Section C - Summary Information on the Notes		
Element	Title	
C.1	Description of type and class of the Notes, including any ISIN	<p><i>Programme summary:</i></p> <p>The Notes described in this summary are debt securities which may be issued under the £500,000,000 Euro Medium Term Note programme of Intermediate Capital Group plc arranged by Deutsche Bank AG, London Branch. Deutsche Bank AG, London Branch also acts as a dealer under the Programme.</p> <p>The Issuer may from time to time appoint additional dealers or terminate the appointment of any dealer either in respect of one or more Tranches or in respect of the whole Programme. References in this summary and the Base Prospectus to "Dealers" are to all persons appointed as a dealer in respect of one or more Tranches by the Issuer from time to time and whose appointment has not been terminated.</p> <p>The Notes may be issued on a syndicated or a non-syndicated basis. The Notes will be issued in series (each a "Series") having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "Tranche") on the same or different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and principal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be completed in a final terms document ("Final Terms") relating to such Tranche.</p> <p>The Notes may be Fixed Rate Notes, Floating Rate Notes or Zero Coupon Notes or any combination of these, as specified below. Notes may be issued at their principal amount or at a discount or premium to their principal amount. The Issue Price of the relevant Notes will be determined by the Issuer before filing of the relevant Final Terms of each Tranche based on the prevailing market conditions. Notes will be in</p>

		<p>such denominations as may be specified below.</p> <p>The Notes will be issued in bearer form only. Each Tranche of Notes will initially be represented by a temporary Global Note or a permanent Global Note, in each case without interest coupons, which will be deposited with a common depository or common safekeeper (as applicable) on behalf of Clearstream Banking <i>société anonyme</i> ("Clearstream, Luxembourg") and Euroclear Bank S.A./N.V. ("Euroclear") on or about the issue date of the relevant Tranche. Save in limited circumstances, Notes in definitive form with coupons attached will not be issued in exchange for interests in the relevant Global Note.</p> <p>In addition, in certain circumstances, investors may also hold interests in the Notes indirectly through Euroclear UK & Ireland Limited ("CREST") through the issuance of dematerialised depository interests issued, held, settled and transferred through CREST ("CDIs"). CDIs represent interests in the relevant Notes underlying the CDIs; the CDIs are not themselves Notes. CDIs are independent securities distinct from the Notes, are constituted under English law and transferred through CREST and will be issued by CREST Depository Limited pursuant to the global deed poll dated 25 June 2001 (as subsequently modified, supplemented and/or restated). CDI holders will not be entitled to deal directly in the Notes.</p> <p><i>Issue specific summary:</i></p> <p>Series number: 1</p> <p>Tranche number: 1</p> <p>Aggregate Principal Amount:</p> <p>(i) Series: EUR 50,000,000</p> <p>(ii) Tranche EUR 50,000,000</p> <p>Issue Price: 97.902 per cent. of the Aggregate Principal Amount</p> <p>Specified Denomination(s): EUR 100,000</p> <p>Form of Notes: Temporary Global Note exchangeable for permanent Global Note which is exchangeable for Definitive Notes only in the limited circumstances specified in the permanent Global Note</p> <p>ISIN: XS1043150462</p> <p>Common Code: 104315046</p>
C.2	Currency of the Notes	<p><i>Programme summary:</i></p> <p>Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency agreed between the Issuer and the relevant Dealer or Dealers.</p> <p><i>Issue specific summary:</i></p> <p>The Specified Currency of the Notes to be issued is Euro.</p>
C.5	A description of any restriction on the free transferability of the Notes	<p><i>Programme summary:</i></p> <p>The Notes will be freely transferable. However, the primary offering of any Notes will be subject to offer restrictions in the United States, the European Economic Area (including the United Kingdom), Guernsey, the Isle of Man, Japan and Jersey and to any applicable offer restrictions in any other jurisdiction in which such Notes are offered or sold. The Issuer is Category 2 for the purposes of Regulation S under the United States Securities Act 1933.</p>

