investment management agreement. The terms and conditions of the Manager's appointment, including an evaluation of performance and fees, are reviewed by the Management Engagement Committee on an annual basis. The investment management agreement is terminable on not less than 18 months' written notice.

Audit Committee

Members:

Liz Airey (Chairman)
Duncan Budge
Brian Finlayson
David Gamble
Federico Marescotti

The Audit Committee comprises all the independent non-executive Directors. The Directors believe that it is in the best interests of the Company that its Chairman, David Gamble, is a member of the Committee. The Board is satisfied that the Audit Committee has the necessary skills and experience to operate effectively. The Audit Committee Report is set out on pages 27 to 28.

Internal Controls

The Directors have overall responsibility for ensuring that there are in place systems of internal control, both financial and non-financial, and for reviewing their effectiveness. The purpose of the internal financial controls is to ensure that proper accounting records are maintained, the Company's assets are safeguarded and the financial information used within the business and for publication is accurate and reliable. Such a system can provide reasonable, but not absolute assurance against material misstatement or loss. The Board regularly reviews financial performance and results with the Manager. The Board monitors and evaluates other service providers.

Review of Internal Controls

The UK Corporate Governance Code requires Directors to review and report to shareholders on the Company's system of internal control, including financial, operational and compliance controls and risk management.

The Board confirms that, since 1 January 2013 to the date of this report, appropriate procedures to review the effectiveness of the Company's system of internal control have been in place which cover all controls including financial, operational and compliance controls and risk management.

These procedures include an ongoing process for monitoring internal controls. This assessment includes a review of the significant risks faced by the Company and an assessment of their impact and likelihood. These risks are detailed in Note 20. In addition, an assessment of the effectiveness of internal controls in managing risks is conducted based on control reports received from the Manager and other relevant service providers.

Relations with Shareholders

All shareholders have the opportunity to attend and vote at the AGM. The notice of the AGM sets out the business of the meeting and items of business are explained in the Directors' Report on pages 20 to 23. Separate resolutions are proposed for each substantive issue. Both the Board and representatives of the Manager are available to answer shareholders' questions at the AGM. Proxy voting figures are announced to the shareholders at the AGM.

The Manager holds regular discussions with major shareholders, the feedback from which is greatly valued by the Board. In addition, the Chairman and Directors are available to enter into dialogue and correspondence with shareholders regarding the progress and performance of the Company. They can be contacted through the Company Secretary. The section entitled "Information for Investors", on pages 61 to 62, provides an overview of useful information available to shareholders.

The Company's website is www.dunedinenterprise.com. The Manager's presentation to shareholders will be available on the website after the AGM.

By order of the Board,

David Gamble

Chairman

19 March 2014

Audit Committee Report

The Audit Committee is chaired by Liz Airey and comprises all of the Directors, all of whom are independent.

The Audit Committee's principal responsibilities are:

- to review the interim and annual financial statements (and consider their integrity), interim management statements, announcements and matters relating to accounting policy, laws and regulations;
- to evaluate the risks to the quality and effectiveness of the financial reporting process;
- to report to the Board if it is not satisfied with any aspect of financial reporting by the Company;
- where requested, to review the content of the Annual Report and Accounts and advise the Board whether the report as a whole is fair, balanced and understandable;
- to review the valuation of portfolio investments;
- to review the effectiveness of the internal control systems and the policies and procedures for the identification and assessment of business risks and the management of these risks;
- to review corporate governance compliance;
- to review the nature and scope of the work to be performed by the external auditors, including monitoring the statutory audit of the annual financial statements;
- to evaluate the independence, objectivity, effectiveness, resources and qualifications of the auditors and develop and implement a policy on the engagement of the auditors to provide non audit services and to review such fees having regard to their independence;
- to make recommendations as to the appointment and remuneration of the external auditors; and
- to formally report to the Board on how it has discharged its duties.

The Audit Committee has a schedule which sets out its annual work programme to ensure it covers the areas within its remit appropriately. It met four times during the year to carry out its responsibilities and senior representatives of the investment manager ("the Manager") attended the meetings as required by the Audit Committee. The external auditors attended the Audit Committee's meetings twice in the year and met with the Audit Committee without representatives of the Manager being present. In between meetings, the Audit Committee chairman maintains ongoing dialogue with the Manager and the external audit lead partner.

During the year the Audit Committee carried out a review of its terms of reference and its own effectiveness. This review included assessing how the changes to the terms of reference for the Audit Committee introduced the previous year and how the increase in the number of planned meetings from two to four had impacted the effectiveness of the Audit Committee. It concluded that the changes were working well and that the Audit Committee is satisfactorily fulfilling its terms of reference and is operating effectively.

Significant accounting matters

The significant issue considered by the Audit Committee during the year in relation to the financial statements of the Company is usually the valuation of unquoted investments and 2013 was no exception.

The Company's accounting policy for valuing unquoted investments is set out in note 2 (h) on page 43. The Audit Committee reviewed and challenged the valuations prepared by the Manager taking account of the latest available information about the Company's investments and the Manager's knowledge of the underlying companies through their ongoing monitoring, position on portfolio company boards and participation on fund advisory committees. The Audit Committee satisfied itself that the valuation of investments had been carried out consistently with prior accounting periods, or that any change in valuation basis was appropriate, and in accordance with published industry guidelines.

The external auditors explained the results of their review of the procedures undertaken by the Manager for the valuation. On the basis of their audit work, no material adjustments were identified by the auditor.

Going Concern

Given the illiquid nature of the Company's underlying investments, going concern will always be a matter of focus for the Board and Audit Committee. As regards the year ended 31 December 2013, the Audit Committee considered the Board's obligation to satisfy itself as to the appropriateness of the adoption of the going concern assumption as a basis for preparing the financial statements. Taking into account the £76.3m of outstanding commitments; the undrawn £20m revolving credit facility with a maturity date of 27 February 2017; the future cash flow projections and the cash balances held by the Company at 31 December 2013, the Audit Committee concluded that the adoption of the going concern basis was appropriate.

External Auditors

The Audit Committee monitored the relationship with the external auditors with a view to ensuring that they did not provide non-audit services to the Company that had the potential to impair or appear to impair the independence of their audit role. The Board has approved a policy which recognises that it will be appropriate and cost effective for the external auditors to provide certain specified categories of non-audit services and has determined that fees in excess of £50,000 for taxation services and £20,000 for non-taxation services require prior approval by the Audit Committee.

The external auditor, KPMG, has provided details of other relationships it has with the Manager and confirmed to the Board that in its opinion it is independent of the Manager. The Audit Committee has reviewed the independence and objectivity of the external auditor and has reviewed the non-audit services provided by the external auditor for the financial year ended 31 December 2013 which comprised the provision of tax advice at a cost of £26,990, as detailed in Note 5 to the accounts. The Audit Committee is satisfied that the external auditor continues to demonstrate their independence.

The appointment of KPMG has not been put out to tender notwithstanding KPMG's tenure of 18 years, as the Audit Committee, from ongoing direct observation and indirect enquiry of the Manager, remain satisfied that KPMG continue to provide a high quality audit and effective independent challenge in carrying out their responsibilities. Following professional guidelines, the partner rotates after five years and this is the second year for the current partner. The Committee is aware of the forthcoming changes in European legislation which are expected to limit tenure to 10 (or in some circumstances, up to 24) years and will determine the timing of a tender once the UK regulations are finalised and enacted.

Having considered these matters and the effectiveness of the external auditor, the Audit Committee has recommended to the Board that, subject to shareholder approval at the 2014 Annual General Meeting, KPMG LLP be appointed as external auditor for the forthcoming year.

Risk Management and Internal Control

The Company does not have an internal audit function. The Committee believes this is appropriate as all of the Company's management functions are delegated to the Manager which has its own internal control and risk monitoring arrangements. A report on these arrangements is prepared by the Manager and submitted to the Audit Committee which it reviews on behalf of the Board to support the Directors' responsibility for overall internal control as set out in the Governance Report on page 25.

The Company does not have a whistleblowing policy and procedure in place. The Company delegates this function to the Manager who is regulated by the FCA and has such policies in place. The Audit Committee has been informed by the Manager that these policies meet the industry standards and no whistleblowing took place during the year.

