About ViXS Systems Inc.

ViXS is the pioneer and market leader in designing revolutionary media processing semiconductor solutions for video over IP streaming solutions, with over 516 patents issued and pending worldwide, numerous industry awards for innovation, and over 33 million media processor shipped to date. ViXS is driving the transition to Ultra HD 4K across the entire content value chain by providing professional and consumer grade chipsets that support the new High Efficiency Video Coding (HEVC) standard up to Main 12 Profile, reducing bandwidth consumption by 50% while providing the depth of color and image clarity needed to take advantage of higher-resolution content. ViXS' XCodePro 300 family is ideal for Ultra HD 4K infrastructure equipment, and the XCode 6000 family of system-on-chip (SoC) products achieve unprecedented levels of integration that enable manufacturers to create cost-effective consumer entertainment devices.

ViXS is headquartered in Toronto, Canada with offices in Europe, Asia and North America.