C.8	Description of the rights attached to the Notes	<p><i>Status of the Notes and the Guarantee:</i></p> <p>The Notes and Coupons constitute direct, unconditional and, subject to the provisions of the negative pledge (as described below), unsecured obligations of the Issuer and shall at all times (subject as aforesaid) rank <i>pari passu</i> (i.e. equally in right of payment), without any preference among themselves, with all other present and future unsecured and unsubordinated obligations of the Issuer, but in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights.</p> <p>Similarly, the obligations of each Guarantor under the Guarantee constitute direct, unconditional and (subject to the provisions of the negative pledge) unsecured obligations of the relevant Guarantor and shall at all times (subject as aforesaid) rank <i>pari passu</i>, without any preference among themselves, with all other present and future unsecured and unsubordinated obligations of such Guarantor but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights.</p> <p><i>Negative pledge:</i></p> <p>The Terms and Conditions of the Notes contain a negative pledge provision. In general terms, a negative pledge provision restricts an issuer of unsecured bonds from granting security over assets for other comparable bond financings. Under the negative pledge provision in the Terms and Conditions of the Notes, therefore, none of the Issuer, any Guarantor and any other material subsidiary of the Issuer may create, assume or permit to subsist any security upon the whole or any part of their undertaking, assets or revenues to secure any bond type debt without securing the Notes and the obligations of the Guarantors under the Guarantee equally, subject to certain exceptions.</p> <p><i>Events of default:</i></p> <p>An event of default generally refers to a breach by the Issuer, any Guarantor and any material subsidiary of the Group of certain provisions described in the Terms and Conditions of the Notes. Events of default under the Notes include non-payment of principal for seven days; non-payment of interest for 14 days; breach of other obligations under the Notes or the Trust Deed (which breach is not remedied within 30 days); cross-acceleration relating to certain other indebtedness of the Issuer, a Guarantor or any material subsidiary; and certain events related to enforcement, insolvency or winding up of the Issuer, a Guarantor or any material subsidiary. Customary thresholds and grace periods are applicable before certain of the events described above will be deemed to constitute "events of default".</p> <p>In addition, (i) in certain circumstances, it will also be necessary for the Trustee to certify that the occurrence of any such event is materially prejudicial to the interests of the holders of the Notes ("Noteholders") before the event will constitute an "event of default" and (ii) certain events will not be deemed to occur to the extent that any such event arises in relation to a Permitted Transaction (generally, any securitisation or other structured finance transaction where the obligations of the Issuer, Guarantor or any material subsidiary are funded by identified property or assets and where recourse to the Issuer, Guarantor or material subsidiary in respect of such obligations is limited to such property or assets).</p> <p><i>Withholding tax:</i></p> <p>All payments of principal and interest made by the Issuer or any Guarantor in respect of the Notes and the Coupons, shall be made free and clear of, and without withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the relevant jurisdiction or any authority therein or thereof having power to tax, unless required by law or pursuant to a voluntary agreement with a taxing authority. In such case the Issuer or any Guarantor shall pay additional amounts as will result in receipt by the holders of the Notes and Coupons of such amounts as would have been received by them had no such withholding or deduction been required, subject to customary</p>

		<p>exceptions.</p> <p>Meetings of Noteholders:</p> <p>The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not vote on the relevant resolution and Noteholders who voted in a manner contrary to the majority.</p> <p>Modification, waiver and substitution:</p> <p>The Trustee may, in certain circumstances, without the consent of Noteholders, agree to (i) any modification of (subject to certain exceptions), or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Trust Deed or (ii) the substitution of certain other entities in place of the Issuer, any Guarantor or any previous substituted company as principal debtor or guarantor under the Notes.</p> <p>Governing law:</p> <p>English law.</p>
C.9	Interest and redemption provisions	<p>Interest Rate:</p> <p>Notes may or may not bear interest. Interest-bearing Notes will either bear interest payable at a fixed rate or a floating rate. Interest will be payable on such date or dates as may be specified below.</p> <p><i>Fixed Rate Notes</i></p> <p><i>Issue specific summary:</i></p> <p>Rate of Interest: 4.282 per cent. per annum</p> <p>Interest Payment Dates: 10 March in each year</p> <p><i>Floating Rate Notes</i></p> <p>Floating Rate Notes will bear interest determined separately for each Series; either determined on the basis of the applicable 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc) ("ISDA Determination") or else by reference to LIBOR or EURIBOR, as adjusted for any applicable margin ("Screen Rate Determination").</p> <p><i>Issue specific summary:</i></p> <p>The Notes are not Floating Rate Notes.</p> <p><i>Zero Coupon Notes</i></p> <p>Zero Coupon Notes will be issued at a discount to their principal amount and will not bear interest.</p> <p><i>Issue specific summary:</i></p> <p>The Notes are not Zero Coupon Notes.</p> <p>Redemption:</p> <p>Maturity</p> <p>The relevant Maturity Date for a Series of Notes is specified below.</p> <p><i>Issue specific summary:</i></p> <p>Maturity Date: 10 March 2019</p>

