Atlas Salt Issues Stock Options

St. John's, Newfoundland and Labrador, April 29, 2025 – Atlas Salt Inc. (the “Company” or “Atlas Salt” – TSXV: SALT; OTCQB: REMRF) announces that it has granted 200,000 stock options to a director exercisable at 46 cents for a period of three years. The Company has 4,384,531 remaining shares reserved for issuance pursuant to its equity compensation plans following this grant.

Regarding the search for a new CEO, the Company has retained the services of a professional recruitment firm with a specialty in mining – financial placements. That process is well underway with the screening of candidates. The Chairman, Patrick Laracy, has been appointed CEO on an interim basis.

About Atlas Salt Inc.

Atlas Salt Inc. is developing Canada's next salt mine and is committed to responsible and sustainable mining practices. With a focus on innovation and efficiency, the company is poised to make significant contributions to the North American salt market while upholding its values of environmental stewardship and community engagement.

Cautionary Statement

Neither the TSX Venture Exchange nor its Regulation Services Provider, (as the term is defined in the Policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release. This press release includes certain “forward-looking information” and “forward-looking statements” (collectively “forward-looking statements”) within the meaning of applicable Canadian securities legislation. All statements, other than statements of historical fact, included herein, without limitation, statements relating to the future operating or financial performance of the Company, are forward-looking statements. Forward-looking statements are frequently, but not always, identified by words such as “expects”, “anticipates”, “believes”, “intends”, “estimates”, “potential”, “possible”, and similar expressions, or statements that events, conditions, or results “will”, “may”, “could”, or “should” occur or be achieved. Forward-looking statements in this press release relate to, among other things: completion, delivery and timing of project components and requirements, and analysis and assumptions related thereto. Actual future results may differ materially. There can be no assurance that such

statements will prove to be accurate, and actual results and future events could differ materially from those anticipated in such statements. Forward-looking statements reflect the beliefs, opinions and projections on the date the statements are made and are based upon a number of assumptions and estimates that, while considered reasonable by the respective parties, are inherently subject to significant business, technical, economic, and competitive uncertainties and contingencies. Many factors, both known and unknown, could cause actual results, performance or achievements to be materially different from the results, performance or achievements that are or may be expressed or implied by such forward-looking statements and the parties have made assumptions and estimates based on or related to many of these factors. Such factors include, without limitation: the timing, completion and delivery of required permits, contract agreements, supply arrangements and financing. Readers should not place undue reliance on the forward-looking statements and information contained in this news release concerning these times. Except as required by law, the Company does not assume any obligation to update the forward-looking statements of beliefs, opinions, projections, or other factors, should they change.
