THE ANONYMOUS INTELLIGENCE COMPANY

ANON SIGNS LOI TO ACQUIRE UP TO 100 CRYPTO MINING RIGS

News Release - Vancouver, British Columbia, December 15, 2025 – Anonymous Intelligence Company Inc. (CSE: ANON) (OTC: ANICF) (FRANKFURT: 1JI0) ("**ANON**" or the "**Company**"), a developer of decentralized network infrastructure, data storage technology and AI tools, announces that it has entered into a Letter of Intent (the "**LOI**") dated December 10, 2025, with Nowlit Solutions Corp. ("**Nowlit**"), a Calgary-based cryptocurrency mining technology provider. Under the LOI, ANON intends to acquire up to one hundred (100) operational cryptocurrency mining rigs, including associated accessories, firmware rights, and related operating components currently active on the Nowlit network (the "**Transaction**"). The Transaction is expected to expand ANON's infrastructure footprint and support its decentralized technology and digital asset strategy.

Total consideration for the Transaction is expected to be up to $400,000, payable through a combination of cash and common shares of ANON. In addition, the Company may issue to Nowlit 1,000,000 common shares exercisable at the higher of (i) $0.45 per share or (ii) the market price as of the date of signing of the definitive agreement. Following closing, ANON and Nowlit are expected to enter a separate arm's-length commercial agreement relating to product development and branding initiatives, including the ANON Crypto Cold Wallet and a cryptocurrency cloud mining application, leveraging existing manufacturing channels, along with existing cloud mining portal network infrastructure. This collaboration framework is advisory in nature and does not result in ownership, management rights, or governance influence over Nowlit.

Completion of the Transaction remains subject to satisfactory due diligence by ANON, execution of a mutually acceptable definitive agreement, and applicable regulatory approvals, including from the Canadian Securities Exchange.

"The further acquisition of blockchain and crypto assets demonstrates our commitment to building tangible and revenue-driven assets within the blockchain ecosystem," said Denis Franks, CEO of ANON. "I believe that the Transaction has significant potential to enhance ANON's near- and long-term operational output, while positioning ANON for future integrations, partnerships, and scalable growth. It is a very exciting time for Anonymous Intelligence."

On Behalf of the Board,
ANONYMOUS INTELLIGENCE COMPANY INC.

Forward-Looking Information

This news release contains "forward-looking information" and "forward-looking statements" within the meaning of applicable Canadian securities legislation (collectively, "forward-looking information"). Forward-looking information in this news release includes, but is not limited to, statements regarding: the terms and structure of the Transaction, the anticipated benefits of the Transaction, expected operational performance of the cryptocurrency mining rigs, potential future collaboration or commercial agreements with Nowlit, expectations regarding regulatory approvals, and the timing and potential completion of definitive documentation.

Forward-looking information is based on expectations, estimates, projections, and interpretations as at the date of this news release and involves known and unknown risks, uncertainties, assumptions and other factors—many of which are beyond the Company's control—that may cause actual results or events to differ materially from those expressed or implied by such forward-looking information. Such risks include, without limitation: the Company may not complete due diligence to its satisfaction; A definitive agreement may not be negotiated or executed on the terms expected or at all; regulatory approvals, including those of the Canadian Securities Exchange, may not be obtained in a timely manner or at all; market volatility or changes in cryptocurrency pricing may impact anticipated returns; technological risks related to cryptocurrency mining hardware and firmware; and general economic, market, or business conditions.

Readers are cautioned that forward-looking information is not a guarantee of future performance and should not be relied upon as such. The Company does not undertake any obligation to update or revise any forward-looking information except as required under applicable securities laws. All forward-looking information contained in this news release is expressly qualified by these cautionary statements.
