ANONYMOUS INTELLIGENCE ANNOUNCES STRATEGIC INVESTMENT WITH ARKHIVE TECHNOLOGIES

News Release – Vancouver, British Columbia, June 15, 2026 – Anonymous Intelligence Company Inc. (CSE: ANON) (OTC: ANICF) (FRANKFURT: 1JI0) (the "**Company**" or "**ANON**"), a leader in privacy-focused artificial intelligence and decentralized technologies, is pleased to announce that it has entered into a definitive strategic investment agreement (the "**Agreement**") with Arkhive Technologies Ltd. ("**ARKHIVE**"), a Montréal-based Web3 technology company focused on blockchain-enabled applications, tokenized ecosystems and decentralized infrastructure.

Pursuant to the Agreement, ANON will acquire a minority equity interest in ARKHIVE through the purchase of 100,000 common shares of ARKHIVE for aggregate consideration of $200,000. Following completion of the transaction, ARKHIVE will have 1,000,000 shares issued and outstanding. ANON has also been granted an exclusive option, exercisable in accordance with the Agreement, to acquire an additional ownership interest in ARKHIVE for an additional $200,000 on substantially similar terms.

The investment establishes a strategic alliance between ANON and ARKHIVE designed to accelerate innovation across artificial intelligence, blockchain technologies, cryptocurrency solutions, decentralized applications and tokenized ecosystems. The parties intend to pursue a range of strategic collaboration opportunities, including technology integration, joint development initiatives, research collaboration and cross-marketing activities.

ANON believes the ARKHIVE team will be an important addition to its broader technology ecosystem, bringing significant expertise in blockchain infrastructure, Web3 development and decentralized technologies that complement the Company's existing technology portfolio. The Company also expects the relationship to support the continued development and expansion of its blockchain and cryptocurrency initiatives, including SimpliiCrypto. Under the terms of the Agreement, ANON will receive customary minority investor protections, including participation rights to maintain its ownership position in future financings, information rights, board nomination rights while maintaining a minimum 10% ownership interest, and certain governance protections relating to future equity issuances and certain shareholder matters.

Denis Franks, Chief Executive Officer of ANON, commented, "ARKHIVE represents much more than a strategic investment for ANON. It marks the beginning of a strategic alliance between our two organizations. The ARKHIVE team brings deep expertise in blockchain infrastructure, Web3 development and decentralized technologies that complement our existing technology portfolio.

As we continue advancing our blockchain and cryptocurrency initiatives, including the development of SimpliiCrypto, we believe ARKHIVE's technology, talent and vision will play an important role in accelerating innovation and creating new opportunities for both companies.

This partnership positions both organizations for long-term growth and establishes a strong foundation for future collaboration across AI, blockchain and emerging technologies. We are also pleased that, upon closing, I will join the Board of Directors of ARKHIVE, further strengthening the strategic alignment between our companies."

Antoine Lavoie, Founder and Chief Executive Officer of ARKHIVE, commented, "We are excited to welcome ANON as a strategic shareholder and partner. ANON's expertise in artificial intelligence, privacy-focused technologies and decentralized systems creates meaningful opportunities for collaboration as we continue to develop and commercialize our Web3 platform. We believe this partnership will help accelerate growth for both organizations and create long-term value for our respective stakeholders."

Upon closing of the transaction, ANON CEO, Denis Franks, will join ARKHIVE's leadership team, and Board of Directors of ARKHIVE pursuant to the governance rights granted under the Agreement, further aligning the strategic interests of both organizations.

About Arkhive Technologies Ltd.

ARKHIVE Technologies Ltd. is a Montréal-based technology company focused on the development and commercialization of Web3 platforms, blockchain-enabled applications, tokenized ecosystems and related technologies. Learn more about ARKHIVE Technologies at arkv.io

The transaction remains subject to customary closing conditions, including any required approvals of the Canadian Securities Exchange. The parties expect to complete the initial closing in the near term.

Forward-Looking Information

This news release contains certain forward-looking statements and forward-looking information within the meaning of applicable Canadian securities laws (collectively, "forward-looking statements"). Forward-looking statements are frequently, but not always, identified by words such as "expects", "anticipates", "believes", "intends", "plans", "estimates", "may", "will", "would", "could", "should", "potential", "opportunity", "continue", "future", and similar expressions, including negative variations thereof.

Forward-looking statements in this news release include, but are not limited to, statements regarding: the completion and timing of the transaction contemplated by the strategic investment agreement between ANON and ARKHIVE; the receipt of all necessary regulatory and exchange approvals; the anticipated benefits of the strategic alliance; future collaboration opportunities between the parties; the integration of technologies, products and services; the development, commercialization and growth of SimpliiCrypto and other blockchain-related initiatives; the expansion of ANON's technology ecosystem; the appointment of Denis Franks to the board of directors of ARKHIVE; the exercise of ANON's option to acquire an additional ownership interest in ARKHIVE; and the future growth, business plans, objectives and prospects of ANON and ARKHIVE.

Forward-looking statements are based on management's current expectations, estimates, projections, assumptions and beliefs as of the date of this news release. Such assumptions include, without limitation, that the parties will satisfy the conditions required to complete the transaction, that regulatory approvals will be obtained on acceptable terms and within anticipated timelines, that the parties will successfully pursue collaboration opportunities, that market conditions will remain favourable, and that the anticipated strategic, operational and commercial benefits of the relationship will be realized.

Forward-looking statements are subject to known and unknown risks, uncertainties and other factors, many of which are beyond the Company's control, that may cause actual results, performance or achievements to differ materially from those expressed or implied by such forward-looking statements. Such risks and uncertainties include, without limitation: the inability of the parties to complete the transaction on the terms contemplated or at all; failure to obtain required approvals; changes in market, economic, regulatory or competitive conditions; risks associated with blockchain, cryptocurrency and emerging technologies; technological development risks; cybersecurity risks; the inability to successfully implement strategic initiatives; risks relating to the integration and commercialization of technologies; dependence on key personnel; financing risks; and other risks disclosed in the Company's public disclosure documents available under the Company's profile on SEDAR+ at www.sedarplus.ca.

Readers are cautioned not to place undue reliance on forward-looking statements, as actual results may differ materially from those expressed or implied by such statements. Except as required by applicable securities laws, the Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. All forward-looking statements contained in this news release are expressly qualified in their entirety by this cautionary statement.
