

Goldmoney Inc. Announces Normal Course Issuer Bid

TORTOLA, British Virgin Islands – (September 19, 2025) – Goldmoney Inc. (TSX:XAU) (US:XAUMF) (“Goldmoney” or the “Company”), today announced acceptance by the Toronto Stock Exchange (the “TSX”) of Goldmoney’s Notice of Intention to make a normal course issuer bid (the “NCIB”) to purchase for cancellation up to 777,262 common shares (the “Shares”) of Goldmoney. The Shares represent approximately 10% of the Company’s ‘public float’ as at September 10, 2025. As at September 10, 2025, the Company’s ‘public float’ was 7,772,628 common shares and the Company had 12,680,462 common shares issued and outstanding.

The NCIB will commence on September 23, 2025 and will terminate on September 22, 2026 or at such earlier date if the number of Shares sought in the NCIB has been repurchased. Goldmoney reserves the right to terminate the NCIB earlier if it feels that it is appropriate to do so.

All Shares will be purchased on the open market through the facilities of the TSX as well as on alternative Canadian trading systems at prevailing market rates and any Shares purchased by Goldmoney will be cancelled. The actual number of Shares that may be purchased and the timing of any such purchases will be determined by Goldmoney. Any purchases made by Goldmoney pursuant to the NCIB will be made in accordance with the rules and policies of the TSX.

Goldmoney will have the right to repurchase under its NCIB, during any one trading day, a maximum of 1,000 Shares through the facilities of the TSX, as under the policies of the TSX, Goldmoney may repurchase the greater of 1,000 Shares or 25% of Goldmoney’s average daily trading volume (the “ADTV”). Goldmoney’s ADTV is 3,657 shares, and 25% of the ADTV is 914 shares. Notwithstanding the foregoing, Goldmoney is permitted to repurchase greater than 1,000 Shares during any one trading day only if such repurchases that are in excess of 1,000 Shares are made on alternative Canadian trading systems. In addition, Goldmoney will be allowed to make, once per calendar week, a block purchase (as such term is defined in the TSX Company Manual) of Shares not directly or indirectly owned by the insiders of Goldmoney, in accordance with TSX policies. Goldmoney will fund the purchases through available cash.

The Board of Directors believes the underlying value of Goldmoney may not be reflected in the market price of its common shares from time to time and that, at appropriate times, repurchasing the Shares through the NCIB may represent a good use of Goldmoney’s financial resources, as such action can protect and enhance shareholder value when opportunities or volatility arise. Therefore, the Board of Directors has determined that the NCIB is in the best interest of Goldmoney and its shareholders.

Goldmoney obtained TSX approval for a previous notice of intention to conduct a normal course issuer bid to purchase up to 864,862 common shares for the period from September 23, 2024 to September 22, 2025 (the “**Previous Bid**”). Under the Previous Bid, Goldmoney repurchased 864,800 common shares at a volume weighted average price of \$8.33 through the facilities of the TSX as well as on alternative Canadian trading systems at prevailing market rates.
