Mr. Barr stated that it has been a pleasure to have served as the CEO and director of this dynamic exploration company. As the Company has established itself as a leader in the Lithium Brine exploration business in Nevada, it is time to have a President and CEO with Rick Wilson’s experience and dedication to guide the Company through its next major milestones. Mr. Barr will now focus his time and energy on other projects.

The Company would like to thank Mr. Barr and Mr. Chunnett for their contributions to Nevada Energy and wish them success in their future endeavours.

About Nevada Energy Metals: http://nevadaenergymetals.com/

Nevada Energy Metals Inc. is a well funded Canadian based exploration company who's primary listing is on the TSX Venture Exchange. The Company's main exploration focus is directed at lithium brine targets located in the mining friendly state of Nevada. The Company has 100% ownership in 87 claims in Clayton Valley, only 250m from Rockwood Lithium, the only brine based lithium producer in North America. Nevada Energy Metals has also acquired, 100 claims (Teels Marsh West) covering 2000 acres (809 hectares) at Teels Marsh, Mineral County, Nevada, a highly prospective lithium exploration project, 100% owned without any royalties, located on the western part of a large evaporation lake where a phase one, 20 hole shallow auger exploration program is in progress. Recently the Company announced the addition of the San Emidio Desert lithium project, consisting of 155 claims (approximately 3,100 acres/1255 hectares) in Washoe County, Nevada. The Company's first lithium project, Alkali Lake, in Esmeralda county, is a 60% earn in option agreement from Dajin Resources Corp, where near surface lithium has been confirmed.
