### About Renewi plc

Renewi is a pure-play recycling company with a focus on extracting value from waste and used materials rather than disposal through incineration or landfill. The company also plays a key role in limiting resource scarcity through the creation of secondary materials, and by so doing addresses both social and regulatory trends and contributes to creating a cleaner, greener world.

Renewi's vision is to be the leading waste-to-product company in the world's most advanced circular economies. With an industry leading recycling rate of 64%, Renewi puts 7m tonnes of low carbon secondary materials back into reuse. This is a significant contribution to climate change mitigation and the circular economy. Our recycling protects virgin resources and avoids emissions of more than 2.5 million tonnes of CO2.

Renewi, which draws on innovation and the latest technology to turn waste into useful materials - paper, metals, plastics, glass, wood, building materials, compost and water - employs over 6,500 people who work on 154 operating sites in 5 countries across Europe and the UK. Renewi is recognised as a market leader in Benelux and a European leader in advanced recycling.
