Corporate Update

Xander Resources Inc. (TSX-V: XND) (“**Xander**”) wishes to announce that it is currently investigating new corporate opportunities while continuing to proceed with the advancement of its Hot Property located in Northern Central British Columbia.

About Hot Property

The Hot Property, located in the Omineca Mining Division approximately 70 kilometres north-northwest of Smithers in north-central British Columbia, comprises 10 contiguous mineral tenures with a total area of 3343 hectares. The Hot Property is an early-stage area prospective for porphyry-style copper-molybdenum deposits and for polymetallic vein-type mineralization.
