

DMG Provides Hosting Facility Update

VANCOUVER, British Columbia, February 27, 2019 — DMG Blockchain Solutions Inc. (TSX-V: DMGI) (DMGGF:OTC US) (FRANKFURT:6AX) ("**DMG**" or the "**Company**"), announces that its mining facility is currently hosting more than 9,400 miners for third party clients. These miners include Bitcoin miners, alt-crypto ASIC miners as well as GPUs for other alt-cryptos. DMG also welcomed a new client in January with a contract to host 2,000 miners. Demand for DMG's hosting services continues to be robust

The Company also announces that it is cancelling its March 28, 2019 annual general meeting of shareholders. Once it completes the audit for its September 30, 2018 financial year end, the Company will re-schedule its annual general meeting. DMG's last annual general meeting was held on October 25, 2018.

The Company's auditors, Manning Elliott LLP, are currently performing the audit.

Cautionary Note Regarding Forward-Looking Information

This news release contains forward-looking information based on current expectations. Statements about the Company's plans and intentions, other potential transactions, completion of audit, holding of an annual general meeting, acquisition of customers, product development, events, courses of action, and the potential of the Company's technology and operations, among others, are all forward-looking information. Forward-looking statements consist of statements that are not purely historical, including any statements

regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding looking wording such as “may”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company, including but not limited to, business, economic and capital market conditions; the ability to manage operating expenses, which may adversely affect the Company's financial condition; the ability to remain competitive as other better financed competitors develop and release competitive products; regulatory uncertainties; access to equipment; market conditions and the demand and pricing for products; the demand and pricing of bitcoins; security threats, including a loss/theft of DMG's bitcoins; DMG's relationships with its customers, distributors and business partners; the inability to add more power to DMG's facilities; DMG's ability to successfully define, design and release new products in a timely manner that meet customers' needs; the ability to attract, retain and motivate qualified personnel; competition in the industry; the impact of technology changes on the products and industry; failure to develop new and innovative products; the ability to successfully maintain and enforce our intellectual property rights and defend third-party claims of infringement of their intellectual property rights; the impact of intellectual property litigation that could materially and adversely affect the business; the ability to manage working capital; and the dependence on key personnel. DMG may not actually achieve its plans, projections, or expectations. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, including the demand for its products, the ability to successfully develop software, that there will be no regulation or law that will prevent the Company from operating its business, anticipated costs, the ability to achieve goals and the price of bitcoin. Given these risks, uncertainties and assumptions, you should not place undue reliance on these forward-looking statements.

The securities of DMG are considered highly speculative due to the nature of DMG's business.

Factors that could cause the actual results to differ materially from those in forward-looking statements include, failure to obtain regulatory approval, the continued availability of capital and financing, equipment failures, lack of supply of equipment, power and infrastructure, failure to obtain any permits required to operate the business, the impact of technology changes on the industry, competition, security threats including stolen bitcoins from DMG or its customers, consumer sentiment towards DMG's products, services and blockchain technology generally, failure to develop new and innovative products, litigation, increase in operating costs, increase in equipment and labor costs, failure of counterparties to perform their contractual obligations, government regulations, loss of key employees and consultants, and general economic, market or business conditions. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The reader is cautioned not to place undue reliance on any forward-looking information.

The forward-looking statements contained in this news release are made as of the date of this news release. Except as required by law, the Company disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Additionally, the Company undertakes no obligation to comment on the expectations of, or statements made by, third parties in respect of the matters discussed above.

Neither the TSX Venture Exchange nor its Regulation Service Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this news release.