Liz Airey

Chairman of the Audit Committee
19 March 2014

Directors' Remuneration Report

The Board presents the Directors' Remuneration report for the year ended 31 December 2013 which has been prepared in accordance with sections 420-422 of the Companies Act 2006. In addition, following the publication by the Department of Business, Innovation and Skills (BIS) of final remuneration disclosure regulations effective from 1 October 2013, the report now comprises a Remuneration Policy Report, which is subject to a triennial binding shareholder vote, and a Remuneration Policy Implementation Report, which will be subject to an annual advisory shareholder vote.

The law requires the Company's auditor to audit certain of the disclosures provided. Where disclosures have been audited, this is indicated. The auditors' opinion is included in their report on pages 33 to 34.

Chairman's Annual Statement

On behalf of the Board and in accordance with Part 2 of Schedule 8 of the Large and Medium-sized Companies and Groups (Accounts and Reports) (Amendment) Regulations 2013 ("2013 Regulations"), the Chairman confirms that there have been no major decisions taken on Directors' remuneration and no substantial changes relating to Directors' remuneration made during the previous financial year to 31 December 2013.

1) Directors' Remuneration Policy Report

This Report provides details of the remuneration policy for the Directors of the Company and is the same in all material respects as the policy put into practice by the Board. All Directors are non-executive, appointed under the terms of their letters of appointment and under the same terms as in force at the date of their appointment.

A resolution to approve this Remuneration Policy will be proposed at the Annual General Meeting of the Company to be held on 14 May 2014. If the resolution is passed, the Remuneration Policy provisions set out below will apply immediately after approval by shareholders until the next triennial shareholder vote unless shareholders approve amendments sooner. The Company does not anticipate making any significant changes to implementation of the Remuneration Policy in the current financial year.

The Board as a whole fulfils the function of the Remuneration Committee and considers any change in the Directors' remuneration policy, as well as implementation of that policy. A separate Committee has therefore not been established. The Company's Directors are all independent of the Manager.

The non-executive Directors of the Company are entitled to such rates of annual fees, together with any incremental fees payable in recognition of any Director's additional time commitment, as the Board at its discretion shall from time to time determine, subject to the aggregate annual fees not exceeding an amount set by shareholders through the Articles of Association currently

set at £200,000, and reimbursement of reasonable fees and expenses incurred by them in the performance of their duties. The level of fees paid to Directors is determined by assessing their time commitment and responsibilities in fulfilling their roles. The Chairman of the Board, Chairman of the Audit Committee and Senior Independent Director are paid higher fees, reflecting the greater amount of time spent on the Company's business. As well as monitoring the approach by similar investment trusts to fees, suitable external advice is sought where appropriate.

In line with the majority of investment trusts, no component of any Director's remuneration is subject to performance factors, introductory fees or an exit payment. Additionally, Directors are not eligible for pension benefits, share options, long-term incentive schemes or other benefits. As the Company has no employees, no consideration needs to be given to employment conditions in setting Directors' pay. The Company has not sought shareholder views on its remuneration policy.

It is the Company's policy that Directors do not have service contracts. The terms of their appointment provide that in line with the provisions set by the Articles of Association, a Director shall retire and be subject to election by shareholders at the first Annual General Meeting after their appointment and stand for re-election every three years thereafter. The terms also provide that a Director may be removed from office with a notice period of three months. No compensation is payable for loss of office.

The Company indemnifies Directors in respect of costs, charges, liabilities, damages and expenses, arising out of any claims or proposed claims made for negligence, default, breach of duty, breach of trust or otherwise, or relating to any application under Section 1157 of the Companies Act 2006, in connection with the performance of their duties as Directors of the Company.

Table of Directors' Remuneration Components¹

	2013 ² £'000	2012 £'000
Chairman fee	34,000	34,000
Non-executive Director base fee	23,000	23,000
Additional fee for chair of the Audit Committee	3,000	3,000
Additional fee for Senior Independent Director	3,000	3,000

The fees noted above represent the entirety of fees paid to Directors.

¹ The Company's Remuneration Policy (including its future policy) is contained on page 29.

² Directors' fees may be increased, subject to the current maximum aggregate limit of £200,000 per annum stated in the Company's Articles of Association.

2) Directors' Remuneration Implementation Report

This report is prepared in accordance with Schedule 8 of the 2013 Regulations.

The rates of Directors' fees for the financial year to 31 December 2013 were set out in the Directors' Remuneration Report contained in the Company's 2012 Annual Report and Accounts. A non-binding ordinary resolution proposing adoption of the Remuneration Report was put to shareholders at the Company's Annual General Meeting held on 17 May 2013 and was passed by 96.3% of shareholders voting in favour of the resolution, 3.3% voting against and 0.4% abstaining.

Directors' emoluments for the year (audited)

All Directors who served during the year ended 31 December 2013 received the emoluments, in the form of fees, as described in the table below. In recognition of the additional work carried out by the Board in relation to proposals put to shareholders in November 2011 an incremental fee was made in 2012 of £10,000 to the Chairman and £5,000 to each of the other Directors. There were no such payments made in 2013.

Single Total Figure Table (audited)

	Annual Fees £'000	2013 Incremental fees £'000	Total £'000	Annual Fees £'000	2012 Incremental fees £'000	Total £'000
Liz Airey	29,000	n/a	29,000	27,860	5,000	32,860
Duncan Budge (appointed 2 April 2012)	23,000	n/a	23,000	17,250	n/a	17,250
Brian Finlayson	23,000	n/a	23,000	23,000	5,000	28,000
David Gamble	34,000	n/a	34,000	30,925	5,000	35,925
Federico Marescotti	23,000	n/a	23,000	23,000	5,000	28,000
Edward Dawnay (resigned 16 May 2012)	n/a	n/a	n/a	12,971	10,000	22,971
Total	132,000	n/a	132,000	135,006	30,000	165,006

The fees noted above represent the entire remuneration paid to Directors.

Relative importance of expenditure on pay

As required by the 2013 Regulations, to allow shareholders to assess the relative importance of expenditure on pay, the table below demonstrates the total remuneration paid to the Directors compared to the distributions to shareholders by way of dividend and any other significant distributions and payments.

	2013 £'000	2012 £'000	Difference
Spend on Directors' fees	132,000	165,006	-20%
Distribution to shareholders:			
(a) dividends	1,674,051	5,693,130	-71%
(b) tender offer (inc costs)	18,224,372	21,429,556	-15%

Statement of Directors' shareholding and share interests (audited)

The names of the Directors and their shareholdings in the Company as at 31 December 2013 are shown in the table below. The Company has not been notified of any changes to the Directors' shareholdings between 31 December 2013 and 18 March 2014.

	2013 £'000	2012 £'000
Liz Airey	49,800	50,000
Duncan Budge	1,900	5,000
Brian Finlayson	81,432	82,664

Statement of Directors' Responsibilities

in respect of the Annual Report and the Financial Statements

The Directors are responsible for preparing the Annual Report and the Group and Parent Company financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare Group and Parent Company financial statements for each financial year. Under that law they are required to prepare the Group financial statements in accordance with IFRSs as adopted by the EU and applicable law and have elected to prepare the Parent Company financial statements on the same basis.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and Parent Company and of their profit or loss for that period. In preparing each of the Group and Parent Company financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether they have been prepared in accordance with IFRSs as adopted by the EU; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group and the Parent Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Parent Company's transactions and disclose with reasonable accuracy at any time the financial position of the Parent Company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

Under applicable law and regulations, the Directors are also responsible for preparing a Strategic Report, Directors' Report,

Directors' Remuneration Report and Corporate Governance Statement that complies with that law and those regulations.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Under the Disclosure and Transparency Rules the Directors confirm that to the best of their knowledge:

- that the financial statements have been prepared in accordance with the applicable accounting standards and give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company; and
- that in the opinion of the Directors, the Annual Report and Accounts taken as a whole, is fair, balanced and understandable and it provides the information necessary to assess the Company's performance, business model and strategy; and
- the Strategic Report and Directors' Report include a fair review of the development and performance of the business and the position of the issuer and the undertakings included in the consolidation taken as a whole, together with a description of the principal risks and uncertainties that they face.

