Resolution 15 - Authority to allot shares

The Directors may only allot shares or grant rights to subscribe for, or convert any security into, shares if authorised to do so by Shareholders. The authority conferred on the Directors on 29 July 2024 under section 551 of the Companies Act 2006 (the "Act") to allot shares expires on the date of the forthcoming AGM. Accordingly, this Resolution seeks to grant a new authority under section 551 of the Act to authorise the Directors to allot shares in the Company or grant rights to subscribe for, or convert any security into, shares in the Company and will expire at the conclusion of the next AGM of the Company in 2026.

Paragraph (A) of Resolution 15 will, if passed, authorise the Directors to allot shares or grant rights to subscribe for, or to convert any security into, such shares in the Company up to a maximum nominal amount of £1,806,000 as reduced by the allotment or grant of rights under paragraph (B) of Resolution 15 in excess of such amount. This amount (before any reduction) represents 33.3% of the Company's existing issued ordinary share capital (the Company has no treasury shares) as at 6 June 2025 (being the latest practicable date prior to publication of this Notice).

Paragraph (B) of Resolution 15 authorises the Directors to allot, including the shares referred to in (A), further of the Company's unissued shares up to an aggregate nominal amount of £3,612,000, representing 66.6 per cent of the Company's existing issued ordinary share capital (the Company has no treasury shares) as at 6 June 2025 (being the latest practicable date prior to publication of this Notice) in connection with a pre-emptive offer to existing Shareholders by way of a rights issue (with exclusions to deal with fractional entitlements to shares and overseas Shareholders to whom the rights issue cannot be made due to legal and practical problems). This is in accordance with the latest guidelines published by the Investment Association. This authority will expire on the conclusion of the AGM of the Company next year.

The Board has no present intention to exercise this authority. However, it is considered prudent to maintain the flexibility that this authority provides. The Directors intend to renew this authority annually. The Company currently holds no shares in treasury.

Resolution 16 and 17 - Disapplication of pre-emption rights

Under section 561 of the Act, if the Directors wish to allot ordinary shares, or grant rights to subscribe for, or convert securities into, ordinary shares, or sell treasury shares for cash (other than pursuant to an employee share scheme) they must in the first instance offer them to existing Shareholders in proportion to their holdings. There may be occasions, however, when the Directors need the flexibility to issue shares without a pre-emptive offer to existing Shareholders. This cannot be done under the Act unless the Shareholders have first waived their pre-emption rights.

Resolution 16 asks the Shareholders to do this and, apart from rights issues or any other pre-emptive offers concerning equity securities, the authority contained in this Resolution will be limited to the allotment of equity securities for cash up to an aggregate nominal value of £542,500, which represents approximately 10 per cent of the Company's issued ordinary share capital as at 6 June 2025 (being the last practicable date prior to the publication of this Notice) and up to a further nominal amount equal to 20 per cent of such issue if used only for the purposes of making a follow-on offer which the Directors determine to be of a kind contemplated by the Pre Emption Group's Statement of Principles (as updated in November 2022) (the "Statement of Principles").

In addition to the authority granted under Resolution 16, the Directors will also be given the power under Resolution 17 to allot equity securities for cash up to a nominal amount of £542,500 which represents approximately 10 per cent of the issued share capital as at 6 June 2025 (being the last practicable date prior to the publication of this Notice). This authority is only to be used for the purposes of financing (or refinancing, if the authority is to be used within twelve months after the original transaction) a transaction which the Directors determine to be an acquisition or other capital investment of a kind contemplated by the Statement of Principles, and up to a further nominal amount equal to 20 per cent of any allotments or sales if used only for the purposes of making a follow-on offer which the Directors determine to be of a kind contemplated by the Statement of Principles.

The Board intends to adhere to the guidance on share capital management issued by the Investment Association (as updated in February 2023), the Statement of Principles and the template resolutions published by the Pre Emption Group in November 2022.

These Resolutions also seek a disapplication of pre-emption rights on a rights issue so as to allow the Directors to make exclusions or such other arrangements as may be appropriate to resolve legal or practical problems which, for example, might arise with overseas Shareholders.

The authority under these Resolutions expires at the end of the next AGM of the Company after the date on which this Resolution is passed (or, if earlier, at the close of business on 30 September 2026).

The Company may hold any shares it buys back 'in treasury' and then sell them at a later date for cash rather than simply cancelling them. Any such sales are required to be made on a pre-emptive, pro-rata basis to existing shareholders unless Shareholders agree by special resolution to dis-apply such pre-emption rights. Accordingly, in addition to giving the Directors power to allot unissued ordinary shares on a non-pre-emptive basis, Resolutions 16 and 17 will also give the Directors power to sell ordinary shares held in treasury on a non-pre-emptive basis, subject always to the limitations noted above.

The Company does not currently hold any shares in treasury.

