

Medexus Announces \$20 Million Bought Deal Public Offering of Units

NOT FOR DISTRIBUTION TO UNITED STATES NEWS WIRE SERVICES OR FOR
DISSEMINATION IN THE UNITED STATES

TORONTO, CHICAGO and MONTREAL, February 2, 2021 - Medexus Pharmaceuticals Inc. ("Medexus" or the "Company") (TSXV:MDP) (Frankfurt: P731) is pleased to announce that it has entered into an agreement with Raymond James Ltd. and Stifel GMP as co-lead underwriters and joint bookrunners, on behalf of a syndicate of underwriters (collectively, the "Underwriters"), pursuant to which the Underwriters have agreed to purchase, on a "bought deal" basis, 2,817,000 units (the "Units") of the Company at a price of \$7.10 per Unit (the "Issue Price") for aggregate gross proceeds to the Company of approximately \$20 million (the "Offering").

Each Unit will consist of one common share (each a "Common Share") and one-half of one Common Share purchase warrant (each whole Common Share purchase warrant, a "Warrant"). Each Warrant will entitle the holder thereof to purchase one Common Share at a price equal to \$10.00 for a period of 24 months following the Closing Date. In the event that the volume weighted average trading price of the Common Shares for ten (10) consecutive trading days exceeds \$14.00, Company may, within 10 business days of the occurrence of such event, deliver a notice (including a press release) to the holders of Warrants accelerating the expiry date of the Warrants to the date that is 30 days following the date of such notice.

The Company has granted the Underwriters an Over-Allotment Option, exercisable in whole or in part, at any time, and from time to time, for a period of 30 days following the Closing Date, to purchase at the Issue Price up to such number of an additional Units, Common Shares and Warrants as is equal to 15% of the number of Units sold pursuant to the Offering. The Underwriters can elect to exercise the Over-Allotment Option for Units only, Common Shares only or Warrants only, or any combination thereof, to cover over-allotments, if any, and for market stabilization purposes.

The Company intends to use the net proceeds to fund certain payments owed to medac GmbH ("medac") under the commercialization and supply agreement dated February 2, 2021 (the "Agreement") as such payments become due pursuant to the terms of the Agreement and for working capital and general corporate purposes. A copy of the Agreement between Medexus Pharma, Inc., the Company and medac will be filed on the Company's SEDAR profile at www.sedar.com.

The Units will be offered by way of a short form prospectus to be filed in each of the provinces of Canada and by way of a private placement elsewhere outside of Canada which are agreed to by the Company and the Underwriters, where the Units can be issued on a private placement basis, exempt from any prospectus, registration or other similar requirements.

The Offering is expected to close on or about February 23, 2021 and is subject to certain conditions including, but not limited to, the receipt of all necessary approvals, including the approval of the TSX Venture Exchange.

The securities have not been, and will not be, registered under the United States *Securities Act of 1933*, as amended (the "1933 Act"), or any U.S. state securities laws, and may not be offered or sold to, or for the account or benefit of, persons in the United States or "U.S. persons" (as such term is defined in Regulation S under the 1933 Act) without registration under the U.S. Securities Act and all applicable state securities laws or compliance with the requirements of an applicable exemption therefrom. This press release shall not constitute an offer to sell or the solicitation of an offer to buy securities to, for the account or benefit of, persons in the United States or U.S. persons, nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

About Medexus

Medexus is a leading innovative and rare disease company with a strong North American commercial platform. From a foundation of proven best in class products we are building a highly differentiated company with a portfolio of innovative and high value orphan and rare disease products that will underpin our growth for the next decade. The Company's vision is to provide the best healthcare products to healthcare professionals and patients, through our core values of Quality, Innovation, Customer Service and Teamwork. Medexus Pharmaceuticals is focused on the therapeutic areas of auto-immune disease, hematology, and allergy. The Company's leading products are: Rasuvo™ and Metoject®, a unique formulation of methotrexate (auto-pen and pre-filled syringe) designed to treat rheumatoid arthritis and other auto-immune diseases; IXINITY®, an intravenous recombinant factor IX therapeutic for use in patients 12 years of age or older with Hemophilia B – a hereditary bleeding disorder characterized by a deficiency of clotting factor IX in the blood, which is necessary to control bleeding; and Rupall®, an innovative prescription allergy medication with a unique mode of action.

Forward looking and other cautionary statements

Certain statements made in this press release contain forward-looking information within the meaning of applicable securities laws ("forward-looking statements"). The words "anticipates", "believes", "expects", "will", "plans" and similar expressions are often intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Specific forward-looking statements contained in this news release include, but are not limited to, statements with respect to the proposed closing date of the Offering, the receipt of regulatory approvals, the listing of the Company's securities (including the Common Shares comprising the Units and the Warrants) on the TSX Venture Exchange and the anticipated use of proceeds of the Offering. These statements are based on factors or assumptions that were applied in drawing a conclusion or making a forecast or projection, including assumptions based on historical trends, current conditions and expected future developments. Since forward-looking statements relate to future events and conditions, by their very nature they require making assumptions and involve inherent risks and uncertainties. The Company cautions that although it is believed that the assumptions are reasonable in the circumstances, these risks and uncertainties give rise to the possibility that actual results may differ materially from the expectations set out in the forward-

looking statements. Material risk factors include those set out in the Company's materials filed with the Canadian securities regulatory authorities from time to time, including the Company's most recent annual information form and management's discussion and analysis; future capital requirements and dilution; intellectual property protection and infringement risks; competition (including potential for generic competition); reliance on key management personnel; the Company's ability to implement its business plan; the Company's ability to leverage its United States and Canadian infrastructure to promote additional growth, including with respect to the infrastructure of Medexus Inc. and Medac Pharma, Inc. and the potential benefits the Company expects to derive therefrom; regulatory approval by the Canadian health authorities; product reimbursement by third party payers; patent litigation or patent expiry; litigation risk; stock price volatility; government regulation; and potential third party claims. Given these risks, undue reliance should not be placed on these forward-looking statements, which apply only as of the date hereof. Other than as specifically required by law, the Company undertakes no obligation to update any forward-looking statements to reflect new information, subsequent or otherwise.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