On behalf of the Board

David Gamble
Chairman

Independent Auditor's Report

To the members of Dunedin Enterprise Investment Trust PLC only

Opinions and conclusions arising from our audit

1. Our opinion on the financial statements is unmodified

We have audited the financial statements of Dunedin Enterprise Investment Trust PLC for the year ended 31 December 2013 set out on pages 35 to 56. In our opinion:

- the financial statements give a true and fair view of the state of the Group's and of the Parent Company's affairs as at 31 December 2013 and of the Group's loss for the year then ended;
- the Group financial statements have been properly prepared in accordance with International Financial Reporting Standards as adopted by the European Union (IFRS as adopted by the EU);
- the Parent Company financial statements have been properly prepared in accordance with IFRSs as adopted by the EU and as applied in accordance with the provisions of the Companies Act 2006; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006 and, as regards the Group financial statements, Article 4 of the IAS Regulation.

2. Our assessment of risks of material misstatement

In arriving at our audit opinion above on the financial statements, the risk of material misstatement that had the greatest effect on our audit was as follows:

Valuation of Unquoted Investments (£88,671,792)

Refer to pages 27 to 28 (Audit Committee Report), page 43 (accounting policy) and pages 35 to 56 (financial disclosures).

- The risk – 76% of the Group's total assets (by value) is held in investments where no quoted market price is available. Unquoted investments are measured at fair value, which is established in accordance with the International Private Equity and Venture Capital Valuation Guidelines by using measurements of value such as price of recent orderly transactions, earnings multiples and net assets. There is a significant risk over the valuation of these investments and this is one of the key judgemental areas that our audit focused on.
- Our response – Our procedures included, among others:
 - enquiry of the Investment Manager to document the investment valuation process and evaluate the design and implementation of controls in place;
 - assessment of investment realisations in the period, comparing actual sales proceeds to prior year end valuations to understand the reasons for significant variances and determine whether they are indicative of bias or error in the approach to valuations;

- challenging the Investment Manager on key judgements affecting investee company valuations in the context of observed industry best practice and the provisions of the International Private Equity and Venture Capital Valuation Guidelines. In particular, we focused on the appropriateness of the valuation basis selected as well as the underlying assumptions, such as discount factors, and the choice of benchmark for earnings multiples. We compared key underlying financial data inputs to external sources and investee company audited accounts and management information as applicable. We challenged the assumptions around sustainability of earnings based on the plans of the investee companies and whether these are achievable, and we obtained an understanding of existing and prospective investee company cashflows to understand whether borrowings can be serviced or refinancing may be required. Where a recent transaction is used to value any holding, we obtained an understanding of the circumstances surrounding those transactions and whether they were considered to be on an arm's-length basis and suitable as an input into a valuation. Our work included consideration of events which occurred subsequent to the year end up until the date of this audit report;
- attending the year-end Audit Committee meeting where we assessed the effectiveness of the Audit Committee's challenge and approval of unquoted investment valuations; and
- consideration of the appropriateness, in accordance with relevant accounting standards, of the disclosures in respect of unlisted investments and the effect of changing one or more inputs to reasonably possible alternative valuation assumptions.

3. Our application of materiality and an overview of the scope of our audit

The materiality for the Group financial statements as a whole was set at £2,342,000. This has been determined with reference to a benchmark of Total Assets (of which it represents 2%). Total Assets, which is primarily composed of the Group's investment portfolio, is considered the key driver of the Group's capital and revenue performance and, as such, we believe that it is one of the principal considerations for members of the Company in assessing the financial performance of the Group.

We agreed with the Audit Committee to report to it all corrected and uncorrected misstatements we identified through our audit with a value in excess of £117,100, in addition to other audit misstatements below that threshold that we believe warranted reporting on qualitative grounds.

Our audits of the four components of the Group were performed by the group audit team at the Investment Manager, Dunedin LLP's, head office in Edinburgh to materiality levels set individually for each component, which ranged from £112,400 to £2,338,000. These group procedures covered 100% of total

group revenue, 100% of group profit before taxation and 100% of total group assets.

4. Our opinion on other matters prescribed by the Companies Act 2006 is unmodified

In our opinion:

- the part of the Directors' Remuneration Report to be audited has been properly prepared in accordance with the Companies Act 2006; and
- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

5. We have nothing to report in respect of the matters on which we are required to report by exception

Under ISAs (UK and Ireland) we are required to report to you if, based on the knowledge we acquired during our audit, we have identified other information in the annual report that contains a material inconsistency with either that knowledge or the financial statements, a material misstatement of fact, or that is otherwise misleading.

In particular, we are required to report to you if:

- we have identified material inconsistencies between the knowledge we acquired during our audit and the directors' statement that they consider that the annual report and financial statements taken as a whole is fair, balanced and understandable and provides the information necessary for shareholders to assess the Group's performance, business model and strategy; or
- the Audit Committee Report does not appropriately address matters communicated by us to the audit committee.

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the Parent Company financial statements and the part of the Directors' Remuneration Report to be audited are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Under the Listing Rules we are required to review:

- the directors' statement, set out on page 20, in relation to going concern; and
- the part of the Corporate Governance Statement on pages 24 to 26 relating to the Company's compliance with the nine

provisions of the 2010 UK Corporate Governance Code specified for our review.

We have nothing to report in respect of the above responsibilities.

Scope of report and responsibilities

As explained more fully in the Directors' Responsibilities Statement set out on page 32, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate. This report is made solely to the Company's members as a body and is subject to important explanations and disclaimers regarding our responsibilities, published on our website at www.kpmg.com/uk/auditscopeukco2013a, which are incorporated into this report as if set out in full and should be read to provide an understanding of the purpose of this report, the work we have undertaken and the basis of our opinions.

Notes to the Accounts

1. Basis of Preparation

Dunedin Enterprise Investment Trust PLC (the “Company”) is a company domiciled in the United Kingdom. The consolidated financial statements of the Company for the year ended 31 December 2013 comprise the Company and its subsidiaries (together referred to as the “Group”).

The Group and Company financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the EU (IFRSs) and its interpretations adopted by the International Accounting Standards Board (IASB).

The principal accounting policies adopted by the Group and Company are set out below. The Company has taken advantage of the exemption provided under Section 408 of the Companies Act 2006 not to publish its income statement and related notes.

Where presentation guidance set out in the Statement of Recommended Practice (SORP) for investment trusts issued by the Association of Investment Companies in January 2009 is consistent with the requirements of IFRSs, the Directors have sought to prepare the financial statements on a basis compliant with the recommendations of the SORP.

The financial statements are presented in pounds sterling, rounded to the nearest thousand.

The preparation of financial statements in conformity with IFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The most significant estimate is the valuation of unlisted investments which is described in note 2(h) below.

The Directors have reviewed forecasts which show the financial position, cash flow and liquidity forecasts for the Company and its subsidiaries. The Directors are confident that they show that the Group will have sufficient resources to meet its liabilities as they fall due. Accordingly the Directors believe that it remains appropriate to prepare the financial statements on a going concern basis.

2. Accounting Policies

a. Subsidiary undertakings

Subsidiaries are entities controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The financial statements of subsidiaries are included in the financial statements from the date that control commences until the date that control ceases. All intra-group transactions, balances, income and expenses are eliminated on consolidation. Subsidiaries are valued at fair value which is deemed to be the net asset value of the subsidiary.

b. Associated Undertakings

The Group holds a number of investments in entities over which it has significant influence which meet the definition of associates in IAS28 Investment in Associates. The Company has taken advantage of the exemption from applying IAS28 as these investments are held as part of the Group's portfolio with a view to the ultimate realisation of capital gains. These investments are accounted for at fair value through profit and loss.

c. Revenue/capital

The revenue column of the income statement includes all income and expenses except for the realised and unrealised profit and loss on investments and the proportion of management fee and finance costs charged to capital which are included in the capital column.

d. Income

Dividends receivable on quoted equity shares are brought into account on the ex-dividend basis. Dividends receivable on equity shares where no ex-dividend date is applicable are brought into account when the Group's right to receive payment is established. Interest income is accounted for on an effective yield basis except where there is uncertainty as to whether the interest will be received.

e. Expenses

All expenses are accounted for on an accruals basis. Expenses are charged to the revenue column within the Income Statement except that:

- expenses which are incidental to the acquisition or disposal of an investment are charged to the capital column as incurred,
- expenses are split and presented partly as capital items where a connection with the maintenance or enhancement of the value of the investments can be demonstrated, and accordingly the investment management fee and finance costs have been allocated 25% to revenue and 75% to capital in order to reflect the Directors' expected long term view of the nature of the investment returns of the Group.

