

Radiant Technologies Completes First Shipment to B.C. And Expanded Distribution

- **Premium 5 is First to Market With Its Live Resin and Live Resin X Vape Cartridges**
- **Radiant Adds Provincial Registrations in Alberta, Manitoba and Saskatchewan**

Edmonton, September 11, 2020 – **Radiant Technologies Inc.** (“Radiant” or the “Company”) (TSX Venture: RTI; OTCQX: RDDTF), and Premium 5 Ltd. (“Premium 5”) are pleased to announce that the Company has successfully completed its first shipment of products to the BC Liquor Distribution Branch (the “BCLDB”), with Premium 5 products now available across British Columbia, including the first live resin based vape cartridges in Canada.

Radiant anticipates further purchase orders imminently, following recent completion of the provincial registration process in Alberta, Saskatchewan and Manitoba. The Company is working with additional provincial boards to register products and increase the distribution capabilities for its white label products.

“The Radiant and Premium 5 teams have worked tirelessly to move from a definitive agreement to product on shelves in only two months,” said Denis Taschuk, CEO of Radiant. “The speed of execution for this product launch is impressive and a testament to Radiant’s push to become an agile manufacturing partner. We are grateful to be working with Premium 5 in bringing the first live resin vape products to the Canadian market. The ability of Premium 5 to understand consumer demand and deliver high quality product to market quickly has created strong demand, and been a key catalyst to extend Radiant’s distribution reach by strategically adding new provinces.”

A total of 14 Premium 5 products are currently available in B.C. with 22 expected to be available by the end of September. Consumers in B.C. can [view the products online](#) at the BC Cannabis Store.

“We’ve had a tremendous amount of positive feedback from retailers, customers, and the provinces regarding the launch of these products” said David Schwede, CEO of Premium 5. “It’s clear that the market was waiting for quality concentrates and live resin vape cartridges to fill the current gap in product offerings. Premium 5 looks

forward to continuing the rollout of these SKU's to additional provinces in the very near future."
