FOR IMMEDIATE RELEASE

GBT GmbH, a wholly owned subsidiary of GBLT Corp., and official licensee of Polaroid (Energy Systems) is entering the Schwarz Group one of the largest retailers in the world, with its Polaroid PS100.

Toronto, Ontario and Dueren, Germany – GBLT Corp. (TSXV: GBLT) (“GBLT” or the “Company”) is pleased to announce that its wholly owned subsidiary GBT GmbH, and official licensee of Polaroid (Energy Systems) is entering the "Schwarz Group" (LIDL / Kaufland), one of the largest retailers in the world, with its Polaroid PS100. As from now on, the storage will be available over LIDL Online-Shops in Germany and Austria.

The cooperation with LIDL is the key to the marketing of the new product category of mobile energy storage systems and the GBT GmbH is very pleased to announce the cooperation with one of the industry leaders in the discounter sector.

The Polaroid PS100 combines compact design and powerful power supply in the form of a mobile power outlet (SCHUKO socket). In addition to that, the PS100 offers 2 USB ports and a micro-USB port to directly charge mobile devices. As an additional highlight, one of the two USB ports was equipped with QC3.0 (Qualcomm QuickCharge [™]), for example to charge a mobile phone within a very short time - up to 15 times!

About GBLT

GBLT, indirectly through its operating company, GBT GmbH, is a diversified lighting and battery company and the official licensee for Polaroid light products (LED and all other lighting technology including retail and projects), Polaroid energy storage systems (mobile and fixed systems), and AGFAPHOTO mobile energy products (such as batteries). GBT is focused on capitalizing on the current global trends in the rapidly growing energy storage and lighting sectors through the branding, sale and distribution of electronic products, including some under private labels, for residential and commercial markets. Through its licensing and branding partnership with Polaroid for lighting and mobile energy storage products, GBT has an immediate focus on launching its line of energy storage products in Europe, North America and internationally. GBT is also pursuing various large global commercial lighting projects.

About LIDL:

Following the opening of the first Lidl branches around Ludwigshafen in the 1970s, expansion into Germany into the late 1980s, and international involvement since the beginning of the 90s, branches now exist in almost all European countries.

Lidl has the largest network of discount grocery stores in Europe, well ahead of all other suppliers.