The Directors consider that the powers proposed to be granted by Resolutions 16 and 17 are necessary to retain flexibility, although they do not have any intention at the present time of exercising such powers. The Directors intend to renew this authority annually.

Resolution 18 - Authority to buy own ordinary shares

Resolution 18 authorises the Company to buy its own ordinary shares in the market. This authority allows the Company to purchase a maximum of 5,425,000 ordinary shares (which is approximately 10 per cent of the Company's issued share capital as at 6 June 2025).

The price to be paid for any shares must not be less than 10p, being the nominal value of a share, and must not exceed 105 per cent of the average middle market quotations for the ordinary shares of the Company as derived from the London Stock Exchange Daily Official List for the 5 business days immediately preceding the day on which the ordinary shares are contracted to be purchased.

This authority will expire on the earlier of the date which is 18 months after the passing of the resolution or the conclusion of the next AGM of the Company to be held after the date of this AGM.

As at 6 June 2025 (the latest practicable date before the printing of this document) options over 1,812,550 ordinary shares in the Company were outstanding under the Company's employee share schemes, representing 3.3 per cent of the Company's issued share capital (excluding treasury shares) at that date. If the existing authority to purchase shares granted at the Company's last AGM and the proposed authority now being sought were to be exercised in full, such options would represent 4.2 per cent of the Company's issued share capital (excluding treasury shares) at 6 June 2025.

Pursuant to the Act, the Company can hold shares which have been repurchased as treasury shares and either resell them for cash, cancel them (either immediately or at a point in the future) or use them for the purposes of its employee share schemes. The Directors believe that it is desirable for the Company to have this choice and therefore currently envisage holding any shares purchased under this authority as treasury shares. Holding the repurchased shares as treasury shares will give the Company the ability to re-sell or transfer them in the future, and so provide the Company with additional flexibility in the management of its capital base. No dividends will be paid on, and no voting rights will be exercised in respect of, treasury shares.

Shares will only be repurchased if the Directors consider such purchases to be in the best interests of Shareholders generally and that they can be expected to result in an increase in earnings per share. The authority will only be used after careful consideration, taking into account market conditions prevailing at the time, other investment opportunities, appropriate gearing levels and the overall financial position of the Company. Shares held as treasury shares will not automatically be cancelled and will not be taken into account in future calculations of earnings per share (unless they are subsequently resold or transferred out of treasury).

If any shares repurchased by the Company are held in treasury and used for the purposes of its employee share schemes, so long as required under the guidelines of the Association of British Insurers Investment Committee, the Company will count those shares towards the limits on the number of new shares which may be issued under such schemes.

This Resolution follows investor protection guidelines that are more restrictive than the Act and applicable regulation. There is no current intention to exercise this authority.

Resolution 19 - Notice of general meetings

Under the Act the notice period required for general meetings of the Company is 21 clear days unless Shareholders approve a shorter notice period, which cannot however be less than 14 clear days. (AGMs will continue to be held on at least 21 clear days' notice).

In order to call general meetings (other than AGMs) on 14 clear days' notice, Resolution 19 seeks such approval. The approval will be effective until the Company's next AGM, when it is intended that a similar resolution will be proposed.

In order to be able to call a general meeting on less than 21 clear days' notice, the Company must make a means of electronic voting available to all Shareholders for that meeting. This requirement will be satisfied if the Company offers a facility allowing Shareholders to appoint a proxy by means of a website.

Recommendation

The Directors consider that all the resolutions to be proposed at the AGM are in the best interests of the Company and its Shareholders as a whole and they unanimously recommend that you vote in favour of them, as they intend to do so themselves in respect of their own beneficial shareholdings.

Yours sincerely

Your proxy must be lodged by 10.30 am on 24 July 2025 in order to be considered valid or, if the meeting is adjourned, by the time which is 48 hours before the time of the adjourned meeting. Before you can appoint a proxy via this process you will need to have agreed to Proxymity's associated terms and conditions. It is important that you read these carefully as you will be bound by them and they will govern the electronic appointment of your proxy. An electronic proxy appointment via the Proxymity platform may be revoked completely by sending an authenticated message via the platform instructing the removal of your proxy vote.
- In the case of CREST members, by utilising the CREST electronic proxy appointment service in accordance with the procedures set out below

In order for a proxy appointment to be valid a form of proxy must be completed. In each case the form of proxy must be received by MUFG Corporate Markets at PXS 1, Central Square, 29 Wellington Street, Leeds LS1 4DL by no later than 10.30am on 24 July 2025.

CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so by using the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed (a) service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear's specifications, and must contain the information required for such instruction, as described in the CREST Manual available via www.euroclear.com. The message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent (ID RA10) by the latest time for receipt of proxy appointments specified in this Notice of Meeting.

For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Application Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear does not make available special procedures in CREST for any particular message. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member

concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed (a) voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5) (a) of the Uncertificated Securities Regulations 2001.
