Dear Sirs/Mesdames:

**Re: HIT Technologies Inc.
Form 45-106F1 – Report of Exempt Distribution**

On May 20, 2016 we filed with the Alberta Securities Commission a Form 45-106F1 – Report of Exempt Distribution on behalf of HIT Technologies Inc. We subsequently noticed that the report contained a typo in the footnote set out in item 8 relating to the expiration date of the four-month hold period in respect of the finder's warrants. This has been corrected to reflect the expiration of the four-month hold period as "September 14, 2016" rather than "September 1, 2016". We would ask that you please replace the report that was previously filed on May 20, 2016 with the corrected report enclosed herewith.

We trust that you will find the foregoing to be in order, however, please contact the undersigned should you require any additional information with respect to this matter.

Yours truly,

McCarthy Tétrault LLP
