ABOUT VICTORY CAPITAL CORP. AND CURRENT NATURE OF OPERATIONS

Victory was incorporated on November 6, 2009 pursuant to the Business Corporation Act (Ontario) and is classified as a Capital Pool Corporation ("CPC") as defined in Policy 2.4 of the TSX Venture Exchange Inc. ("the Exchange") Corporate Finance Manual. The principal business of Victory will be the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. A Qualifying Transaction is defined as a transaction where a CPC acquires significant assets, other cash, by way of purchase, merger amalgamation, or another such arrangement with another company or by other means. Victory is currently in the process of identifying potential acquisitions but has not yet entered into a Qualifying Transaction.

The Company proposes to identify and evaluate businesses and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and in the case of a non-arm's Length Qualifying Transaction will also be subject to "Majority of the Minority Approval" as defined pursuant to the CPC Policy. The Company has not conducted commercial operations other than to begin the process of identifying potential acquisitions with a view to completing a Qualifying Transaction.

Until completion of a Qualifying Transaction, the Company will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a Qualifying Transaction. With the consent of the Exchange, this may include the raising of additional funds in order to finance an acquisition. Except as described under "Restrictions on Use of Proceeds" and "Private Placements for Cash", the funds raised pursuant to the Offering and any subsequent financing will be utilized only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

Although the Company has commenced the process of identifying potential acquisitions with a view to completing the Qualifying Transaction, the Company has not yet entered into an Agreement in Principle as of the date of this MD&A.

The Company may use cash, secured or unsecured debt, issuance of treasury shares, public financing of debt or equity, or a combination of these, for the purpose of financing its proposed Qualifying Transaction. A Qualifying Transaction financed by the issue of treasury shares could result in a change in the control of the Company and may cause the shareholders' interest in the Company to be further diluted.

The board of directors of the Company must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the directors must act honestly and in good faith with a view to the best interests of the Company and must exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

The acquisition of, or participation in, companies, assets or businesses may arise in numerous ways. The Company has not established pre-determined criteria for such participations or acquisitions other than sound business fundamentals. Such fundamentals include, but are not limited to: (i) the ratio of risk to reward; (ii) the potential for growth; (iii) the length of the payout period; and (iv) the rate of return.

The Company has not commenced commercial operations and has no assets other than a minimum amount of cash.
