NOBELIUM TECH CORP. ANNOUNCES PROPOSED QUALIFYING TRANSACTION

TORONTO, ONTARIO -- (CNW – August 24, 2017) – NOBELIUM TECH CORP. (“Nobelium” or the “Company”) is pleased to announce that it has entered into a non-binding letter of intent dated August 22, 2017 (the “Letter of Intent”) with NextBlock Global Limited (“NextBlock”) to combine their business operations. The proposed combination will result in a reverse takeover of Nobelium by NextBlock and its shareholders. Nobelium will change its name to NextBlock Global Limited upon closing.

Nobelium is a Capital Pool Company (“CPC”) and intends the Transaction to constitute its Qualifying Transaction under the policies of the TSX Venture Exchange (the “Exchange”). The Transaction will be an arm’s length transaction.

The Transaction

NextBlock and Nobelium will enter into a business combination by way of a share exchange, merger, amalgamation, arrangement or other similar form of transaction (the “Transaction”). The final structure of the Transaction is subject to receipt of tax, corporate and securities law advice for both NextBlock and Nobelium.

Pursuant to the Transaction, the holders of the issued and outstanding common shares of NextBlock (the “NextBlock Common Shares”) shall receive for each Nextblock Common Share so held the price per share at which the NextBlock Common Shares are issued pursuant to the Private Placement, as defined below, divided by the deemed price per common share of Nobelium, which will be equal to (i) \$600,000 divided by (ii) the number of issued and outstanding Nobelium common shares at the closing of the Transaction (the “Exchange Ratio”).

Sponsorship of a Qualifying Transaction of a CPC is required by the Exchange unless exempt in accordance with Exchange policies or waived by the Exchange. The Transaction may require sponsorship and Nobelium plans to provide a news release update should a sponsor be retained. Nobelium’s shares have been halted from trading as a result of the announcement of the Transaction. Nobelium expects that trading in its common shares will remain halted pending closing of the Qualifying Transaction. The common shares of Nobelium may trade sooner, only upon Exchange approval and the filing of required materials with the Exchange as contemplated by Exchange policy.

Completion of the Transaction is subject to a number of conditions including, but not limited to, Exchange acceptance and if applicable pursuant to Exchange requirements, shareholder approval. Where applicable, the Transaction cannot close until the required shareholder approval is obtained. There can be no assurance that the Transaction will be completed as proposed or at all. Investors are cautioned that, except as disclosed in the management information circular or filing statement to be prepared in connection with the Transaction, any

information released or received with respect to the Transaction may not be accurate or complete and should not be relied upon. Trading in the securities of a CPC should be considered highly speculative.

Private Placement

In conjunction with, or prior to the closing of the Transaction, NextBlock expects to complete a private placement of NextBlock Common Shares to raise gross proceeds of a minimum of \$10 million dollars (the "Private Placement"). Such NextBlock Common Shares will automatically convert into Nobelium common shares following closing of the Transaction, subject to adjustment in accordance with the Exchange Ratio.
