

Baylin Technologies Receives \$665,000 (CAD) Purchase Order for its GaN SSPA's from a US Federal Contractor

TORONTO, September 16, 2025 – Baylin Technologies Inc. (TSX: BYL, OTCQB:BYLTF) (“Baylin” or the “Company”) is pleased to announce that its Advantech Wireless Technologies (“Advantech”) subsidiary has received a \$665,000 (CAD) purchase order from a U.S.–based system integrator for its 200-watt outdoor S-band gallium nitride (“GaN”) solid state power amplifiers.

The amplifiers will be integrated into the U.S. Department of Defense battlefield terminals to support “US warfighters”. Advantech’s Genesis solid state amplifiers provide unparalleled reliability. The CAN-Bus operating platform supports component-level diagnostics along with the ability to modify features and operations parameters remotely.

Leighton Carroll, Baylin’s CEO, stated “Being trusted by defense contractors to support battlefield terminals for the U.S. DOD demonstrates the quality of our technology and its reliability.”

“Our strategy has been upgrading the legacy Advantech technology, not only to include more features, but to also have higher configurability and resiliency. By moving to our new modular architecture, we are also simplifying supply chain and production, thereby needing fewer resources to produce what we’re great at. Over time this will not only lead to competitive differentiation, but will also drive margin improvement.”

About Baylin

Baylin is a leading diversified global wireless technology company. Baylin focuses on research, design, development, manufacturing and sales of passive and active radio-frequency and satellite communications products, and the provision of supporting services. Baylin aspires to exceed its customers’ needs and anticipate the direction of the market. For further information, please visit www.baylintech.com.

Forward Looking Statements

This press release includes forward-looking information and forward-looking statements (together, “forward-looking statements”) within the meaning of applicable securities laws. Forward-looking statements are not statements of historical fact. Rather, they are disclosure regarding conditions, developments, events or financial performance that we expect or anticipate may or will occur in the future, including, among other things, information or statements concerning our objectives and strategies to achieve those objectives, statements with respect to management’s beliefs, estimates, intentions and plans, and statements concerning anticipated future circumstances, events, expectations, operations, performance or results. Forward-looking statements can be identified generally by the use of forward looking terminology, such as “anticipate”, “believe”, “could”, “should”, “would”, “estimate”, “expect”, “forecast”, “indicate”, “intend”, “likely”, “may”, “outlook”, “plan”, “potential”, “project”, “seek”, “target”, “trend” or “will”, or the negative or other variations of these words or other comparable words or phrases, and are intended to identify forward-looking statements, although not all forward-looking statements contain these words.

The forward-looking statements in this press release include statements regarding the reliability, superior technology, improved manufacturing efficiencies, and improved margins of Advantech’s Genesis amplifiers. Forward-looking statements are based on certain assumptions and estimates made by us in light of the experience and perception of historical trends, current conditions, expected future developments, including projected growth and sales in passive and active radio frequency and satellite communications products and services, and other factors we believe are appropriate and reasonable in the circumstances, but there can be no assurance that such assumptions and estimates will prove to be correct.

Many factors could cause our actual results, level of activity, performance or achievements or future events or developments to differ materially from those expressed or implied by the forward-looking statements, including the risk factors discussed in the Company’s most recent Annual Information Form, which is available on the Company’s profile on SEDAR+ at www.sedarplus.ca. All the forward-looking statements in this press release are qualified by these cautionary statements and other cautionary statements or factors in this press release. There can be no assurance that the actual results or developments will be realized or, even if substantially realized, will have the expected consequences to, or effects on, the Company. Unless required by applicable securities law, the Company does not intend and does not assume any obligation to update these forward-looking statements.
