(together with Hydro One Limited, "**Hydro One**"), has priced an offering of \$1.05 billion of Medium Term Notes (the "**Notes**") consisting of \$300 million aggregate principal amount of 3.93% Medium Term Notes, Series 53, due 2029, \$450 million aggregate principal amount of 4.16% Medium Term Notes, Series 54, due 2033 and \$300 million aggregate principal amount of 4.46% Medium Term Notes, Series 55, due 2053. The offering represents Hydro One's first issuance of medium term notes pursuant to its Sustainable Financing Framework (the "**Framework**") dated January 23, 2023 and the largest aggregate amount issuance of sustainable bonds by a corporate issuer to date in Canada. Hydro One Inc. intends to allocate an amount equal to the net proceeds from the sale of the Notes to finance and/or refinance, in whole or in part, new and/or existing eligible green and social projects that meet the eligibility criteria described in the Framework. Although Hydro One Inc. intends to allocate an amount equal to the net proceeds from the sale of the Notes to eligible projects under the Framework, it will not be an event of default under the trust indenture governing the Notes if the company fails to do so.

The Notes are being offered on a best efforts basis in each of the provinces of Canada through a syndicate of agents. The Notes are being offered pursuant to a short form base shelf prospectus of Hydro One Inc. dated June 3, 2022.