2. Accounting Policies continued**f. Standards, interpretations and amendments to published standards that are not yet effective and the early adoption of standards.**

The following new standards, amendments to standards or interpretations are mandatory for the first time for financial years beginning on 1 January 2013 and have been endorsed for adoption by the EU. These are applicable from 1 January 2013.

IFRS 13, Fair Value Measurement

IFRS 13 establishes a single framework for measuring fair value and making disclosures about fair value measurements, when such measurements are required or permitted by other IFRSs. In particular, it unifies the definition of fair value as the price at which an orderly transaction to sell an asset or to transfer a liability would take place between market participants at the measurement date. It also replaces and expands the disclosure requirements about fair value measurements in other IFRSs, including IFRS 7 Financial Instruments: Disclosures.

In accordance with the transitional provisions of IFRS 13, the Group has applied the new fair value measurement guidance prospectively, and has not provided any comparative information for new disclosures. Notwithstanding the above, the change had no significant impact on the measurements of the Group or Company's assets and liabilities.

There are no other standards, amendments to standards or interpretations that are applicable in the period which have a material impact on the financial statements.

New standards and interpretations not yet adopted:-

The Group has not early adopted any standards or interpretations during 2013.

A number of new standards and amendments to standards and interpretations are effective for annual periods beginning on or after 1 January 2014 as endorsed by the EU. These where relevant will be adopted by the Group from 1 January 2014 and have not been applied in preparing these consolidated financial statements. Those which may be relevant to the Group are set out below.

IFRS 10 Consolidated Financial Statements, IFRS 11 Joint Arrangements and IFRS 12 Disclosure of Interests in Other Entities

IFRS 10 introduces a single control model to determine whether an investee company should be consolidated. The new control model focuses on the concept of power, variability of returns and the linkage between the two.

IFRS 11 is not expected to have any impact on the Group as the Group is not involved currently in any joint arrangements.

IFRS 12 brings into a single standard all the disclosure requirements about an entity's interests in subsidiaries, joint arrangements, associates and unconsolidated structured entities.

No material changes to the consolidation of the Group are expected as a result of adopting this standard, however additional disclosures will be required by IFRS 12.

These standards are required to be applied retrospectively and are applicable for annual reporting periods beginning on or after 1 January 2014.

Amendments to IFRS 10, IFRS 11, IFRS 12 and IAS 27 Consolidation.

These amendments introduce the concept of an 'investment entity'. Where a subsidiary qualifies as an investment entity it is not required to be consolidated by the Group, but should be recorded at fair value through profit or loss. No material impact on the Group is expected from adopting these amendments.

g. Cash and cash equivalents

Cash and cash equivalents comprise current deposits with banks. These are subject to an insignificant risk of changes in value and are held for the purpose of meeting short term cash commitments rather than for investment or other purposes.

h. Valuation of investments

Purchases and sales of investments are recognised at the date of transaction. The Group's investments have been designated by the Directors as fair value through profit or loss and are carried at fair value as determined by the Directors.

Listed investments are valued at bid price unless this is not considered to be an accurate representation of fair value. Unquoted investments are fair valued by the Directors in accordance with the following rules, which are consistent with the International Private Equity and Venture Capital Valuation Guidelines:

- Investments are only valued at cost for a limited period after the date of acquisition, otherwise investments are valued on one of the other bases detailed below. Generally the earnings multiple basis of valuation will be used.
- When valuing on an earnings basis, the maintainable earnings of a company are multiplied by an appropriate multiple.

2. Accounting Policies continued

- An investment may be valued by reference to the value of its net assets. This is appropriate for businesses whose value derives mainly from the underlying value of its assets rather than its earnings.
- When investments have obtained an exit (either by listing or trade sale) after the valuation date but before finalisation of the relevant accounts (interim or final), the valuation is based on the exit valuation.
- Accrued interest on loans to portfolio companies is included in valuations where there is an expectation that the interest will be received.

Gains and losses arising from changes in fair value of investments are recognised as part of the capital return within the Income Statement and are then transferred to the unrealised capital reserve.

Gains or losses on investments realised in the year that have been recognised in the Income Statement are transferred to the realised capital reserve. In addition, any prior unrealised gains or losses on such investments are transferred from the unrealised capital reserve to the realised capital reserve on disposal of the investment.

Gains and losses arising from changes in fair value are considered to be realised only to the extent that they are readily convertible to cash in full on the balance sheet date.

i. Taxation

Corporation tax payable is provided on taxable profits at the current rate. Any tax relief obtained on expenses is allocated between capital and revenue on the assumption that

expenses charged to revenue are matched first against taxable revenue items. Tax relief is only reflected in capital to the extent that additional expenses are utilised from capital to reduce or eliminate the Group's tax liability.

Deferred taxation is provided on the balance sheet liability method on all temporary differences, calculated at the rate at which it is estimated that tax will be payable.

Due to the Company's status as an investment company, and its intention to continue meeting the conditions required to obtain approval in the foreseeable future, the Company has not provided deferred tax on any capital gains and losses arising on the revaluation or on disposal of investments.

j. Dividend

Dividends payable are recognised as a distribution and recorded in the Statement of Changes in Equity when they become a liability of the Company.

k. Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the income statement.

l. Segmental analysis

The Group has one reportable segment being investing in a portfolio of private equity funds or companies.

3. Income

	Group 2013 £'000	Group 2012 £'000
Dividend income – UK	774	721
Interest income – UK	5,352	2,403
Limited partnership income – UK	125	3,977
Limited partnership income – European 'AAA' rated money market funds	68 41	– 80
	6,360	7,181
Arrangement fee	–	14
Deposit interest*	127	167
Total income	6,487	7,362

*income arising from financial assets that are not investments designated as fair value through profit or loss.

4. Investment management fee

	Revenue £'000	Capital £'000	Group 2013 Total £'000	Revenue £'000	Capital £'000	Group 2012 Total £'000
Investment management fee	182	545	727	283	850	1,133
Management performance fee	121	363	484	–	–	–
	303	908	1,211	283	850	1,133

Dunedin provides investment management and general administration services to the Company. The terms of the management fee arrangements are detailed on page 56. The management performance fee is related to the realisation of the European fund investments as detailed on page 56.

5. Other expenses

Profit/(loss) on ordinary activities before taxation is shown after charging the following amounts:

	Group 2013 £'000	Group 2012 £'000
Directors fees	132	165
Administration expenses	466	464
Fees payable to the auditor:		
Fees payable to the Company's auditor for audit of Company's annual accounts	22	21
Fees payable to the Company's auditor for other services:		
The audit of the Company's subsidiaries pursuant to legislation	6	6
Audit related assurance services	6	5
Tax compliance services	19	28
Tax advisory services	8	7
	659	696

The Company does not directly employ any staff.

6. Finance costs

	Revenue £'000	Capital £'000	Group 2013 Total £'000	Revenue £'000	Capital £'000	Group 2012 Total £'000
On bank loans and overdraft:						
Repayable in less than 5 years	100	299	399	78	233	311
Banking facility arrangement fee	33	100	133	31	94	125
	133	399	532	109	327	436

The interest paid represents a fee on an undrawn facility.

7. Taxation on profit on ordinary activities

	Revenue £'000	Capital £'000	Group 2013 Total £'000	Revenue £'000	Capital £'000	Group 2012 Total £'000
(a) Analysis of charge/(credit) for the year:						
UK corporation tax at 23.25% (2012: 24.5%)	634	(506)	128	584	(528)	56
Prior year adjustment	–	–	–	(111)	–	(111)
	634	(506)	128	473	(528)	(55)

The UK corporation tax rate was 24% until 31 March 2013 and 23% from 1 April 2013 giving an effective tax rate of 23.25% (2012 – effective tax rate of 24.5%). The tax assessed for the year is lower than the rate of corporation tax. The differences are explained below.

