

DMG Announces New Miner Purchases

VANCOUVER, British Columbia, April 18, 2023 -- DMG Blockchain Solutions Inc. (TSX-V: DMGI) (OTCQB US: DMGGF) (FRANKFURT: 6AX) ("DMG" or the "Company"), a vertically integrated blockchain and cryptocurrency technology company, today announces new miner purchases. These purchases are additive to its previously announced 1 EH/s of Bitcoin miner purchases, all of which have been delivered except its final tranche of 300 Bitmain S19 XPs (42 PH/s).

The purchases include 350 Bitmain S19 Pro (35 PH/s), 350 Bitmain S19 XP (49 PH/s) and 850 Bitmain S19j Pro+ (104 PH/s) miners, which total an additional 1,550 units contributing 188 PH/s. The 350 Bitmain S19 Pros were a spot deal and have already arrived; the remaining miners will be added in the coming months to the DMG's Christina Lake data center. The Company is discussing further purchases with Bitmain and other suppliers. The additional hashrate is subject to the receipt, installation, and operation of these additional miners.

Update on Delivery of Containers

As previously announced, DMG has purchased over 40 megawatts of crypto mining containers. The company is now finalizing shipping logistics. The first containers are expected to arrive in early July 2023 and continue arriving through September 2023. [NTD: do you have power for these containers and miners? Or do you need to purchase equipment and other items in order to get all the power working?]

About DMG

DMG is an environmentally friendly vertically integrated blockchain and cryptocurrency company that manages, operates, and develops end-to-end digital solutions to monetize the blockchain ecosystem. DMG's sustainable businesses are segmented into two business lines under the Core and Core+ strategies and unified through DMG's vertical integration.

Future changes in the Bitcoin network-wide mining difficulty rate or Bitcoin hash rate may materially affect the future performance of DMG's production of Bitcoin, and future operating results could also be materially affected by the price of Bitcoin and an increase in hash rate mining difficulty.
