NEWS RELEASE

RED ROCK CAPITAL CONFIRMS IMPLEMENTATION OF SHARE SPLIT

November 30th, 2017 – Vancouver, British Columbia – Red Rock Capital Corp. (the "**Company**") announces that further to its news release of November 16th, effective at the open of markets on December 5th, its common shares will commence trading on a forward split basis. The Company will issue 2.33 common shares for every 1 common share held by shareholders of record as of the close of business on December 4th. Shareholders of record as of that date can expect to receive an additional share certificate as a result of the split. Following completion of the split, the Company will have 24,931,000 common shares outstanding.

As previously announced, and following completion of the share split, the Company intends to undertake a private placement of common shares at a post-share split price of $0.11 per share. Due to market interest and to ensure that the Company has sufficient working capital to continue its due diligence investigation of prospective "qualifying transactions", the board of directors has approved an increase in the size of the placement. The Company now anticipates issuing up to 6,818,181 common shares for gross proceeds of up to $750,000. Completion of the placement remains subject to the approval of the TSX Venture Exchange.