(b) Factors affecting the tax charge for the year:

	Group 2013 £'000	Group 2012 £'000
Total return on ordinary activities before tax	(905)	1,309
UK Corporation Tax at 23.25% (2012: 24.5%)	(210)	321
Effects of:		
Capital (gains)/losses not subject to corporation tax	1,160	928
Dividends not subject to corporation tax	(180)	(177)
Non taxable partnership income and expenses	(381)	(690)
Prior year adjustment	–	(111)
Excess management expenses brought forward utilised	(261)	(326)
	128	(55)

At 31 December 2013, the Company had net surplus management expenses of £2,688,000 (2012: £2,949,000) in respect of which a deferred tax asset has not been recognised. This is because the Company is not expected to generate taxable income in a future period in excess of deductible expenses of that future period and, accordingly, it is unlikely that the Company will be able to reduce future liabilities through the use of existing surplus expenses.

8. Dividends

Amounts recognised as distributions to equity holders in the year:

	Group 2013 £'000	Group 2012 £'000
Final dividend for the year ended 31 December 2012 – 6.5p paid 24 May 2013	1,674	–
Final dividend for the year ended 31 December 2011 – 5.0p paid 25 May 2012	–	1,355
Special dividend for the year ended 31 December 2012 – 16.0p paid 28 September 2012	–	4,338
	1,674	5,693

The final dividend has not been included as a liability in these financial statements. The total dividend paid and proposed in respect of the financial year, which is the basis upon which the requirements of Section 1158 of the Corporation Tax Act 2010 are considered, is noted below.

	Group 2013 £'000	Group 2012 £'000
Final dividend for the year ended 31 December 2013 – 16.5p to be paid on 23 May 2014	3,624	–
Final dividend for the year ended 31 December 2012 – 6.5p paid on 24 May 2013	–	1,674
Special dividend for the year ended 31 December 2012 – 16.0p paid on 28 September 2012	–	4,338
	3,624	6,012

9. Return per ordinary share

The returns per ordinary share are based on the following figures:

	Group 2013 £'000	Group 2012 £'000
Revenue return	4,758	5,801
Capital return	(5,791)	(4,437)
	(1,033)	1,364
Weighted average number of shares in issue	23,894,866	27,582,091

10. Investments

All investments are designated fair value through profit or loss at initial recognition, therefore all gains and losses arise on investments designated at fair value through profit or loss. Given the nature of the Company's investments the fair value gains recognised in these financial statements are not considered to be readily convertible to cash in full at the balance sheet date and therefore the movement in these fair values are treated as unrealised.

The Company is a limited partner in Dunedin Buyout Fund, Dunedin Buyout Fund II, Dunedin Buyout Fund III, Equity Harvest Fund and Dunedin Fund of Funds LP. The table below details Dunedin Enterprise's investment holdings by fund entity.

	Group 2013 £'000	Group 2012 £'000
Direct	10,932	21,616
Dunedin Buyout Fund LP	193	395
Dunedin Buyout Fund II LP	49,191	50,890
Dunedin Buyout Fund III LP	10,625	–
Equity Harvest Fund LP	4,822	4,453
Dunedin Fund of Funds LP	12,908	24,894
'AAA' rated money market funds	4,372	7,330
	93,043	109,578

On a look through basis Dunedin Enterprise's investments are detailed below.

	Group 2013 £'000	Company 2013 £'000	Group 2012 £'000	Company 2012 £'000
Unlisted UK investments	75,763	75,763	77,354	70,863
Unlisted European investments	12,908	–	24,894	–
'AAA' rated money market funds	4,372	4,372	7,330	7,330
	93,043	80,135	109,578	78,193

Funds realised from listed and unlisted investments have been utilised to make investments in 'AAA' rated money market funds. The Board intends to realise these investments as and when new unlisted investment opportunities arise.

10. Investments continued

Valuation of financial instruments

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- **Level 1:** Quoted market price (unadjusted) in an active market for an identical instrument.
- **Level 2:** Valuation techniques based on observable inputs, either directly (i.e., as prices) or indirectly (i.e., derived from prices). This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.
- **Level 3:** Valuation techniques using inputs that are not based on observable market data (unobservable inputs). This category includes all instruments where the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments where significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

The table below analyses financial instruments, measured at fair value at the end of the reporting period, by the level in the fair value hierarchy into which the fair value measurement is categorised:

	2013 £'000	2012 £'000
Level 1		
'AAA' rated money market funds	4,372	7,330
Level 2	–	–
Level 3		
Unlisted investments	88,671	102,248
	93,043	109,578

IFRS 13 requires disclosure, by class of financial instrument, if the effect of changing one or more inputs to reasonably possible alternative assumptions would result in a significant change to the fair value measurement. The information used in determination of the fair value of Level 3 investments is chosen with reference to the specific underlying circumstances and position of the investee company. On that basis the Board believe that the impact of changing one or more of the inputs to reasonably possible alternative assumptions would not change the fair value significantly. The following shows a reconciliation from the beginning to the end of the year for fair value measurements in Level 1 and Level 3 of the fair value hierarchy.

Group	Level 3 UK Unlisted £'000	Level 3 European Unlisted £'000	Level 1 'AAA' rated money market funds £'000	Total £'000
Book cost at 31 December 2012	85,159	23,806	7,330	116,295

	853	662	286	225

A revolving credit facility of £20m is available to the Company until 27 February 2017. The rate of interest on the revolving credit facility is 3% above LIBOR.

13. Called-up share capital

	Nominal No. '000	Group & Company 31 December 2013 £'000	Nominal No. '000	Group & Company 31 December 2012 £'000
Allotted, called-up and fully paid ordinary shares:				
At 1 January 2013	25,754	6,438	30,122	7,530
Repurchased during the year	(3,787)	(946)	(4,368)	(1,092)
At 31 December 2013	21,967	5,492	25,754	6,438

The capital of the Company is managed in accordance with its investment policy and objectives which are detailed in the Strategic Report on page 17.

The Company repurchased 3,787,728 ordinary shares in the year to 31 December 2013 (2012: 4,367,745) at a cost of £18,224,372 (2012: £21,429,556). The nominal value of these shares was £946,932 and represented 14.7% of the issued share capital. At 19 March 2014 no ordinary shares have been repurchased since 31 December 2013. The Directors exercise the power to make repurchases only where they believe a repurchase is in the interests of the members as a whole and will result in an increase in the net asset value per ordinary share. The Company does not hold any shares in treasury.

* – these reserves are non-distributable

15. Net asset value per share

The net asset value per share is calculated on shareholders' funds of £116,267,328 (2012: £137,198,082) and on 21,966,907 ordinary shares in issue at the year end (2012: 25,754,635).

16. Reconciliation of income to net cash inflow from operating activities

Net cash inflow from operating activities	5,536	5,112	4,393	285

17. Capital commitments

There were outstanding capital commitments of £76.3m (2012: £86.2m) in respect of investments at the end of the year.

18. Contingent liabilities

There were no contingent liabilities at the year end (2012: £Nil).

19. Contingent assets

Discussions are ongoing with HMRC regarding the payment of interest on a compound basis relating to the reclaim of VAT on management fees. The amount and timing of any recovery remains uncertain and accordingly no amount has been provided for in the financial statements.

20. Financial instruments and associated risks

The Company's financial instruments comprise ordinary shares, fixed and floating interest rate investments, cash balances and liquid resources. The Company holds financial assets in accordance with its investment policy to invest in unquoted companies both directly and through specialist vehicles. Investments are valued at fair value. For quoted stocks this is at bid price unless this is not considered to be an accurate representation of fair value. In respect of unquoted investments, these are fair valued by the Directors using rules consistent with International Private Equity and Venture Capital Valuation Guidelines. The fair value of all other financial assets and liabilities is represented by their carrying value in the Balance Sheet.