In addition, if so specified below, the Notes (or some only of them) may be redeemed prior to their maturity date in certain circumstances, including pursuant to an Issuer call option and/or an investor put option. Certain Series of Notes may be redeemed early at the Issuer's option at an amount (a "Make-whole Amount") linked to the relevant UK Government Stock or such other government debt as specified (the "Reference Bond") plus any margin. Certain Series of Notes may also be redeemed early at the Noteholders' option upon the occurrence of a change of control put event, which will be deemed to occur if there is (i) a change of control in 50 per cent. of the Issuer's ordinary share capital or shares in the Issuer carrying more than 50 per cent. of the voting rights, and (ii) the Notes are subject to a ratings downgrade from a rating agency or, if not rated prior to the change of control, the Notes are not assigned a rating of at least investment grade within prescribed time limits.</p> <p><i>Issue specific summary:</i></p> <table><tr><td><i>Call Option</i></td><td>Applicable</td></tr><tr><td>Optional Redemption Date(s):</td><td>Any date from and including the Issue Date to but excluding the Maturity Date</td></tr><tr><td>Optional Redemption Amount(s):</td><td>Make-whole Amount: 1 per cent. Section D - Summary Risk Factors		
Element	Title	
D.2	Key information on the key risks that are specific to the Issuer/ Guarantors	<ul style="list-style-type: none"> • Significant unexpected changes or outcomes, beyond those factored into the Group's strategy and business model, may occur, which could have an adverse impact on the Group's performance or financial position. • Poor performance of the Group's investment portfolio could have a material adverse effect on the business, financial condition, results of operations and/or prospects of the Group. • The Group may be unable to raise future investment funds from third parties which could limit the Group's capacity to make new investments, increase its exposure to individual deals and decrease the Group's income from management and advisory fees, performance fees and carried interest. • The removal of a member of the Group as the investment manager for one or more funds would reduce fee income and thus could have a material adverse effect on the business, financial condition, results of operations and prospects of the Group. • The level of repayments on the Group's loan portfolio and consequently on the timing of the realisation of rolled up interest as well as delays in realising minority interests could have a negative impact on the Group's investment capacity. • The Group is exposed to fluctuations in exchange rates which could adversely affect the Group's returns and financial condition. • If the Group cannot retain and motivate its senior investment professionals and other key employees, the Group's business could be adversely affected.
		<ul style="list-style-type: none"> • The Issuer may be subject to a withholding tax of 30 per cent. on certain payments to if it, and in certain cases, an affiliate, does not comply with the applicable information reporting and withholding requirements under Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (the "Code"), an intergovernmental agreement entered into in furtherance of such Sections of the Code, any related non-U.S. legislation implemented in furtherance of such an intergovernmental agreement or an agreement with a taxing authority pursuant to such Sections of the Code (collectively, "FATCA"). Any such withholding may materially impair the Issuer's ability to make payments on the Notes.

D.3	Key information on the key risks that are specific to the Notes	<ul style="list-style-type: none"> • Unlike a bank deposit, the Notes are not protected by the Financial Services Compensation Scheme (the "FSCS"). As a result, neither the FSCS nor anyone else will pay compensation to investors upon the failure of the Issuer, any of the Guarantors or the Group. • There is a risk of early redemption of the Notes by the Issuer due to a change in tax law or at its option (if such option is applicable). A Noteholder may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate of the Notes and may only be able to do so at a significantly lower rate. • Defined majorities may be permitted to bind all the Noteholders with respect to modification and waivers of the Terms and Conditions of the Notes, including Noteholders who did not attend and vote or who voted in a manner contrary to the majority. • A market for the Notes may not develop, or may not be very liquid and such illiquidity may have a severely adverse effect on the market value of the Notes. • If a payment were to be made or collected through an EU Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment pursuant to EC Council Directive 2003/48/EC on the taxation of savings income (the "Savings Directive"), neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. • Payments, including principal, on the Notes to certain Noteholders and beneficial owners may be subject to a withholding tax of 30 per cent. if the Noteholders or beneficial owners do not comply with the relevant requirements under FATCA. No additional amounts will be payable in respect of any amounts deducted or withheld in connection with FATCA. • Investors in CDIs will have an interest in a separate legal instrument and will not be the legal owners of the Notes in respect of which the CDIs are issued. Accordingly, rights under the Notes cannot be enforced by CDI holders except indirectly through the intermediary depositaries and custodians. Further, such investor will be subject to provisions outside of, and different from, the Notes by virtue of its holding CDIs issued by the CREST Depository. <p><i>Issue specific summary:</i></p> <ul style="list-style-type: none"> • Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.
