

Nevada Energy Metals Announces Approval for Listing in Mergent Manual and News Reports™

News Release

May 24, 2016 – Vancouver, British Columbia- Nevada Energy Metals Inc. “the Company” TSX-V: BFF (OTCQB: SSMLF) (Frankfurt: A2AFBV) is pleased to announce that the Company has been approved by Mergent’s Editorial Board and will remain “Blue-Skyed” with a new listing in Mergent Manuals and News Reports™. Nevada Energy Metals’ corporate profile, which includes descriptive text, data, news and financial statements, will be accessible through Mergent’s online and print products.

As part of Mergent’s listing services, the new description will be highlighted separately on www.mergent.com with an active hyperlink back to Nevada Energy Metals’ website.

The Mergent Industrial Manual and News Reports™ is a recognized securities manual in 39 states for purposes of Blue Sky Manual Exemption. First published in 1918, and formerly known as Moody’s™ Manuals and News Reports, the publication was rebranded as Mergent Manuals and News Reports when Mergent, Inc. acquired Moody’s™ Financial Information Services division in 1998. Nevada Energy Metals’ listing will aid in opening the company up to a much broader investment base. However, it is recommended that brokers confirm with their compliance/legal department concerning “Blue Sky” laws in specific states and other regulatory laws that might affect them.

About Nevada Energy Metals: <http://nevadaenergymetals.com/>

Nevada Energy Metals Inc. is a well-funded Canadian based exploration company whose primary listing is on the TSX Venture Exchange. The Company's main exploration focus is directed at lithium brine targets located in the mining friendly state of Nevada. The Company has 100% ownership in 87 claims in Clayton Valley, only 250m from Rockwood Lithium, the only brine based lithium producer in North America. Nevada Energy Metals has also acquired, 100 claims (Teels Marsh West) covering 2000 acres (809 hectares) at Teels Marsh, Mineral County, Nevada, a highly prospective lithium exploration project, 100% owned without any royalties, located on

the western part of a large evaporation lake where a phase one, 27 hole shallow auger exploration program has been completed and results are pending. Recently, the Company announced the addition of the San Emidio Desert lithium project, consisting of 155 claims (approximately 3,100 acres/1255 hectares) in Washoe County, Nevada. The Company's first lithium project, Alkali Lake, in Esmeralda county, is a 60% earn in option agreement from Dajin Resources Corp, where near surface lithium has been confirmed. The Company's most recent acquisition is 128 placer claims (2,560 acres/ 1,036 hectares) located in southwest Black Rock Desert, Washoe County, Nevada.

On Behalf of the Board of Directors

Rick Wilson