The Company's investing activities expose it to types of risk that are associated with the financial instruments and the market in which it invests. The most important types of financial risk to which the Company is exposed are market risk, interest rate risk, credit risk, liquidity risk and currency risk. The nature and extent of the financial instruments outstanding at the balance sheet date and the risk management policies employed by the Company are discussed below.

Market risk – the risk that the value of a financial instrument will change as a result of changes to market prices is one that is fundamental to the Company's objective. The portfolio is continually monitored to ensure an appropriate balance of risk and reward in order to achieve the Company's objective. Some of the risk can be mitigated by diversifying the portfolio across business sectors, asset classes and regions. Details of the Company's investment portfolio at the balance sheet date are disclosed in the schedule of investments on pages 9 to 14. The Company's overall market positions are monitored by the Manager on an ongoing basis and by the Board quarterly.

76.3% (2012: 74.5%) of the Company's net assets are in unquoted companies held at fair value. Valuation methodology includes the application of an appropriate multiple to maintainable earnings. A 5% increase in the valuations of unquoted investments at 31 December 2013 would have increased the net assets of the Company by £4.7m (2012: £5.1m).

Interest rate risk – some of the Company's financial assets are interest bearing, at both fixed and variable rates. As a result the Company is subject to exposure to fair value interest rate risk due to fluctuations in the prevailing levels of market interest rates. The table below analyses the Company's financial assets and details the weighted average interest rate and life of fixed rate lending.

Financial Assets of the Company

31 December 2013	Fixed rate £'000	Floating rate £'000	Nil rate £'000	Total £'000
Currency				
Sterling	65,466	27,856	10,297	103,619
Euro	8,732	–	4,176	12,908
Total	74,198	27,856	14,473	116,527

31 December 2012	Fixed rate £'000	Floating rate £'000	Nil rate £'000	Total £'000
Currency				
Sterling	66,541	33,935	10,813	111,289
Euro	17,036	–	7,858	24,894
Total	83,577	33,935	18,671	136,183

The fixed rate assets comprise fixed rate lendings to investee companies. Fixed rate lendings have a weighted average interest rate of 9% per annum (2012: 9%) and a weighted average life to maturity of 4.1 years (2012: 4.0 years). The floating rate assets consist of cash and "AAA" rated cash OEIC's. The nil interest rate bearing assets represent the equity content of the investment portfolio. Interest rate risk is managed on an ongoing basis by the Manager and on a quarterly basis by the Board.

20. Financial instruments and associated risks continued

Due to the relatively short period to maturity of the fixed rate investments held within the portfolio, it is considered that an increase or decrease of 25 basis points in interest rates as at the reporting date would not have had a significant effect on the Group's net assets or total return for the period.

Credit risk – credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The portfolio consists of the following financial instruments:

	2013 £'000	2012 £'000
Unquoted investments	88,671	102,248
AAA rated cash OEICs	4,372	7,330
Cash deposits	23,484	26,605
Total	116,527	136,183

Investment in unquoted companies either directly, via Dunedin managed funds or via third party managed funds (both limited partnership funds and quoted stocks) is by its nature subject to potential credit losses. The Company's exposure to any one entity is carefully monitored. The unquoted investment portfolio is further diversified by asset class, sector and region. Liquid assets (cash deposits and AAA rated cash OEIC's) are divided between a number of different financial institutions, each of whose credit rating is assessed. Credit risk is monitored by the Manager on an ongoing basis and on a quarterly basis by the Board.

Liquidity risk – the Company has significant investments in unquoted companies which are inherently illiquid. As a result, the Company may not be able to liquidate quickly some of its investments in these companies at an amount close to its fair value in order to meet its liquidity requirements. The Company manages its liquid investments to ensure sufficient cash is available to meet contractual commitments and also seeks to have cash or readily convertible investments available to meet other short term financial needs. Liquidity risk is monitored by the Manager on an ongoing basis and on a quarterly basis by the Board.

Currency risk – the Company is exposed to currency risk as a result of investing in companies and funds denominated in euros. The sterling value of these investments can be influenced by movement's in foreign currency exchange rates. Currency risk is monitored by the Manager on an ongoing basis and on a quarterly basis by the Board.

The risks faced by the Group and the Company are not considered to be materially different.

21. Subsidiary undertakings

Name of Subsidiary	Dunedin Enterprise Limited

	Dunedin Fund of Funds LP £'000	Dunedin Enterprise Limited £'000	Dunedin Co-Investment LP £'000	Total £'000
Valuation at 31 December 2012	24,972	6,333	1	31,306
Net capital movements	(12,853)	(5,483)	–	(18,336)
Valuation movements	879	(709)	–	170
Valuation at 31 December 2013	12,998	141	1	13,140

22. Related party transactions

The Company has investments in Dunedin Buyout Fund LP, Dunedin Buyout Fund II LP, Dunedin Buyout Fund III LP and Equity Harvest Fund LP. Each of these limited partnerships are managed by Dunedin. The Company has borne a management fee of £2.0m (2012: £0.9m) in respect of these limited partnerships. The total investment management fee payable by the Company to the Manager is therefore £2.7m (2012: £2.0m).

A Manager's Incentive Scheme ("the Scheme") was introduced from 1 May 1999. Under the terms of the Scheme qualifying directors and investment executives of Dunedin were entitled to purchase 7.5% of the equity shares (and, occasionally, other financial instruments) in each of the directly held investments subscribed for by the Company. This scheme has now been replaced by the arrangements noted below.

Since the Company began investing in Dunedin Buyout Funds ("the Funds") executives of the Managers have been entitled to participate in a carried interest scheme via the Funds. Performance conditions are applied whereby any gains achieved through the carried interest scheme associated with the Funds are conditional upon a certain minimum return having been generated for the limited partner investors. Additionally, within Dunedin Buyout Fund II LP the economic interest of the Manager is aligned with that of the limited partner investors by co-investing in this fund.

Brian Finlayson has an interest in the Manager's Incentive Scheme and received £2,614 from that scheme during 2013. Brian Finlayson was previously employed by the Manager and retired in 2002. As at 31 December 2013 the remaining value in the Manager's Incentive Scheme attributable to Brian Finlayson is £nil.

Management Fees

The terms of the management fees are:-

Vehicle	Fee
Fund of Funds Limited Partnership	1.5 per cent on the value of investments plus 0.5 per cent on undrawn commitments to third party funds
Co-investment Limited Partnership	1.5 per cent on the value of investments
Direct investments in individual companies	1.5 per cent on the value of investments
Dunedin Managed Funds	Same fees as paid by third party investors in such Funds
Third party managed funds	1.5 per cent on value of investments
Listed private equity funds	1.5 per cent on the value of investments
Cash	0.5 per cent on cash balances not committed to funds through the Dunedin Fund of Funds LP

The notice period on the contract is 18 months. The 18 month notice period reflects the long-term nature of the private equity asset class and the detailed involvement of the Manager in investee companies which therefore requires greater continuity.

Management Performance Fee ("performance fee")

In November 2012 Shareholders approved a new performance fee. Under the terms of the performance fee the Manager is incentivised to achieve a realisation of investments held in the Fund of Funds Limited Partnership which contains the investment in European Funds. The performance fee is based upon realisations achieved up to 31 December 2014 and is up to a maximum of 1.5% of Aggregate Gross Proceeds received from the realisation of the investments plus the associated undrawn original commitments from which the Company is released. The level of the performance fee payable is dependent upon the timing of the realisations and how the value realised compares to the most recent valuation undertaken by the third party manager.

Notice of Annual General Meeting

Notice is hereby given that the thirty ninth Annual General Meeting of the shareholders of Dunedin Enterprise Investment Trust PLC will be held at 11.00 am on 14 May 2014 at The Sheraton Hotel, 1 Festival Square, Edinburgh EH3 9SR for the following purposes:

To consider and, if thought fit, pass the following resolutions. Resolutions 1 to 9 will be proposed as ordinary resolutions and resolutions 10 to 13 will be proposed as special resolutions.

Ordinary Business

1. To receive and adopt the report of the Directors and auditors and the audited accounts for the year ended 31 December 2013.
2. To approve the Directors' remuneration policy.
3. To approve the Directors' remuneration report for the year ended 31 December 2013.
4. To declare a dividend for the year ended 31 December 2013.
5. To re-elect Duncan Budge as a Director.
6. To re-elect Liz Airey as a Director.
7. To appoint KPMG LLP as auditors of the Company to hold office until the conclusion of the next general meeting at which accounts are laid before the Company.
8. To authorise the Directors to fix the remuneration of the auditors.
9. That in substitution for any existing authority of the Directors, the Directors of the Company be and are hereby generally and unconditionally authorised pursuant to Section 551 of the Companies Act 2006 ("the Act") to allot equity securities (as defined in Section 560 of the Act) up to a maximum nominal amount of £1,830,575 (being one third of the issued share capital of the Company as at 1 April 2014, being the latest practicable date prior to publication of this Notice) provided that the authority hereby given shall expire on the conclusion of the next Annual General Meeting of the Company after the passing of this resolution, save that the Company may at any time prior to the expiry of such authority make an offer or enter into an agreement which would or might require equity securities to be allotted after the expiry of such authority and the Directors may allot equity securities in pursuance of such an offer or agreement as if such authority had not expired.
10. That, in substitution for any existing power under Section 570 of the Companies Act 2006 (the "Act"), where they are generally authorised pursuant to the authority conferred upon them to allot equity securities (as defined in Section 560 of the Act) by resolution 9, the Directors be and they are hereby empowered, pursuant to Section 570 of the Act,

to allot equity securities for cash as if Section 561 of the Act did not apply to any such allotment, provided that this power is limited:

- (i) to the allotment of equity securities in connection with a rights issue or other pro rata offer in favour of holders of ordinary shares where the equity securities respectively attributable to the interests of all ordinary shareholders are proportionate (as nearly as may be) to the respective numbers of ordinary shares held or deemed held by them but subject to such exclusions or other arrangements as the Directors may deem necessary or expedient to deal with legal or practical problems in respect of overseas shareholders, fractional entitlements or otherwise; and
- (ii) to the allotment (other than pursuant to paragraph (i) above) of equity securities up to an aggregate nominal amount of £274,586 (representing 5% of the Company's issued share capital as at 1 April 2014, being the latest practicable date prior to publication of this Notice);

and shall expire on the conclusion of the next Annual General Meeting of the Company after the passing of this resolution (or, if earlier, the date which is 15 months after the passing of this resolution) unless the authority is issued, revoked or renewed prior to such time save that the Company may, before this authority expires or is replaced, make an offer or agreement which would or might require equity securities to be allotted after such expiry or replacement and the Directors may allot equity securities in pursuance of such an offer or agreement as if the authority conferred hereby had not expired or, as the case may be, been replaced.

Special Business

11. That, in substitution for any existing authority, the Company be and is hereby authorised in accordance with Section 701 of the Companies Act 2006 (the "Act") to make market purchases (within the meaning of Section 693(4) of the Act) of ordinary shares of 25 pence each in the capital of the Company provided that:
 - (i) the maximum number of ordinary shares hereby authorised to be purchased is 3,292,839;
 - (ii) the minimum price which may be paid for an ordinary share shall be 25 pence;
 - (iii) the maximum price (exclusive of expenses) which shall be paid for an ordinary share shall be not more than the higher of an amount equal to 105 per cent of the average of the middle market quotations for an ordinary share taken from and calculated by reference to the London Stock Exchange Daily Official List for the five business days immediately preceding the day on which the shares are purchased and the amount

stipulated by Article 5(1) of the regulation entitled the 'Buy-Back and Stabilisation Regulation';

- (iv) the authority hereby conferred shall expire at the conclusion of the next Annual General Meeting of the Company after the passing of this resolution (or, if earlier, the date which is 15 months after the passing of this resolution) unless the authority is issued, revoked or renewed prior to such time; and
 - (v) the Company may make a contract to purchase shares under the authority hereby conferred prior to the expiry of such authority and may make a purchase of shares pursuant to any such contract notwithstanding such expiry.
12. That a general meeting other than an annual general meeting may be called at not less than 14 clear days' notice.
13. That:
- (i) the Company be and is hereby authorised in accordance with Section 701 of the Companies Act 2006 (the "Act") to make market purchases (within the meaning of Section 693 of the Act) of its ordinary shares of 25p each (the "Shares") pursuant to the tender offer (the "Tender Offer") on the terms set out in the circular to shareholders of the Company dated 7 April 2014 enclosed with the Company's Annual Report and Accounts 2013, provided that:
 - (a) the maximum number of Shares hereby authorised to be purchased shall be 1,098,345;
 - (b) the price which may be paid for a Share shall be 475p (which shall be both the maximum price and the minimum price for the purposes of Section 701 of the Act); and
 - (c) unless renewed, the authority hereby conferred shall expire on the earlier of (1) the completion of the Tender Offer or (2) the anniversary of one year from the date of passing of this resolution;
 - (ii) the Company's authority to make market purchases of its Shares (within the meaning of Section 693 of the Act) pursuant to resolution 11 as may be approved by shareholders at this Annual General Meeting of the Company shall continue in effect and shall not be affected by the passing of this resolution nor shall any part of that authority be utilised in connection with the Tender Offer.

By Order of the Board

Dunedin LLP

Secretary
2 April 2014

Registered Office:
Saltire Court, 20 Castle Terrace, Edinburgh EH1 2EN

Notes

1. **THIS DOCUMENT IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION.** If you are in any doubt as to the action to be taken, you should seek personal financial advice from your independent financial advisor authorised under the Financial Services and Markets Act 2000 if you are resident in the United Kingdom or, if not, from another appropriate independent financial advisor.
2. If you have sold or otherwise transferred all your shares in Dunedin Enterprise Investment Trust PLC, please forward this document, together with the form of proxy enclosed, at once to the purchaser or transferee or to the stockbroker, bank or other agent through whom the sale or transfer was effected for transmission to the purchaser or transferee. If you have sold or otherwise transferred only part of your holding of shares, you should retain these documents.
3. Members are entitled to appoint a proxy to exercise all or any of their rights to attend and to speak and vote on their behalf at the meeting. A shareholder may appoint more than one proxy in relation to the Annual General Meeting provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. A proxy need not be a shareholder of the Company.
4. Proxy forms must be lodged not less than 48 hours before the meeting with the Company's registrars, Equiniti, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA. Completion of the form of proxy does not preclude a member from attending the meeting and voting in person.
5. There are special arrangements for holders of shares through the Alliance Trust Investment Trust Share Plan, ISA and PEP. These are explained in the 'Letter of Directions' which such holders will have received with this report.
6. Pursuant to regulation 41 of the Uncertificated Securities Regulations 2001, the Company has specified that to be entitled to attend and vote at the meeting (and for the purpose of determining the number of votes they may cast), members must be entered on the register of members at 6.00pm on 12 May 2014. If the meeting is adjourned then, to be so entitled, members must be entered on the register of members 48 hours before the time fixed for the adjourned meeting, or, if the Company gives notice of the adjourned meeting, at any other time specified in that notice.
7. Any person to whom this notice is sent who is a person nominated under Section 146 of the Companies Act 2006 to enjoy information rights (a "Nominated Person") may, under an agreement between him/her and the shareholder by whom he/she was nominated, have a right to be appointed (or to have someone else appointed) as a proxy for the Annual General Meeting. If a Nominated Person has no such proxy appointment right or does not wish to exercise it, he/she may, under any such agreement, have a right to give instructions to the shareholder as to the exercise of voting rights.
8. The statement of the rights of shareholders in relation to the appointment of proxies in paragraphs 3 and 4 above does not apply to Nominated Persons. The rights described in

these paragraphs can only be exercised by shareholders of the Company.

9. As at 1 April 2014 (being the last practicable day prior to the publication of this Notice) the Company's issued share capital consists of 21,966,907 ordinary shares, carrying one vote each. Therefore, the total voting rights in the Company as at 1 April 2014 are 21,966,907.
10. Pursuant to Section 319A of the Companies Act 2006, the Company must provide an answer to any question which is put by a member attending the AGM relating to the business being considered, except if a response would not be in the interest of the Company or for the good order of the meeting or if to do so would involve the disclosure of confidential information. The Company may however elect to provide an answer to a question, within a reasonable period of days after the conclusion of the AGM.
11. In accordance with Section 311A of the Companies Act 2006, the contents of this notice of meeting, details of the total number of shares in respect of which members are entitled to exercise voting rights at the AGM and, if applicable, any members' statements, members' resolutions or members' matters of business received by the Company after the date of this notice will be available on the Company's website www.dunedinenterprise.com.
12. Shareholders may require the Company to place on its website a statement, made available also to the Company's auditors, setting out any matter relating to the audit of the Company's accounts, including the Auditor's Report and the conduct of the audit, which shareholders intend to raise at the Annual General Meeting. The Company becomes required to place such a statement on the website once a) members with at least 5% of the total voting rights of the Company or b) at least 100 members who are entitled to vote and on whose shares an average sum per member of at least £100 has been paid have submitted such a request to the Company. Members seeking to do this should write to the Company providing their full name and address.
13. A member of the Company which is a corporation may authorise a person or persons to act as its representative(s) at the AGM. In accordance with the provisions of the Companies Act 2006 (as amended by the Companies (Shareholders' Rights) Regulations 2009), each such representative may exercise (on behalf of the corporation) the same powers as the corporation could exercise if it were an individual member of the Company, provided that they do not do so in relation to the same shares. It is therefore no longer necessary to nominate a designated corporate representative.
14. CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so by using the procedures described in the CREST Manual. CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.
15. In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST

message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications, and must contain the information required for such instruction, as described in the CREST Manual. The message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent (ID RA19) by 11.00 am on 12 May 2014. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Application Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

16. CREST members and, where applicable, their CREST sponsors, or voting service providers should note that Euroclear UK and Ireland Limited does not make available special procedures in CREST for any particular message. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member, or sponsored member, or has appointed a voting service provider, to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting system providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings. The CREST manual can be viewed at www.euroclear.com.
17. The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001. You may not use any electronic address provided either in this Notice of Meeting or any related documents (including the Form of Proxy) to communicate with the Company for any purposes other than those expressly stated.

Shareholders who prefer to register the appointment of their proxy electronically via the internet can do so through Equiniti's website at www.sharevote.co.uk where full instructions on the procedure are given. The Voting ID, Task ID and Shareholder Reference Number printed on the Form of Proxy will be required in order to use this electronic proxy appointment system. Alternatively, shareholders who have already registered with Equiniti's online portfolio service, Shareview, can appoint their proxy electronically by logging on to their portfolio at www.shareview.co.uk and then clicking on the link to vote. The on screen instructions give details on how to complete the appointment process. A proxy appointment made electronically will not be valid if sent to any address other than those provided or if received after 11.00am on 12 May 2014.

-
18. Under Section 338 of the Companies Act 2006, a members or members meeting the qualification criteria set out at note 12, may, subject to conditions, require the Company to give to members notice of a resolution which may properly be moved and is intended to be moved at that meeting. The conditions are that: (i) The resolution must not, if passed, be ineffective (whether by reason of inconsistency with any enactment or the Company's constitution or otherwise); (ii) The resolution must not be defamatory of any person, frivolous or vexatious; (iii) The resolution must be received by the Company not later than 6 weeks before the Annual General Meeting and (iii) Members seeking to do this should write to the Company providing their full name and address.
 19. Under Section 338A of the Companies Act 2006, a members or members meeting the qualification criteria set out at note 12, may, subject to conditions, require the Company to include in the business to be dealt with at the Meeting a matter (other than a proposed resolution) which may properly be included in the business (a matter of business). The conditions are that: (i) The matter of business must not be defamatory of any person, frivolous or vexatious; (ii) The request must identify the matter of business by either setting it out in full or, if supporting a statement sent by another member, clearly identify the matter of business which is being supported; (iii) Must be accompanied by a statement setting out the grounds for the request; (iv) Must be authenticated by the person or persons making it (see note 12); and (v) Must be received by the Company not later than 6 weeks before the Annual General Meeting.
 20. Copies of the letters of appointment for directors and the Company's articles of association will be available for inspection at the Annual General Meeting for at least 15 minutes prior to the beginning of the meeting until the end of the meeting.

Information for Investors

Dunedin Enterprise is managed by Dunedin. Dunedin is authorised and regulated by the Financial Conduct Authority. All enquiries in relation to Dunedin Enterprise, other than those related to Alliance Trust Savings Limited products, should be directed to Dunedin at Saltire Court, 20 Castle Terrace, Edinburgh, EH1 2EN or info@dunedinenterprise.com.

The Company's share price appears under the heading 'Investment Companies' in The Financial Times, and other national newspapers. Prices are also available on the Company website www.dunedinenterprise.com or on the Alliance Trust Savings website www.alliancetrustsavings.co.uk or else on various websites such as www.trustnet.com.

Investors can buy and sell shares in an investment trust directly through a stockbroker or indirectly through a lawyer, accountant or other professional adviser. However, in order to facilitate investment in the Company, arrangements have been put in place for Dunedin Enterprise to be part of the Alliance Trust Savings products.

Details of the Alliance Trust Savings products are noted below:

Alliance Trust Savings – Individual Savings Account (ISA) is a low-cost, tax-efficient savings vehicle. Since 6 April 2013, the ISA subscription limit has been £11,520 for anyone eligible to invest, rising to £15,000 from 6 April 2014. The annual administration charge for an Alliance Trust Savings ISA is £75 plus VAT.

Alliance Trust Savings – Investment Dealing Account (IDA) offers a simple means of investing in Dunedin Enterprise. The annual administration charge for an Alliance Trust Savings IDA is £75+ VAT.

Investors may make regular monthly payments (minimum £50 per month) or invest occasional lump sums (minimum £50 in both the ISA and IDA). The charge for regular monthly payments is £1.50.

Investors may also make one-off investments by dealing online or by post/telephone. There is an online dealing charge of £12.50 and a postal/telephone dealing charge of £40 to buy and sell shares within an IDA/ISA.

Investors can transfer in shares to their IDA or ISA from other providers. They can also have their dividends re-invested and request to receive income from dividends to their bank account. Although we consider our IDA and ISA to be medium to long term investments, there is no restriction on how long an investor need invest and investors can choose to close their account by instructing Alliance Trust Savings in writing at any time.

In common with other schemes of this type, all investments are held in nominee accounts. Investors have full voting and other rights of share ownership.

For information relating to the above savings plans please contact:

Alliance Trust Savings Limited

PO Box 164
8 West Marketgait
Dundee

Important Information

Risk factors you should consider prior to investing:

- In common with most investment companies, investment trusts may borrow to finance further investment (gearing). The use of gearing is likely to lead to volatility in the Net Asset Value (NAV) meaning that a relatively small movement, down or up, in the value of a trust's assets will result in a magnified movement, in the same direction, of that NAV.
- If bank borrowing is unavailable then investment activity will be curtailed.
- The Company invests in small companies, and/or companies investing in technology or venture and development capital stocks, where the potential volatility may increase the risk to the value of your investment. Above average price movements may be expected.
- The Company invests in a specialist market sector and is likely to carry higher risks than a more widely invested fund.
- The value of shares and the income from them can go down as well as up and you may get back less than the amount invested.
- Past performance is not a guide to the future.
- Exposure to a single country market increases potential volatility.
- There is no guarantee that the market price of shares in the Company will fully reflect their underlying Net Asset Value.
- As with all stock exchange investments the value of investment trust shares purchases will immediately fall by the difference between the buying and selling prices, the bid-offer spread.
- If you are unsure as to the suitability of any particular investment or product, you should seek professional financial advice.
- You should remember that the amount of tax relief depends on your individual circumstances and that the beneficial tax treatment of ISAs may not continue in the future.
- Charges may be subject to change in the future.
- Uncertainty created by the unknown outcome of the Independence Referendum.

Other Important Information:

The information contained on pages 61 to 62 has been issued by Alliance Trust Savings Limited, which is registered in Scotland No. SC 98767, registered office, PO Box 164, 8 West Marketgait, Dundee DD1 9YP.
